Independent Country-by-Country Reporting Assurance Report to the Members of PVM Oil Futures Limited

We have been engaged by the Directors of PVM Oil Futures Limited ("the Company") to conduct a reasonable assurance engagement relating to the Country-by-Country Reporting ("CBCR") disclosures set out within for the year ended 31 December 2019.

In our opinion, the Country-by-Country Reporting disclosures for the year ended 31 December 2019 have been prepared, in all material respects, in accordance with the Capital Requirements (Country-by-Country Reporting) Regulations 2013.

Respective responsibilities of the directors and assurance provider

The Directors are responsible for preparing the CBCR disclosures in accordance with the Capital Requirements (Country-by-Country Reporting) Regulations 2013.

Our responsibility is to express a conclusion on the CBCR disclosures based on our procedures. We conducted our engagement in accordance with International Standard on Assurance Engagements ISAE 3000 *Assurance Engagements Other than Audits or Reviews of Historical Financial Information*, issued by the International Auditing and Assurance Standards Board (IAASB), in order to state whether the CBCR disclosures have been prepared, in all material respects, in accordance with the Capital Requirements (Country-by-Country Reporting) Regulations 2013.

We apply International Standard on Quality Control 1 and, accordingly, maintain a comprehensive system of quality control including documented policies and procedures regarding compliance with ethical requirements, professional standards and applicable legal and regulatory requirements.

Our engagement provides reasonable assurance as defined in ISAE 3000. Reasonable assurance means a high but not absolute level of assurance. Absolute assurance is very rarely attainable as a result of factors such as the following: the use of selective testing, the inherent limitations of internal control, the fact that much of the evidence available to us is persuasive rather than conclusive and the use of judgement in gathering and evaluating evidence and forming conclusions based on that evidence.

Our procedures consisted primarily of:

- obtaining an understanding of the Company's business, including the design and implementation of internal control relevant to collection of the information used to prepare the CBCR disclosures. This included discussions with Company management responsible for the CBCR disclosures;
- considering the risk of material misstatement of the CBCR disclosures; and
- testing underlying data on a sample basis

Our report is made solely to the company's members, as a body, in accordance with ISAE 3000. Our work has been undertaken so that we might state to the Company those matters we are required to state to them in this report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the company's members as a body for our work, this report, or for the conclusions we have formed.

Independence

In conducting our engagement, we have complied with the Financial Reporting Council's ('FRC's') Ethical Standard and the ICAEW Code of Ethics.
