IGDL has amended the IGDL Discount Structure Appendix to make the following changes:

- Revised the IGDL Discount Structure to include a monthly ranked discount to apply to the following month's total gross brokerage.
- Revised the "Key Notes" for monthly ranked discounts on IGDL voice brokerage invoices.

For Volume Discounts on Voice Brokerage:

1. Discounts are determined by combining New York and London gross voice execution brokerage and applied to activity during both London and New York hours as a rebate at the end of the month.
2. “Gross voice execution brokerage” means in respect of a Participant (i) brokerage accrued by the participant for all transactions executed using Voice RFQ and (ii) all transaction fees accrued by the participant for all transactions transacted using Broker-entered orders, including brokerage on Clearing House Basis Swaps transacted using Voice RFQ or Broker-entered orders.
3. Thresholds that determine the amount of the discount are calculated based on, and discounts are applied to, the gross voice execution brokerage accrued by a participant for the current month. Voice volume discounts are progressive and apply to the amount accrued over the threshold of the respective tier reached.
4. Monthly Ranked Discount only eligible to customers paying over \$300,000 in a given month. On a per month basis, the IGDL SEF customer with the most gross voice execution brokerage during both London and New York hours will receive a 30% discount on their gross brokerage total for the following month. Receipt of the Monthly Ranked Discount precludes customer from also receiving the Progressive Brokerage Discount in the month in which it is applied.

For i-Swap fees (as described on the Trade Execution Fee Card tab of the IGDL SEF Fee Card):

1. Calculation of “Total Monthly Electronic Fees” for i-Swap are the greater of the following:
 - a. “Trader-entered” transaction fees plus “Broker-entered” transaction fees²; or
 - b. Minimum TPH i-Swap Front End User Minimum Fee³
2. The i-Swap invoice will reflect the Total Monthly Electronic Fees (as defined above) less any Broker-entered transaction fees.

² Trader-entered and Broker-entered are defined on the “Notes” tab of the ICAP Global Derivatives Limited Trade Execution Fee Card. This calculation includes fees for Clearing House Basis Swaps.

³ See Minimum Fees on the Fees tab of the IGDL SEF Fee Card
