

TP ICAP records most successful GlobalCapital Derivatives Awards ever with 13 wins

The Group's success includes the '*Global Inter-Dealer Broker of the Year*' award

13 October 2022 – London:

TP ICAP, a leading global markets infrastructure and data solutions provider, is proud to announce it has won 13 awards* at the GlobalCapital Derivatives Awards 2022.

The catalogue of wins included *Global Inter-Dealer Broker of the Year*, making it the third consecutive year the Group has picked up the award.

In a year where GlobalCapital introduced new categories across the Global and Americas regions, TP ICAP built on its past successes in this year's awards, held at Carlton Tower Jumeirah Hotel in London.

Of the new awards introduced, TP ICAP won *Weather Derivative Provider of the Year* in both the Global and Americas awards. In addition, the Group was again named *America's Interdealer Broker of the Year*. Between Tullett Prebon and ICAP's success, TP ICAP won in every derivatives market category, with individual honours coming in Equities, FX, Rates and Credit categories.

Parameta Solutions was also named *Americas Data & Analytics Vendor of the Year* - Parameta's first GlobalCapital success.

Nicolas Breteau, Chief Executive Officer, TP ICAP, said: "We are focused on driving innovation across our business to deliver superior liquidity and data solutions to our clients. Our success at this year's GlobalCapital Derivatives Awards reflects our good progress. On behalf of the Group, I would like to thank our clients for their ongoing support and, of course, our teams for their continued hard work."
