

# Introducing **ICAP** SpotMatch

## Enhance Your Execution

ICAP SpotMatch is a real time e-auction solution that provides a broad liquidity pool for our clients at the daily FX Benchmarks.

You benefit from:

- Market-Leading Infrastructure**

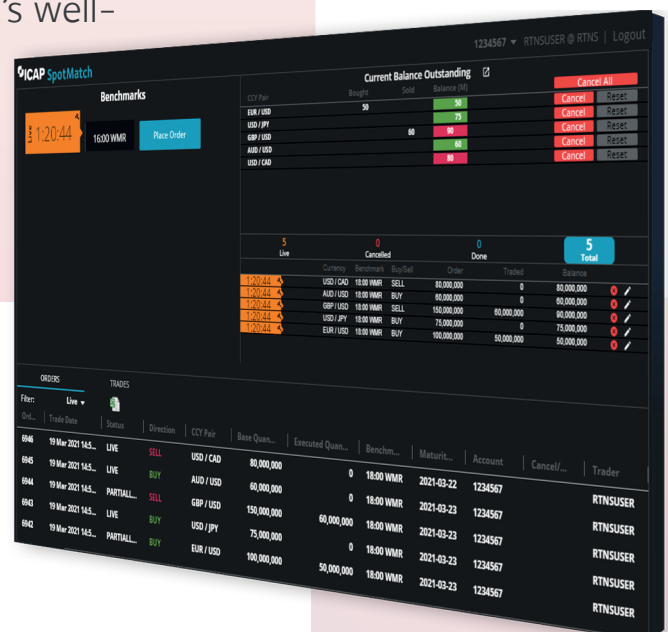

A new technology offering, partnering a ring-fenced electronic service alongside our extensive relationship focused voice service.

- Robust Compliant Protocols**

ICAP SpotMatch provides clients with total anonymity and combines a robust e-solution with an intuitive administration module, delivering a fresh alternative to enhance your execution experience.

- A Leading Sales Franchise**

Ability to offset risk via exposure to ICAP's well-established customer base.

## How it works?

Market Participants can submit orders into the ICAP SpotMatch platform based on “First in First Out” methodology and credit.

### The service provides for:

- ✓ Pre-set scheduling of auction events, with agreed start/finish time.
- ✓ Minimal screen real-estate required.
- ✓ Access to a completely anonymous central pool of liquidity across the most utilised and most accessed FX Benchmarks.
- ✓ Participants can track the progress of their orders via a pop out monitor with the ability to cancel and modify orders.
- ✓ Successful matches will be confirmed immediately with the rates and counterparties populated to the trades post benchmark publication. All rates are sourced independently.
- ✓ A credit matrix which governs the trading relationships between all parties.

## Multiple Connectivity Options

- FIX APIs enabling seamless execution.
- GUI access available with full functionality maintained.
