Re: ICAP Global Derivatives Limited – Regulation 40.6 Rule Certification – Amended Rulebook

Ladies and Gentlemen:

Pursuant to Section 5c(c) of the Commodity Exchange Act (the “Act”) and Section 40.6(a) of the regulations of the Commodity Futures Trading Commission (the “Commission”), ICAP Global Derivatives Limited (“IGDL” or the “SEF”) hereby notifies the Commission that it has amended its Rulebook, specifically Rule 305(c) and the Definitions. The Rulebook has been amended as a result of the experience of IGDL since SEF trading began and as a result of comments from IGDL participants.

A concise explanation and analysis of the amendments to the Rulebook and their compliance with applicable provisions of the Act and the Commission’s regulations thereunder is attached hereto as Exhibit A. A clean copy of the amended Rulebook (exclusive of confidential Chapter 9) is attached hereto as Exhibit B and a copy of the Rulebook (exclusive of confidential Chapter 9) marked to show changes against the version submitted to the Commission in IGDL-2015-R-10A is attached hereto as Exhibit C.

The amendments will become effective on September 3, 2015. IGDL certifies that the amendments comply with the requirements of the Commodity Exchange Act and the rules and regulations promulgated thereunder. IGDL has reviewed the swap execution facility core principles (“Core Principles”) as set forth in the Commodity Exchange Act and has determined that the amendments impact the Core Principles identified in Exhibit A.

IGDL is not aware of any substantive opposing views expressed with respect to this filing and certifies that, concurrent with this filing, a copy of this submission was posted on the IGDL website and may be accessed at: <http://www.icap.com/what-we-do/global-broking/sef.aspx>.

Please contact the undersigned at (212) 341-9193 with any questions regarding this matter.

**Exhibit A***Explanation and Analysis*

1. Rule 305 sets forth the execution methods for Required Transactions. Rule 305(c) has been amended to establish procedures that would, unless otherwise instructed by a Participant, have all responses to Voice RFQs that are not filled be automatically entered as resting orders on the Order Book by the Execution Specialist that handled the Voice RFQ. These types of orders are referred to as "Managed Orders" and Execution Specialists would be required by the rule to cancel the Managed Order upon instruction by the relevant Participant or if the Participant is filled in the same instrument in a separate RFQ. A Managed Order is also required to be canceled when market conditions have changed sufficiently since the original Voice RFQ and certain conditions enumerated in Rule 305(c) have been met, including that the Managed Order must rest on the Order Book for at least 15 seconds and the equilibrium price of the relevant Contract has materially changed. These procedures requiring the automatic cancellation of a Managed Order are intended to prevent a Participant from having an unwanted transaction executed. Accordingly, if the Execution Specialist fails to cancel the Managed Order as required by Rule 305(c)(4)(iii), the failure would be considered an error of the SEF and the transaction may be cancelled in accordance with Rule 315(a).

The amendments are consistent with Core Principle 2 and Commission Regulation 37.9.

- (f) IGDL will promptly report any action taken hereunder to the Commission and the FCA and explain the decision-making process, the reasons for the exercise of emergency authority and how any conflicts of interest were addressed. Any emergency Rule or Rule amendment shall be filed with the Commission in accordance with Part 40 of the Commission Regulations under the Act.
- (g) In exercising its authority under this Rule 104, IGDL shall, in its reasonable discretion, and where appropriate, permitted by Applicable Law and not precluded by exigent circumstances, consult and coordinate with DCOs, other swap execution facilities, boards of trade, relevant Participants, and other parties in considering what actions to take hereunder.

**Rule 108 Intellectual Property**{ TC "Rule 108. Intellectual Property" \f C \l "2" }

(a) The Systems are the exclusive Intellectual Property of IGDL or its affiliates or licensors. Participants have no access to the Systems and no rights with respect to the Systems, except as expressly granted by IGDL. Subject to any required approvals from any applicable Regulatory Agency, IGDL shall have the right to modify at any time a System's functionality, configuration, appearance, content and the Swaps made available for trading via a System.

(b) Upon granting Trading Privileges to a Participant, IGDL grants to that Participant a revocable, non-exclusive, non-transferable license to access and use the Systems in accordance with the Rules for the sole purpose of (i) entering into Swaps via the Systems, and (ii) receiving and transmitting information generated by or made available through the Systems from time to time. Such license shall terminate when the Participant's Trading Privileges terminate.

(c) *Intellectual Property Rights*

(1) By becoming a Participant, each Participant acknowledges and agrees that the Intellectual Property Rights in the Systems are a valuable asset of IGDL or its affiliates or licensors or their respective successors. Each Participant shall protect and safeguard the Intellectual Property Rights in and to the Systems by using the same degree of care that the Participant generally uses to protect its own Intellectual Property Rights and business assets, but in any event with no less than a reasonable degree of care.

(2) Each Participant shall promptly notify IGDL upon becoming aware of any infringement or misappropriation of any Intellectual Property Rights of IGDL or its affiliates or licensors. Each Participant shall comply with all reasonable requests made by IGDL (at IGDL's reasonable expense) to protect and enforce the Intellectual Property Rights of IGDL or its affiliates or licensors in the Systems.

(d) *Restrictions*

(1) Subject to Rule 202, a Participant shall not sell, lease, license, transfer, provide or otherwise make available to any third party (including an affiliate of Participant), any form of access to or use of the System.

(2) A Participant shall not alter, enhance, make derivative works of, download to computer, decompile, disassemble or reverse engineer all or any part of the Systems except solely to the extent (i) expressly required by Applicable Law or permitted by the Rules, or (ii) necessary in direct connection with support functions related to transactions on or subject to the Rules.

(e) Notwithstanding Rule 102, IGDL represents and warrants that it owns or is licensed all Intellectual Property Rights in or to the Systems.

(f) *Indemnities*

(1) IGDL shall defend, indemnify and hold harmless each Participant and its officers, directors, employees and agents (each a "**Participant Indemnified Party**") from and against all Losses as a result of any third party claim or proceeding of any nature ("**Proceeding**") against a Participant Indemnified Party determining that the Systems (other than the EBS NDF System, which includes but is not limited to the technology known as EBS Dealing Service and Brokernet), or the use thereof by the Participant Indemnified Party as authorized hereunder, violates any Intellectual Property Rights of any third party provided that such Losses do not result from (i) any Participant Indemnified Party's fraud, gross negligence or willful misconduct; (ii) violation of

Applicable Law by the Participant Indemnified Party; or (iii) the Participant's breach of the Rules.

- (2) Each Participant shall defend, indemnify and hold harmless IGDL and each ICAP Party (each an "IGDL Indemnified Party") from and against any Losses to which any IGDL Indemnified Party may become subject, insofar as such Losses arise out of or in connection with, or are based upon any Proceeding against an IGDL Indemnified Party that arises out of or relates to any access, use or misuse of the Systems by the Participant or by any person accessing the Systems using the Participant's ID provided that such Losses do not result from (i) an IGDL Indemnified Party's fraud, gross negligence or willful misconduct; (ii) violation of Applicable Law by the IGDL Indemnified Party; or (iii) the IGDL Indemnified Party's breach of the Rules.
- (3) If a Proceeding is commenced against a party entitled to indemnification under this Rule 108 (the "Indemnified Party"), notice shall be given to the party obligated to provide such indemnification (the "Indemnifying Party") as soon as reasonably practicable. The Indemnifying Party shall be entitled to take control of the Proceeding and any settlement of it, and the Indemnified Party shall give the Indemnifying Party, at the Indemnifying Party's reasonable cost, all reasonable assistance in relation to the Proceeding.
- (4) Notwithstanding anything to the contrary contained in Rule 102 or a System Protocol, no limitation or exclusion of liability shall apply with respect to any direct losses or claims based on confidentiality, or to IGDL's intellectual property infringement indemnification obligations set forth in this Rule 108.

(g) *Confidentiality*

Each Participant shall keep confidential all Confidential Information of IGDL or IGDL's affiliates or licensors, both during the term and after termination of the license granted by this Rule 108. Each Participant may disclose Confidential Information to its professional advisers but otherwise may only disclose Confidential Information to those of its employees and representatives who need to know such Confidential Information for the purposes of exercising or performing the rights and obligations of Participant under the Rules and have been informed of the confidential nature of the Confidential Information divulged. No Participant will disclose Confidential Information to any third party except as follows: (i) with the consent of IGDL; (ii) as necessary to a DCO of which such Participant is a member or in connection with the clearing of a Swap; (iii) subject to appropriate confidentiality requirements no less stringent than the confidentiality provisions hereunder, to any person providing services to such party relating to transactions on or subject to the Rules; or (iv) to IGDL's Regulatory Services Provider.

(h) Each Participant shall maintain commercially available virus checking software to protect itself and the Systems from viruses, notify IGDL immediately of any defect in the System or any unauthorized access or change to the System of which the Participant becomes aware and comply with any security measures and procedures for authentication required by IGDL from time to time.

- (1) Subject to the requirements and procedures set forth in this Chapter 2, Trading Privileges will be granted to all applicants from time to time approved by IGDL as eligible to be Trading Privilege Holders, subject to any limitations or restrictions from time to time imposed by IGDL. Trading Privileges are non-transferable (except under certain limited circumstances which must be approved by IGDL), non-assignable and may not be sold or leased. Circumstances under which Trading Privileges may be transferred, subject to IGDL approval, include, for example, transfers due to corporate reorganisations. Each Trading Privilege Holder will have the right to access the Facility (including, subject to the applicable System Protocol, any Trading Platform) including the right to:
  - (i) place Bids/Offers, RFQs and Pre-Arranged Crosses for each of its proprietary accounts;

- (3) In granting Trading Privileges, IGDL may impose such restrictions or limitations as it may deem necessary or appropriate, and in accordance with Applicable Law. IGDL shall apply such restrictions or limitations to applicants in an impartial, non-discriminatory manner, consistent with the Act, Commission Regulations and FCA rules thereunder. IGDL will deny the grant of Trading Privileges where an applicant has failed to meet any requirements for such grant.

##### (b) *Financial Requirements*

- (1) Any person that wishes to have Trading Privileges must be of good financial standing and must, in the opinion of IGDL, have sufficient resources for the role they are to perform, taking into account also the arrangements that have been established to guarantee the adequate settlement of transactions pursuant to Rule 204, and must meet the other financial and related reporting requirements set forth in this Rule 201.

- (3) Each Trading Privilege Holder shall, no less frequently than annually, provide IGDL either with (i) its annual financial report that it provides to the Commission or (ii) a written or electronic representation providing that such Trading Privilege Holder has been, and continues to be as of such date, an "eligible contract participant" as defined in the Act.

- (4) Each Trading Privilege Holder must notify IGDL's Compliance Function immediately upon becoming aware that it fails to satisfy the minimum financial requirements applicable to it.
  - (5) Unless and until a Trading Privilege Holder is able to demonstrate to IGDL that it is in compliance with the minimum financial requirements applicable to it, such Trading Privilege Holder may not engage in any transactions subject to the Rules of the Facility, except for the purpose of closing open positions that were opened on the Facility.
- (c) *Fitness Standards*
- (1) IGDL may deny the grant of Trading Privileges, or may prevent a person from becoming an Authorised Trader or Authorised Trading Firm of a Trading Privilege Holder, if such person:

    - (ii) would bring IGDL or the Facility into disrepute; or
    - (iii) is otherwise not fit and proper to be a Trading Privilege Holder, Intermediary, Authorised Trader or Authorised Trading Firm.
  - (2) IGDL may determine not to permit a Trading Privilege Holder or any Authorised Trader or Authorised Trading Firm of a Trading Privilege Holder to keep its, his or her Trading Privileges or maintain his or her association with a Trading Privilege Holder, as the case may be, if such Trading Privilege Holder, Authorised Trader or Authorised Trading Firm:
    - (i) fails to meet any of the qualification requirements for Trading Privileges or Authorised Trader or Authorised Trading Firm status after such Trading Privileges or Authorised Trader or Authorised Trading Firm status has been approved;
    - (ii) fails to comply with any limitation placed by IGDL on such Trading Privileges or Authorised Trader or Authorised Trading Firm status; or

- (d) IGDL may (i) deny the grant of Trading Privileges, (ii) prevent a person from becoming an Intermediary or Authorised Trader or Authorised Trading Firm, and (iii) determine not to permit a Trading Privilege Holder or any Intermediary or Authorised Trader or Authorised Trading Firm to keep its, his or her Trading Privileges or maintain his, her or its association with a Trading Privilege Holder, as the case may be, if such Trading Privilege Holder, Intermediary, Authorised Trader or Authorised Trading Firm causes or would cause IGDL to be in violation of Applicable Law.

(e) *Consent to Facility Rules*

Prior to obtaining access to the Facility and each time a Participant or Customer initiates or executes a transaction on the Facility, directly or through an Intermediary, each Participant and each Customer shall be deemed to have expressly consented to the jurisdiction of the Facility and agreed to be bound by and comply with the Rules. - (3) Each prospective Authorised Trading Firm, or the Trading Privilege Holder on its behalf, must provide a written or electronic representation, prior to being granted access to the Facility, that the Authorised Trading Firm qualifies as (x) an “eligible contract participant” as defined in the Act, and (y) an Eligible Counterparty, and that it has all registrations, licenses and consents required by its constituent documents and Applicable Law to transact in Contracts. The foregoing representation may be provided directly to IGDL by the Authorised Trading Firm in a form provided by IGDL or, alternatively, the Trading Privilege Holder may provide IGDL evidence satisfactory to IGDL that the Authorised Trading Firm has provided such consents, agreements and representations to the Trading Privilege Holder.
- (4) DMA to the Facility by an Authorised Trader or an Authorised Trading Firm shall be granted or denied in the sole discretion of IGDL. IGDL will notify a Trading Privilege Holder of its approval or disapproval of the designation of an Authorised Trader or Authorised Trading Firm for DMA. IGDL may, in its sole discretion, revoke or suspend the designation of an Authorised Trader or Authorised Trading Firm for DMA, and shall notify the Trading Privilege Holder of such action in accordance with procedures established by IGDL.

(c) *Responsibilities to IGDL*

- (1) Each Trading Privilege Holder shall notify IGDL in writing if its relationship with an Authorised Trader or Authorised Trading Firm has been terminated, and such Trading Privilege Holder may at any time revoke any authorisation granted by it to any Authorised Trader or Authorised Trading Firm by providing written notice of such revocation to IGDL.
- (2) By permitting any of its Authorised Traders and/or Authorised Trading Firm to access and use the Facility (including any Trading Platform) from any jurisdiction or to act as an Intermediary for trades on behalf of Customers located in any jurisdiction, each Trading Privilege Holder represents and warrants that each such access to or use of the Facility, or action as an Intermediary, does not violate any law applicable to the Trading Privilege Holder, the Authorised Trader, the Authorised Trading Firm or, to such Trading Privilege Holder's knowledge, IGDL.

(d) *Intermediation*

- (1) A Participant may not act as an Intermediary for any other entity or person, unless the Trading Privilege Holder does so in accordance with Applicable Law.
- (2) A Trading Privilege Holder may not transact as an Intermediary for any Customer unless the Trading Privilege Holder has submitted a signed representation to IGDL that each of its Customers is an "eligible contract participant" as defined in the Act and as an Eligible Counterparty.

**Rule 203 Financial Integrity**{ TC "Rule 203. Financial Integrity" \f C \ "2" }

(a) Each Trading Privilege Holder, Authorised Trading Firm and Customer must be an "eligible contract participant" as defined in the Act and an Eligible Counterparty (i) prior to obtaining access to the Facility, and (ii) at the time that such person enters into each transaction on the Facility or subject to the Rules.

(b) For Cleared Contracts:

- (1) each Trading Privilege Holder or Authorised Trading Firm transacting on the Facility as a principal is required to demonstrate to IGDL, with appropriate documentary evidence as required by IGDL from time to time, that such Trading Privilege Holder or Authorised Trading Firm is a Clearing Firm or that it has clearing arrangements in place with a Clearing Firm, including having the Clearing Firm Representation required by Rule 204 (f); and
- (2) each Trading Privilege Holder acting as an Intermediary shall confirm that each of its Customers has clearing arrangements in place with a Clearing Firm and obtain from its Customers any documentary evidence as required by IGDL from time to time to that effect, including any Clearing Firm Representation required by Rule 204 (f). The Trading Privilege Holder shall provide such documentary evidence to IGDL.

(c) For Contracts listed on the Facility as bilateral Contracts, each Trading Privilege Holder, Authorised Trading Firm or Customer that enters into such Contracts as a principal must undergo such credit checks and provide such credit information as the Facility may require from time to time.

**Rule 204 Clearing**{ TC "Rule 204. Clearing" \f C \ "2" }

(a) All Contracts executed on the Facility that are subject to mandatory clearing under Section 2(h) of the Act must be cleared through a DCO by a Clearing Firm. Any other Contracts executed on the Facility may be cleared at the discretion of the parties to such transaction; provided that such Contracts are able to be cleared through a DCO by a Clearing Firm.

(b) *Pre-Execution Credit Check / Risk Screening.*

- (1) In advance of submitting each Bid/Offer or Pre-Arranged Cross to the Facility for any Cleared Contract, each Trading Privilege Holder or Authorised Trading Firm shall identify the Clearing Firm to which any resulting transaction will be submitted for clearing at the relevant DCO and:
  - (i) if acting as principal, shall ensure that it has sufficient credit with such Clearing Firm for the resulting transaction and that the resulting transaction satisfies such Clearing Firm's Risk-Based Limits; and
  - (ii) if acting as an Intermediary, other than with respect to DMA, shall confirm that its Customer has sufficient credit with the Customer's Clearing Firm for the resulting transaction and that the resulting transaction satisfies such Clearing Firm's Risk-Based Limits.

In the event that there is insufficient credit or the transaction does not satisfy a Clearing Firm's Risk-Based Limits, the Trading Privilege Holder or Authorised Trading Firm may not submit such Bid/Offer or Pre-Arranged Cross to the Facility.

- (2) Each Clearing Firm that provides a Clearing Firm Representation for a Participant or Customer may notify IGDL of the Risk-Based Limits it has established for such Participant or Customer, and such Risk-Based Limits shall become effective upon acknowledgment of receipt by IGDL. Any change to such Risk-Based Limits shall become effective only upon acknowledgment of receipt by IGDL.
- (c) A Clearing Firm that seeks to effect transactions on the Facility for its own account or the account of any Customer must be a Trading Privilege Holder.
- (d) IGDL may share information with any DCO that would assist such DCO in evaluating and monitoring a Clearing Firm's compliance with these criteria. A Clearing Firm agrees to cooperate with IGDL and each relevant DCO in any such monitoring.
- (e) Clearing Firms shall clear Cleared Contracts in accordance with all applicable Rules and DCO rules.
- (f) *Clearing Firm Representation*
- (1) Each Trading Privilege Holder or Authorised Trading Firm that is not a Clearing Firm and is transacting in Cleared Contracts on the Facility as a principal shall obtain a representation from a Clearing Firm, in form and substance satisfactory to, and approved by, IGDL (a "**Clearing Firm Representation**"). Under such representation, the Clearing Firm must accept for clearing all Cleared Contracts of each Trading Privilege Holder or Authorised Trading Firm for which it clears Cleared Contracts, subject to any Risk-Based Limits that are in effect pursuant to Rule 204 (b)(2). Where a Trading Privilege Holder or Authorised Trading Firm uses the services of multiple Clearing Firms, a Clearing Firm shall be responsible only to the extent that it has been designated by such Trading Privilege Holder or Authorised Trading Firm to clear a particular Cleared Contract.
  - (2) Each Trading Privilege Holder acting as Intermediary shall obtain from the Customer a Clearing Firm Representation from a Clearing Firm pursuant to which the Clearing Firm accepts for clearing all transactions in Cleared Contracts entered into by the Customer, subject to any Risk-Based Limits that are in effect pursuant to Rule 204 (b)(2). Where a Customer uses the services of multiple Clearing Firms, a Clearing Firm shall be responsible only to the extent that it has been designated by such Customer to clear a particular Cleared Contract.
  - (3) Every Contract that is subject to a Clearing Firm Representation and results from a Bid/Offer or Pre-Arranged Cross that is within any Risk-Based Limits that are in effect pursuant to Rule 204 (b)(2) is deemed accepted for clearing by the Clearing Firm upon execution.
  - (4) A Clearing Firm may at any time (but on prior written notice to IGDL) revoke any Clearing Firm Representation made by it to a Trading Privilege Holder, Authorised Trading Firm or Customer (as applicable) in accordance with paragraph (1) and/or (2) above, by providing prior written notice of such revocation to IGDL. The Clearing Firm Representation will remain in effect for all Contracts for which Bids/Offers or Pre-Arranged Cross were submitted to a Trading Platform prior to IGDL's acknowledgment of the revocation, which IGDL shall undertake to effectuate as promptly as practicable.
  - (5) Each Trading Privilege Holder, Authorised Trading Firm or, if applicable, Customer must assist its Clearing Firm and the DCO in the clearing of its Cleared Contracts.

- (6) Upon notice that a Clearing Firm has revoked any authorisation granted and Clearing Firm Representation made by it to a Trading Privilege Holder, Authorised Trading Firm or Customer pursuant to this Rule 204 (f), the right of such Trading Privilege Holder, Authorised Trading Firm or Customer (as applicable) to enter into Cleared Contracts will be automatically terminated, and such Trading Privilege Holder, Authorised Trading Firm or Customer must obtain another Clearing Firm Representation from a Clearing Firm before the Trading Privilege Holder's, Authorised Trading Firm's or Customer's right to access to trade Cleared Contracts via the Facility will be reinstated.
- (g) A DCO may be given access to the Facility for the purpose of obtaining any information required by the DCO to clear contracts, including, without limitation, real-time data regarding Bids/Offers, Pre-Arranged Crosses and the execution of transactions. IGDL may impose such restrictions on a DCO's access that it determines, in its sole discretion, are necessary and appropriate.
- (h) *Failure to Clear*
- (1) Subject to a Clearing Firm's obligation to accept for clearing all Contracts resulting from Bids/Offers or Pre-Arranged Crosses that satisfy the Risk-Based Limits in effect for a Participant or Customer, any Cleared Contract, including one leg of a Package Transaction, that is rejected for clearing by a Clearing Firm or DCO for any reason, including an error by IGDL in permitting a Bid/Offer or Pre-Arranged Cross to be made that did not satisfy the Risk-Based Limits in effect at the time the Bid/Offer or Pre-Arranged Cross was made, shall be void *ab initio* and will be cancelled by IGDL. For the avoidance of doubt, any component leg of a Package Transaction that was accepted for clearing will not be affected by the rejection of another leg of the same Package Transaction.
  - (2) Any Contract, including any component leg of a Package Transaction, that was executed on the Facility without the intent to be cleared, but later determined by the parties to the transaction to be cleared, will not be void if rejected for clearing by a DCO to which the Contract or component leg of the Package Transaction was submitted.
  - (3) In the event a Cleared Contract, including one leg of a Package Transaction, is cancelled by IGDL pursuant to this Rule 204 (h), IGDL will report such cancellation to the relevant SDR pursuant to Part 43 of the Commission Regulations.
  - (4) Any transaction cancelled under this Rule 204 (h) (except for transactions rejected by a DCO for credit reasons) may be re-executed pursuant to the procedures set forth in Rule 315 (i).
- (i) **[NOT USED]**
- (j) *FICC Clearing Member Representation*
- (1) Each Trading Privilege Holder that is not a FICC Clearing Member and is transacting in the Swap component of a U.S. Dollar Swap Spread on the Facility as a principal shall provide evidence, in form and substance satisfactory to, and approved by, the Facility that a FICC Clearing Member will accept for clearing all U.S. Treasury Security components of a U.S. Dollar Swap Spread executed on the Facility prior to such time as the Facility acknowledges withdrawal of such obligation pursuant to Rule 204 (j)(3) (a "**FICC Clearing Member Representation**").
  - (2) Each Trading Privilege Holder acting as Intermediary shall obtain from the Customer evidence of a FICC Clearing Member Representation with respect to all U.S. Treasury Security components of a U.S. Dollar Swap Spread executed on the Facility for such

- (3) A Trading Privilege Holder, on its own behalf or on behalf of its Customer, as the case may be, may at any time withdraw any FICC Clearing Member Representation upon prior written notice of such withdrawal to the Facility and acknowledgement of such withdrawal by the Facility.
- (4) Each Trading Privilege Holder or, if applicable, Customer must assist its FICC Clearing Member and FICC in the clearing of its Cleared Treasury Securities.
- (5) Upon the withdrawal of a FICC Clearing Member Representation by a Trading Privilege Holder pursuant to Rule 204 (j)(3), the right of such Trading Privilege Holder or its Customer (as applicable) to enter into the Swap component of U.S. Dollar Swap Spreads will be automatically terminated, and such Trading Privilege Holder (on its own behalf, or on behalf of its Customer, as the case may be) must provide new evidence of a FICC Clearing Member Representation from a FICC Clearing Member before the Trading Privilege Holder's or Customer's right to enter into the Swap component of U.S. Dollar Swap Spreads via the Facility will be reinstated.
- (6) Each Participant or, where a transaction is on behalf of a Customer, the relevant Customer, is obligated to settle all U.S. Treasury Security components of a U.S. Dollar Swap Spread where the Swap component is traded on the Facility. Any failure to settle such U.S. Treasury component shall be a Violation; provided that, in the event FICC rejects such U.S. Treasury Security for clearing due to operational error beyond the control of the relevant Participant or Customer, the failure to settle such U.S. Treasury component shall not be a Violation.

(k) *Breakage Agreements Prohibited.* Participants and Customers are prohibited from requiring a Breakage Agreement from any other Participant or Customer as a condition of trading with that other Participant or Customer.

**Rule 205 Application for and Grant of Trading Privileges**{ TC "Rule 205. Application for and Grant of Trading Privileges" \f C \ "2" }

Each applicant will promptly update the application materials if any of the information provided therein becomes inaccurate or incomplete after the date of submission and prior to any approval of the application. IGDL will act upon, and approve or disapprove, any such application without unreasonable delay.

(b) Upon submission of an application and satisfaction of the requirements and procedures set forth in this Chapter 2, and approval by IGDL, a person applying for Trading Privileges will be granted Trading Privileges. (c) Any applicant who has been denied Trading Privileges or Authorised Trader or Authorised Trading Firm status with a Trading Privilege Holder, and any Trading Privilege Holder or Authorised Trader or Authorised Trading Firm of a Trading Privilege Holder who is not permitted to keep its, his or her Trading Privileges or maintain his or her status as an Authorised Trader or Authorised Trading Firm may request an appeal of IGDL's decision pursuant to the procedures set forth in Rule 205 (e). No determination of IGDL to discontinue a person's Trading Privileges or Authorised Trader or Authorised Trading Firm status will take effect until the review procedures hereunder have been exhausted or the time for review has expired.

(d) Any applicant to become a Trading Privilege Holder who has been denied Trading Privileges pursuant to this Rule 205 will not be eligible for re-application during the six months immediately following such denial.

(e) *Appeal of Denial of Trading Privileges or Suspension or Termination of Access*

- (1) If IGDL, pursuant to this Rule, denies an application for Trading Privileges or association with a Trading Privilege Holder as an Authorised Trader or Authorised Trading Firm, or determines not to permit a person to keep its Trading Privileges or maintain its association as an Authorised Trader or Authorised Trading Firm, or suspends or revokes a Participant's or Customer's access to the Facility pursuant to Rule 206 (a) or (e), then, in any such case, the affected applicant, Trading Privilege Holder, Authorised Trader Authorised Trading Firm, Participant or Customer, as the case may be, within seven days after receiving written notice of such decision, may request in writing that IGDL provide the reasons therefor in writing. The Participation Committee may in its discretion schedule a hearing or establish any other process that it believes is necessary and appropriate to consider the request for reconsideration. Any decision by the Participation Committee pursuant to this subparagraph (2) constitutes the final action of IGDL with respect to the matter in question and is not subject to appeal. Any action that may be taken by the Participation Committee under this Rule 205 (e) may be taken by the Board if no Participation Committee has been established.

**Rule 206 Participant and Customer Obligations; Suspension or Termination of Access**{ TC "Rule 206. Participant and Customer Obligations; Suspension or Termination of Access" \f C \l "2" }

(a) Each Participant and Customer must comply with these Rules, applicable provisions of the Act, and relevant Commission Regulations and FCA rules. Such cooperation shall include a duty to provide supplemental verbal or other information if the Participant or Customer learns that a previous response is incomplete or incorrect in any material respect. Additionally, each Trading Privilege Holder must update its email address promptly after any change and update all other material information provided in its application for Trading Privileges within five days after that information has changed. If any Participant or Customer fails to satisfy these obligations, IGDL may revoke or suspend the Participant's or Customer's access to the Facility in full or in part.

(b) Each Participant and Customer consents to allow IGDL to provide all information IGDL has about the Participant or Customer, including the Participant's or Customer's trading activity, to the Regulatory Services Provider, the Commission or any other Regulatory Agency, law enforcement authority, or judicial tribunal, including (as may be required by information sharing agreements or other contractual, regulatory, or legal provisions) foreign regulatory or self-regulatory bodies, law enforcement authorities, judicial tribunals and any other service provider to IGDL solely in connection with the service provider's performance of services to IGDL and subject to the service provider's agreeing to maintain such information as confidential, including that such service provider shall not:

In making this determination, IGDL may consider any relevant factors, including, as applicable, (i) the positions maintained by such Participant, such Participant's Authorised Traders, Authorised Trading Firms and other Customers, (ii) financial information provided by such Participant; and (iii) in consultation and coordination with the relevant DCOs, the level of margin maintained by such Participant at such Participant's Clearing Firm.

**Rule 213 Independent Software Vendors**{ TC "Rule 213. Independent Software Vendors" \f C \l "2" }

IGDL shall provide impartial access to independent software vendors who enter into a development and maintenance agreement with IGDL (an **"ISV Development and Maintenance Agreement"**). Fees will be comparable for independent software vendors receiving comparable access to, or services from, IGDL. Each independent software vendor that enters into an ISV Development and Maintenance Agreement must satisfy the following criteria, which IGDL shall apply in a fair and nondiscriminatory manner:

- (a) If required to be registered in any capacity under Applicable Law, it has duly registered in such capacity and such registration is in effect and has not lapsed or been revoked, suspended or withdrawn;
- (b) It complies with the applicable technical access standards, system compatibility requirements, security protocols and technical specifications for connection to IGDL's electronic systems as may be specified by IGDL from time to time;
- (c) It must ensure that each person that uses the independent software vendors to access the Facility is either a Participant or a Customer of a Participant authorised as such in accordance with these Rules;
- (d) It may provide data obtained from the Facility solely to such Participants or Customers of Participants in connection with their actual and proposed trading activity in Contracts and similar contracts, and shall not provide such data to any other swap execution facility, security-based swap execution facility, designated contract market, national securities exchange or other trading facility or system without the prior written consent of IGDL;
- (e) In the case of any RFQ or Bid/Offer submitted to IGDL through an independent software vendor, the independent software vendor will provide sufficient detail to identify the Participant (and, in the case of a Customer transaction, the Customer) as required by IGDL; and
- (f) It satisfies such other impartial and transparent criteria as IGDL may specify from time to time, subject to Applicable Law.

**Rule 214 Withdrawal of Participant**{ TC "Rule 214. Withdrawal of Participant" \f C \l "2" }

- (a) To withdraw from the Facility, a Participant must notify IGDL in writing, following such procedures as may be established by IGDL.

(b) IGDL may, in its reasonable discretion, refuse to accept a Participant's withdrawal request or may postpone the effective date of withdrawal of a Participant if IGDL considers it necessary for the protection of the Participant's Customers, other Participants or otherwise in the interests of IGDL.

(c) Based on the information provided to, and other information gathered by, IGDL regarding a Participant's withdrawal request, IGDL will determine whether to: (i) accept the withdrawal request; (ii) postpone the effective date of the withdrawal; or (iii) impose any terms or conditions before or after the effective date of withdrawal.

(d) If IGDL refuses to accept a Participant's withdrawal request or postpones the effective date of withdrawal of a Participant, IGDL may waive the obligation to pay some or all of the fees, costs and charges that IGDL would have imposed during the period after the date on which the requested withdrawal would have otherwise taken effect.

(e) When IGDL accepts the withdrawal of a Participant, all rights and privileges of such Participant terminate (including the Trading Privileges and ability to access a Trading Platform). The accepted withdrawal of a Participant shall not affect the rights of IGDL under the Rules or relieve the former Participant of its obligations with respect to previously executed transactions (including any contractual obligations relating to any Contracts entered into by such Participant, or the payment of any fees, costs, or charges incurred prior to such withdrawal). Notwithstanding the accepted withdrawal of a Participant, the withdrawn Participant remains subject to the jurisdiction of the Facility for acts done and omissions made while a Participant, and must cooperate in any proceeding under Chapter 5 as if such withdrawal had not taken place.

(f) Upon delivery of a withdrawal notice:

- (1) Participant shall promptly notify its Authorised Traders and Authorised Trading Firms that they may no longer access the Facility on behalf of Participant, and Participant shall with reasonable diligence, to the extent practicable, terminate electronic access of its Authorised Traders and Authorised Trading Firms to the Facility; and
- (2) IGDL shall suspend Participant's access to the Facility, promptly notify its relevant personnel that Participant and its Authorised Trading Firms may no longer access the Facility on behalf of Participant, and with reasonable diligence, to the extent practicable, terminate electronic access of Participant's Authorised Traders to the Facility.

**CHAPTER 3**{ TC "CHAPTER 3" \f C \l "1" }  
**TRADING PROCEDURES**{ TC "TRADING PROCEDURES" \f C \l "1" }

**Rule 301 Trading Sessions**{ TC "Rule 301. Trading Sessions" \f C \l "2" }

Except as otherwise provided in these Rules or determined by the Board, transactions in any Contract will only be executed during the Trading Session for such Contract. IGDL may from time to time modify its regular Trading Session and establish Trading Sessions, in addition to the regular Trading Sessions, as it deems appropriate.

**Rule 302 Information about, and access to, IGDL's Order Book**{ TC "Rule 302. Information about, and access to, IGDL's Order Book" \f C \l "2" }

(a) Each Authorised Trader and each Trading Privilege Holder that is an individual will receive a user identification (“ID”) and password. As a Trading Privilege Holder or Authorised Trader, such person will be able to access IGDL's Order Book, which functions as an electronic central limit order book, for trading in the Swap asset classes or sub-products approved for such Trading Privilege Holder or Authorised Trader, enter and accept Bids/Offers, and otherwise access information regarding, or perform functions for, such person's account using its ID and password.

(b) For account security and audit trail purposes, each Trading Privilege Holder and Authorised Trader agrees that IGDL may maintain logs of the IP address used to log on to any Order Book.

(c) Each Trading Privilege Holder will be responsible for protecting from improper disclosure its ID and password, and the IDs and passwords of its Authorised Traders. In addition, a Trading Privilege Holder may not knowingly or negligently permit any person not authorised by IGDL and by the Trading Privilege Holder to use the ID and password to access the Order Book. Each Trading Privilege Holder is required to immediately notify IGDL if it knows, or has reason to believe, that its ID and/or password, or the ID and/or password of any Authorised Trader have been disclosed to any person not authorised by IGDL and the Trading Privilege Holder to use such ID and/or password.

(d) Except as otherwise provided in Rule 102.

(1) each Trading Privilege Holder will be liable for all costs and any losses that it may incur from transactions executed on the Facility by any person, authorised or not, using its ID and password or the ID and/or password of any of its Authorised Traders; and

(2) IGDL will not be responsible in any way for unauthorised transactions for a Trading Privilege Holder's account.

(e) Each Trading Privilege Holder is responsible for contracting with a network provider through which it will access the Facility and for having a backup service provider if the Trading Privilege Holder deems it necessary. Each Trading Privilege Holder is also responsible for maintaining a network connection speed adequate for its needs. IGDL will not be responsible in any way for any Bids/Offers delayed or transactions missed or not executed in a timely fashion because of failure of the Trading Privilege Holder's Internet service provider or slowness of its network connection speed. No communication from a Trading Privilege Holder will be deemed to have been received by IGDL until that communication is logged by the Order Book server.

**Rule 303 Required Transactions**{ TC "Rule 303. Required Transactions" \f C \l "2" }

(a) No Participant shall execute a Required Transaction on the Facility other than via the Facility's Order Book or Request for Quote procedures, unless such transaction is a Block Trade, in which case it shall be executed in accordance with Rule 308.

(b) Upon execution of a Required Transaction on the Facility, IGDL will report the transaction to the SDR as soon as technologically practicable.

(c) *Package Transactions.* In accordance with NAL 14-137, a Participant may execute a Swap component of a Covered Package Transaction through any method of execution offered by the Facility, notwithstanding that execution of such Swap component would otherwise be a Required Transaction.

**Rule 304 Permitted Transactions**{ TC "Rule 304. Permitted Transactions" \f C \ "2" }

(a) Participants may enter Bids/Offers for Permitted Transactions directly into the Facility's Order Book for that Contract.

(b) Participants may submit to an Execution Specialist for execution Permitted Transactions negotiated and agreed to outside the Facility's Order Book, at prices mutually agreed, with regard to Contracts that have been designated by IGDL for such purpose (each such transaction a "**Pre-Arranged Cross**"). Pre-Arranged Crosses that are submitted to an Execution Specialist for execution must be submitted by the seller, unless otherwise agreed to by the parties; however, in the case of an Intermediated Transaction, the Participant acting as the Intermediary shall have the obligation to submit the Pre-Arranged Cross to the Execution Specialist. The Participant submitting the Pre-Arranged Cross to the Execution Specialist must provide the information required by Rule 208 (d).

(c) An Execution Specialist may facilitate the negotiation and execution of a Pre-Arranged Cross by two Participants only as follows: (i) upon request of a Participant, the Execution Specialist may, without using any Trading Platform, Order Book or RFQ procedure, contact one or more other Participants to determine interest in a Pre-Arranged Cross, and (ii) the Execution Specialist may, without using any Trading Platform, Order Book or RFQ procedure, communicate information between or among two or more Participants to facilitate the negotiation and execution of a Pre-Arranged Cross.

(d) Upon execution of the Permitted Transaction on the Facility, IGDL will report the transaction to the SDR as soon as technologically practicable.

(e) Each Participant that is party to, or Intermediary in, a Pre-Arranged Cross executed pursuant to section (b) of this Rule 304 must record the following details of the transaction: the Contract (including the Delivery Month) to which such transaction relates; the number of Contracts traded; the price of execution or premium; the identity of the counterparty; and, if applicable, details regarding the Customer for which the transaction was executed, as well as, if applicable, the Underlying Interest and whether the transaction involved a put or a call and the strike price. Upon request by IGDL, such Participant must produce satisfactory evidence, including the transaction information referred to in the preceding sentence that the transaction meets the requirements set forth in this Rule.

(a) *Execution through the Order Book*

(1) A Participant may enter Bids/Offers to transact in Contracts by electronic transmission over a network or through an Execution Specialist. If a Participant submits a Bid/Offer to the Order Book through an Execution Specialist, the Execution Specialist shall provide the Participant with a confirmation that the Bid/Offer was entered into the Order Book as soon as possible after such entry. Neither the Order Book nor an Execution Specialist will disclose the identities of Participants submitting Bids/Offers prior to the execution of a transaction through the Order Book.

- (2) A Participant will enter a Bid/Offer to transact in one or more Contracts by indicating to the Facility in the manner required by a Trading Platform or the Execution Specialist the information required by Rule 208 (d).
  - (3) The Participant will be responsible for any and all Bid/Offer entries it posts on the Facility. Posted Bids/Offers are subject to acceptance by other Participants.
  - (4) The Order Book will keep an electronic record of all Bids/Offers to transact in Contracts, and all executed transactions.
  - (5) The records kept by IGDL will include all of the Bid/Offer terms identified in this Rule as well as the date and time that the transaction was executed.
  - (6) The Order Book will provide Participants with the ability to post firm Bids/Offers on a centralised electronic screen that is accessible to all Participants with access to the Order Book. Each Participant may then choose to transact on the basis of a firm Bid/Offer by entering a Bid/Offer which accepts the firm Bid/Offer.
  - (7) For a Participant who is a broker or dealer and has the ability to accept a Bid/Offer it submits on behalf of a Customer or to execute Bids/Offers from two Customers against each other, the Participant must allow at least a 15 second delay between the entry of those two Bids/Offers, such that one side of the potential transaction is disclosed and made available to other Participants for at least 15 seconds (or such other time as IGDL may publish for particular contracts) before the second side of the potential transaction, whether for the Participant's own account or for Participant's Customer, is submitted for execution. Participants and Customers may engage in pre-execution discussions with regard to such Bids/Offers in accordance with Rule 404 (c).
- (b) **[NOT USED]**
- (c) *Voice Request for Quote Systems.* Participants may initiate either a Non-Directed Voice RFQ or a Directed Voice RFQ by contacting an Execution Specialist.
- (1) Non-Directed Voice RFQ.
    - (i) The Execution Specialist will transmit the RFQ to all other Participants, and all other Participants may respond.
    - (ii) Prior to execution the Execution Specialist will not disclose the identities of Participants who transmit or respond to a Non-Directed Voice RFQ.
  - (2) Directed Voice RFQ.
    - (i) The Execution Specialist will transmit the RFQ to no less than the required number of Recipients, to which all such Recipients may respond.
    - (ii) A Participant that requests an Execution Specialist to send an RFQ to fewer than all Participants may not request that an Execution Specialist send any RFQ to another Participant that is affiliated with or controlled by the RFQ requester or to two more Participants that are affiliated with or controlled by each other. An Execution Specialist that sends an RFQ to fewer than all Participants may not knowingly send an RFQ on behalf of the requesting Participant to another Participant that is affiliated with or controlled by the RFQ requester, or to two or more Participants that are affiliated with or controlled by each other.
    - (iii) The identity of a Directed Voice RFQ requester shall be disclosed to the Recipients upon transmittal of any Directed Voice RFQ and the identities of the

Recipients that provide responses shall be disclosed to the RFQ requestor at the time of such responses.

- (iv) A Participant may elect to not receive Directed Voice RFQs upon written notice to the Facility.
- (3) With respect to both Non-Directed Voice RFQs and Directed Voice RFQs:
- (i) Together with the first response from any Recipient, the Execution Specialist, unless otherwise instructed by the Participant, will communicate to the requesting Participant any firm resting order for the Swap indicated in the RFQ that is posted in the Order Book together with any responses to the RFQ from the Recipients.
  - (ii) Responses to RFQs must be in the form of a Bid/Offer. The RFQ requestor may accept such RFQ response by submitting a corresponding Bid/Offer.
  - (iii) An Execution Specialist will act in accordance with a Participant's instructions, the Rules and Applicable Law.
- (4) Managed Orders. With respect to Non-Directed Voice RFQs only:
- (i) Unless otherwise instructed by a Recipient, an unfilled Bid/Offer provided in response to an RFQ shall be entered into the Order Book by an Execution Specialist on behalf of a Participant ("Managed Orders").
  - (ii) Execution Specialists shall cancel a Managed Order if:
    - A. The Participant instructs the Execution Specialist to cancel the Managed Order;
    - B. The Participant is filled in the same instrument in an RFQ and the Managed Order is filled prior to the Execution Specialist cancelling the order; or
    - C. Time has passed and market conditions have changed sufficiently since the entry of the Managed Order such that the Managed Order should be cancelled. The following conditions must be met before a Managed Order is cancelled in the Order Book:
      - (aa) The Managed Order must be exposed to the Order Book for at least 15 seconds; and
      - (bb) A material change in the equilibrium price of the particular instrument has occurred as identified by any of the following:
        - i. New Bids/Offers, initiations of Voice RFQs, or responses to Voice RFQs indicating one or more Participants are willing to trade at a worse price; or
        - ii. The instrument's mid-rate has moved through the Managed Order's price; or
        - iii. A material economic market event has occurred, including, but not limited to, U.S. Department of Labor's Bureau of Labor Statistics Economic News Releases, Federal Reserve announcements, or natural or man-made disasters.

- (iii) Failure of an Execution Specialist to cancel a Managed Order pursuant to 305(c)(3)(b)(ii) prior to it being filled in whole or in part shall be considered an error of the Facility that may be cancelled pursuant to Rule 315(a).

**Rule 306 Work Up**{ TC "Rule 306. Work Up" \f C \l "2" }

Work-up sessions in Required Transactions are permitted in both electronic trading and RFQ, subject to the System Protocol for the Trading Platform for each product. Work-up transactions do not qualify as a Block Trade even if a Participant's transactions as part of the work-up session has a notional or principal amount at or above the appropriate minimum block size applicable to such Swap.

**Rule 307 Acceptable Bids and Offers**{ TC "Rule 307. Acceptable Bids and Offers" \f C \l "2" }

- (a) The Bid/Offer types shall be as specified in the appropriate System Protocol.
- (b) A Participant submitting a Held Order for less than the Block Trade Threshold for execution on the Facility shall submit such a Held Order directly to the Order Book or, if submitted to the Facility through an Execution Specialist, such Execution Specialist shall submit such a Held Order directly to the Order Book.

**Rule 308 Block Trades**{ TC "Rule 308. Block Trades" \f C \l "2" }

Participants must enter into uncleared Block Trades away from the Facility, *i.e.*, outside a Trading Platform, System, Order Book, RFQ procedure or Prearranged Cross procedure under Rule 304 (b). Participants may enter into Block Trades in Cleared Contracts in accordance with Rule 308 (f). All Block Trades must be executed at prices mutually agreed, with regard to Contracts that have been designated by IGDL for such purpose, subject to the following conditions:

- (a) The Block Trade must be for at least such minimum number of Contracts as will from time to time be specified by IGDL (the "**Block Trade Threshold**"). Except as may otherwise be permitted by Commission Regulation 43.6(h)(6), Participants shall not aggregate Contracts of different Participants or Customers to achieve the Block Trade Threshold.
- (b) When negotiating or executing a Block Trade, a Participant must ensure that the price quoted for a Block Trade represents a fair and reasonable price. The price at which a Block Trade is executed must be fair and reasonable in light of (i) the size of such Block Trade, (ii) the prices and sizes of other transactions in the same Contract at the relevant time, (iii) the prices and sizes of transactions in other relevant markets at the relevant time, and (iv) the circumstances of the parties to such Block Trade.
- (c) Block Trades that are not Cleared Contracts must be reported to the Facility by the seller, unless otherwise agreed to by the parties, as soon as technologically practicable after execution by contacting an Execution Specialist; however, in the case of an Intermediated Transaction, the Participant acting as the Intermediary shall have the obligation to report the Block Trade to the Facility as soon as technologically practicable after execution.
- (d) IGDL will review the information submitted by the Participants for a Block Trade that is not a Cleared Contract and will post the transaction to a Trading Platform if the details are complete and accurate in accordance with this Rule. IGDL will report the transaction to the SDR as soon as technologically practicable. IGDL will not disclose any detail of a Block Trade that is not a Cleared Contract prior to the public dissemination of the Block Trade by the SDR.
- (e) Each Participant that is party to, or Intermediary for, a Block Trade that is not a Cleared Contract must record the following details of the transaction: the Contract (including the Delivery Month) to which such transaction relates; the number of Contracts traded; the price of execution or premium; the time of execution; the identity of the counterparty; and, if applicable, details regarding

the Customer for which the transaction was executed, as well as, if applicable, the Underlying Interest and whether the transaction involved a put or a call and the strike price. Upon request by IGDL, such Participant must produce satisfactory evidence, including the information referred to in the preceding sentence that the transaction meets the requirements set forth in this Rule.

(f) In accordance with NAL 14-118, expiring December 15, 2015, a Participant may execute a Block Trade that is a Cleared Contract either (i) via the Facility's voice RFQ procedures in Rule 305 (c), with the exception that there shall be no minimum number of required Participants to whom an RFQ must be sent, or (ii) as a Pre-Arranged Cross in accordance with the procedures in Rule 304, notwithstanding that the execution of the Block Trade does not occur away from the Facility's trading system. Each Block Trade executed pursuant to this Rule 308 (f) must involve Contracts listed by the Facility, be executed pursuant to the Rules and meet the Block Trade Threshold. The Facility will report each Block Trade transaction to the SDR as soon as technologically practicable. The Facility will not disclose any detail of such a Block Trade prior to the public dissemination of the Block Trade by the SDR.

(g) Any Block Trade in violation of these requirements will constitute conduct which is inconsistent with just and equitable principles of trade.

(h) Nothing in this Rule 308 shall prohibit a Participant from executing a transaction via the Order Book that exceeds the Block Trade Threshold. Such transactions will not receive treatment as Block Trades and will not be afforded a reporting time delay under Part 43 of the Commission Regulations.

**Rule 309 Reporting and Data Collection**{ TC "Rule 309. Reporting and Data Collection" \f C \l "2" }

(a) In furtherance of Applicable Law, IGDL will capture and retain all transaction data, so as to be able to reconstruct all transactions within a reasonable period of time and to provide evidence of any Violations.

(b) In furtherance of Applicable Law, IGDL will retain records for all transactions executed on the Facility. This includes all Bids/Offer, RFQs and Pre-Arranged Crosses, whether accepted, unaccepted, cancelled or modified, and all acceptances of such transactions.

(c) In furtherance of Applicable Law, IGDL shall maintain an electronic transaction history database, which includes a history of all Bids/Offer transactions, and also includes: (i) all data that are input into the trade entry system; (ii) the categories of Participant or Customer for which each transaction is executed, including whether the Participant or Customer executed the transaction for its own account; (iii) timing and sequencing data adequate to reconstruct trading; and (iv) identification of each Participant or Customer to which fills are allocated.

(d) IGDL will use the electronic transaction history database to reconstruct trading and identify possible Violations. In furtherance of Applicable Law, IGDL will conduct an annual review of compliance with its audit trail and recordkeeping requirements and will identify Participants that may have failed to comply with such requirements. Such Participants will be subject to investigation by the Market Regulation Staff for possible disciplinary action. The annual review must include, but is not limited to, reviews of randomly-selected samples of front end audit trail data for order routing systems; a review of the process by which user identifications are assigned and user identification records are maintained; a review of usage patterns associated with user identifications to monitor for violations of user identification Rules; and reviews of account numbers and Customer Type Indicator Codes in transaction records to test for accuracy and improper use.

(e) All such information will be maintained by IGDL in a manner that protects it from unauthorised alteration, as well as from accidental erasure or other loss.

(f) IGDL will publish trading information as required by:

- (1) Core Principle 9, Commission Regulation § 37.901 and Part 16 of the Commission Regulations; and
- (2) FCA rules and MAR 5.8 and 5.9.

All specified swap data will be reported as provided under Part 43 and Part 45 of the Commission Regulations. IGDL will disseminate swap transaction and pricing data relating to Contracts to Participants no earlier than the transmittal of such information to a registered SDR.

**Rule 310 Bid/Offer Cancellation**{ TC "Rule 310. Bid/Offer Cancellation" \f C \l "2" }

(a) A Participant can submit instructions to either cancel or modify a Bid/Offer which that Participant has placed on the Facility if that Bid/Offer has not yet been accepted. Upon receipt of instructions to cancel a Bid/Offer that has not been executed, a Trading Platform will withdraw the Bid/Offer and confirm the cancellation of the Bid/Offer. If a Participant modifies a Bid/Offer that has not been executed, IGDL will treat the modified Bid/Offer as a new Bid/Offer.

(b) IGDL will attempt to cancel or modify an existing Bid/Offer after a Participant enters a cancellation or modification instruction. However, the Bid/Offer may be executed before IGDL is able to cancel or modify it. If a Bid/Offer has been filled in whole or in part, a Participant may modify or cancel only that portion of the Bid/Offer (if any) that has not been executed. Once cancelled by IGDL, a Bid/Offer will not be executed.

(c) Upon suspension or revocation of a Participant's trading privileges by IGDL, any unaccepted Bid/Offer on the Facility for such Participant shall be cancelled by IGDL.

**Rule 311 [Reserved]**{ TC "Rule 311. [Reserved]" \f C \l "2" }

**Rule 312 Enforceability of Transactions**{ TC "Rule 312. Enforceability of Transactions" \f C \l "2" }

(a) *Settlement*

- (1) Each Participant or, where a transaction is on behalf of a Customer, the relevant Customer, is obligated to settle all transactions executed, pursuant to the Rules in this Chapter 3.
- (2) A transaction executed on the Facility or subject to the Rules shall not be void, voidable, subject to rescission, otherwise invalidated or rendered unenforceable as a result of:
  - (i) a violation by the Facility of Section 5h of the Act or Part 37 of the Commission Regulations;
  - (ii) any Commission proceeding to alter or supplement a rule, term or condition under Section 8a(7) of the Act or to declare an emergency under Section 8a(9) of the Act; or
  - (iii) any other proceeding the effect of which is to: (A) alter or supplement a specific term or condition or trading rule or procedures; or (B) require the Facility to adopt a specific term or condition, trading rule or procedure, or to take or refrain from taking a specific action.

(b) *Issuance of Facility Confirmations for Cleared Contracts.* Participants and Customers are obligated to submit for clearing all Contracts so required by the Act, Commission Regulations and any other applicable law. For Cleared Contracts, IGDL will provide the Trading Privilege Holder a Confirmation of all the terms of each transaction executed on the Facility at the time of execution;

provided that where a Trading Privilege Holder is a Customer in an Intermediated Transaction, the confirmation will be provided to the Intermediary in accordance with Rule 313 (c). The Confirmation provided by IGDL for Cleared Contracts will be the final legally binding confirmation of the terms of any transaction executed on the Facility and will supersede any conflicting confirmation or agreement provided to, or between, as applicable, Participants and Customers, regardless of when such other confirmation is provided.

(c) *Issuance of Facility Confirmations for Uncleared Transactions*

- (1) The economic terms specific to the transaction agreed by each Participant and/or Customer on the Facility with respect to an uncleared transaction shall be reflected by the Facility in a written communication (the "**Trade Communication**") issued to each applicable Participant and/or Customer. The Trade Communication, together with the documents and agreements (including, without limitation, ISDA master agreements, other master agreements, terms supplements, master confirmation agreements, and incorporated industry definitions) governing such transaction existing at the time of such commitment to which each Participant and/or Customer are party (the "**Terms Incorporated by Reference**") shall, taken together, for purposes of Commission Regulation 37.6(b), comprise all of the terms of such transaction and serve as a Confirmation of such transaction.
- (2) In satisfaction of the obligations imposed on IGDL under Commission Regulation 37.6(b), (i) each Trade Communication is deemed to incorporate the Terms Incorporated by Reference set forth in this Rule 312 (c), and (ii) each Participant and Customer hereby agrees that the provisions of Rule 312 (c)(3) shall govern any conflicting terms.
- (3) In the event of any conflict between (x) the Trade Communication and (y) the Terms Incorporated by Reference, the Trade Communication shall prevail to the extent of any inconsistency and each Trade Communication shall state the same.
- (4) Upon the request of IGDL, each Participant and Customer shall provide copies of the Terms Incorporated by Reference to IGDL.
- (5) Upon the request of the Commission, IGDL shall request the Terms Incorporated by Reference from the relevant Participant or Customer and shall provide such Terms Incorporated by Reference to the Commission as soon as possible after receipt from the Participant or Customer.

**Rule 313 Intermediated Transactions**{ TC "Rule 313. Intermediated Transactions" \f C \l "2" }

(a) Subject to Rule 305 (a)(6), Participants who are Intermediaries shall immediately enter into a Trading Platform all executable Orders received by telephone from their Customers, and shall immediately submit all RFQs and Pre-Arranged Crosses to an Execution Specialist. If an Order, RFQ or Pre-Arranged Cross cannot be immediately entered into a Trading Platform or submitted to an Execution Specialist, as applicable, an electronic record which includes the account identifier that relates to the account owner, time of receipt, and terms of the Order, RFQ or Pre-Arranged Cross must immediately be created, and the Order, RFQ or Pre-Arranged Cross must be entered into a Trading Platform or submitted to an Execution Specialist as soon as practicable.

(b) *Priority of execution.* Non-discretionary executable Customer Orders received by a Participant who is an Intermediary shall be entered into Facility in the sequence received. Non-discretionary Orders that cannot be immediately entered must be entered when the Orders become executable, in the sequence in which the Orders were received.

(c) IGDL shall provide all Confirmations of Intermediated Transactions to the Intermediary upon execution of the transaction. Except to the extent that IGDL sends Confirmations of Contracts directly

to the relevant Customer, any Participant that transacts as an Intermediary for any Customer shall be responsible for ensuring that such Customers receive all Confirmations of Contracts entered into on behalf of such Customers as soon as technologically practicable after receipt of the Confirmation from IGDL.

**Rule 314 Bunched Orders**{ TC "Rule 314. Bunched Orders" \f C \l "2" }

Bunched Orders must be allocated and recorded in accordance with Commission Regulation 1.35(b)(5) and the NFA's Interpretive Notice related to Compliance Rule 2-10. Bunched Orders may be entered using a designation for a group of accounts or suspense account number; provided, however that:

- (1) the Bid/Offer or Pre-Arranged Cross is being placed by a Participant who is, or is acting on behalf of, an account manager for multiple accounts eligible for post execution allocation; or
- (2) a written, pre-determined allocation scheme that defines the group of accounts has been provided to the Clearing Firm accepting or clearing the Bid/Offer or Pre-Arranged Cross prior to the time that such Bid/Offer or Pre-Arranged Cross is entered. In the latter case, if such information has not been provided to the Clearing Firm prior to the time of Bid/Offer or Pre-Arranged Cross entry, each specific account number must be provided to IGDL. Additionally, for all such bunched Bids/Offer or Pre- Arranged Crosses executed on the Facility, the final account-specific allocations must be provided to IGDL no later than the end of each trading day.

**Rule 315 IGDL Authority over Transactions**{ TC "Rule 315. IGDL Authority over Transactions" \f C \l "2" }

(a) *IGDL Authority Regarding Cancellations, Price Adjustments and New or Offsetting Transactions*

IGDL has authority to cancel any transaction or adjust the price of any transaction executed on the Facility, or to execute or require the execution of a new or offsetting transaction: (i) when IGDL determines in its sole discretion such action is necessary to mitigate market disrupting events caused by the improper or erroneous use of a Trading Platform or by system defects; (ii) at any time IGDL determines, in its sole discretion, that allowing a transaction to stand as executed may have a material adverse effect on the integrity of the market; or (iii) in accordance with Rule 204 (h), Rule 315 (c), Rule 315 (d), Rule 315 (h), or Rule 315 (i). All decisions of IGDL regarding IGDL's cancellation of transactions or the adjustment of transaction prices and the execution of new or offsetting transactions shall be final, subject to Rule 315 (d).

(b) *Determination to Review a Transaction's Price*

- (1) IGDL may determine to review a transaction's price based on its independent analysis of market activity or upon a Participant's request. A Participant's request for review must be made (i) for an uncleared Pre-Arranged Cross, within one (1) Business Day of the execution of such transaction and (ii) for any other transaction executed on the Facility, within 5 minutes of the execution of such transaction. In the absence of a timely request for review, IGDL may determine whether or not a transaction will be subject to review in its sole discretion. Notwithstanding the foregoing, subject to Applicable Law, IGDL shall amend the terms of, or cancel, any transaction that the parties, together with the DCO, as applicable, mutually agree to amend or cancel, in the event that such amendment or cancellation is not submitted to IGDL within the applicable review period specified above.

- (2) If IGDL determines to review a transaction's price, it will promptly issue an alert to all Participants via a Trading Platform or electronic mail indicating that the transaction is under review.
- (c) *Review of a Transaction's Price*
- (1) In reviewing a transaction's price, IGDL will first determine whether the price of the transaction is in the Non-Reviewable Range.
  - (2) In applying the Non-Reviewable Range, IGDL shall determine the fair value price for the Swap at the time the transaction under review occurred. IGDL may consider any relevant information, including, but not limited to, the last transaction price of the Swap or a better Bid/Offer, a more recent price for a different maturity date, the price of the same or related Swap established in another venue or another market, the market conditions at the time of the transaction, the theoretical value of an Option based on the most recent implied volatility and responses to an RFQ.
  - (3) If IGDL determines that the price of a transaction is inside the Non-Reviewable Range, IGDL will issue an alert indicating that the transaction shall stand as executed.
  - (4) If IGDL determines that the price of a transaction is outside the Non-Reviewable Range, IGDL shall have the right, in its sole discretion, to cancel or adjust the price of such transaction.
  - (5) The method of adjustment or cancellation of any Cleared Contract that is adjusted or cancelled pursuant to Rule 315 (c)(4) shall be the method provided for by the rules and procedures of the relevant DCO.
- (d) *Alternative Resolution by Agreement of Parties for Transactions Reviewed for Price*
- (1) With the approval of IGDL, parties to a transaction that is under review for price or that has had its price adjusted may instead, together with the DCO, as applicable, mutually agree to cancel or otherwise adjust the price of the transaction.
  - (2) With the approval of IGDL, parties to a transaction that is cancelled may instead, together with the DCO, as applicable, mutually agree to adjust the price of such transaction to a price within the Non-Reviewable Range.
  - (3) Subject to sections (d)(1) and (d)(2), parties to a transaction that is cancelled or that has had its price adjusted may mutually agree to a cash adjustment.
  - (4) Any cancellation or adjustment made pursuant to sections (d)(1), (d)(2) or (d)(3) must be reported to the Facility by the parties within one (1) Business Day and the parties must maintain a record of such adjustment.
- (e) *Liability for Losses Resulting from Cancellations or Price Adjustments*
- (1) A party that through error or mistake enters a Bid/Offer, RFQ or Pre-Arranged Cross that results in a cancellation or price adjustment shall be responsible for demonstrated claims of realised losses incurred by persons whose transaction prices were cancelled or adjusted; provided, however, that a claimant shall not be entitled to compensation for losses incurred as a result of the claimant's failure to take reasonable actions to mitigate the loss.
  - (2) A claim for a loss pursuant to this Rule 315 must be submitted to the Facility within one (1) Business Day of the event giving rise to the claim. IGDL will reject any claim that is not filed in a timely manner and such decision shall be final. Eligible claims shall be

forwarded by IGDL to the party responsible for the Bid/Offer, RFQ or Pre-Arranged Cross that resulted in a cancellation or a price adjustment of a transaction and the Participant through which the transaction was submitted to the Facility. Such party, or Participant on behalf of such party, shall, within ten (10) Business Days of receipt of the claim, admit or deny responsibility in whole or in part. Failure to respond to the claim within ten (10) Business Days shall be deemed a denial of liability.

- (3) To the extent that liability is admitted, payment shall be made within ten (10) Business Days. Unless otherwise agreed upon in writing by the parties, failure to make the payment within ten (10) Business Days shall be deemed a denial of liability for the purposes of this Rule 315. A copy of any such written agreement must be provided to IGDL.
  - (4) To the extent that liability is denied, the party making the claim may submit the claim for arbitration pursuant to Rule 702. Such claims must be submitted to IGDL within ten (10) Business Days of the date the party was issued notification that liability was denied.
- (f) The Non-Reviewable Ranges for all Swaps listed on the Facility are as follows:
- (1) Outright Contracts: Less than +/- 1.5 basis points.
  - (2) Package Transactions and individual components of Implied Package Transactions: Less than +/- 1.0 basis point.
- (g) *Records of Cancellations and Price Adjustments*
- (1) Cancelled transactions and any prices that have been adjusted shall be cancelled in IGDL's official records.
  - (2) Transactions that have had their price adjusted shall be reflected in IGDL's official records at the adjusted price.
- (h) *Review of Transactions for Errors*
- (1) If a Participant, Customer or Clearing Firm believes that any transaction in one or more Contracts was executed, cleared or rejected for clearing as a result of an Error, as defined in Rule 315 (h)(3), such person may request review of the transaction.
  - (2) Upon receipt of a request for review of a transaction, or if IGDL determines on its own initiative to conduct such a review, IGDL will review its records to determine if an Error occurred.
  - (3) IGDL may cancel or adjust the transaction, or execute or require the execution of a new or offsetting Cleared Contract under the procedures of Rule 315 (i), as appropriate, if the review described in this Rule reveals that:
    - (i) a Trading Platform or an Execution Specialist made a material mistake or that a mistake occurred as a result of a malfunction in a Trading Platform or by human error;
    - (ii) a Bid/Offer or RFQ or Pre-Arranged Cross was incorrectly displayed and/or executed and/or reported;
    - (iii) a Trading Platform, an Execution Specialist, Participant or Customer made a clerical or operating error or omission that caused a transaction to be rejected from clearing and void *ab initio*; or

- (iv) a Clearing Firm or DCO rejected a leg of a Package Transaction for clearing because of the sequencing of submission for clearing of the legs of the applicable Package Transaction (each of the foregoing, an “**Error**”).
  - (4) If the review described in this Rule reveals that no Error occurred, IGDL will inform any person who requested the review that IGDL has determined that the transaction was properly handled, the evidence supporting that determination, and that a cancelation, adjustment or a new or offsetting transaction under Rule 315 (i) will not be made.
  - (5) IGDL will document in writing all requests for review of transactions received by IGDL, or any review on its own initiative, the time and manner in which IGDL reviewed its electronic audit trail in response to the request or review on its own initiative, the outcome of that review, and the action or actions taken by IGDL in response to that review.
  - (6) If a transaction is reviewable for price under Rule 315 (b), the procedures of this Rule 315 (h) shall not apply.
- (i) *Procedures for Correcting Errors.*
- (1) The procedures of this Rule 315 (i) are limited to:
    - (i) A Cleared Contract that was rejected for clearing and void *ab initio* because of a clerical or operational error or omission by IGDL, a Participant or a Customer (each, a “**Rejected Transaction**”),
    - (ii) A leg of a Package Transaction that was rejected for clearing because of the sequencing of submission for clearing of the legs of the applicable Package Transaction and only for such rejected leg (each, a “**Rejected Leg**”), and
    - (iii) A Cleared Contract that is carried on a DCO’s books as a result of a clerical or operational error or omission by IGDL, a Participant or a Customer that was not identified until after the Cleared Contract had been cleared (each, an “**Erroneously Cleared Transaction**”),in each case where the Facility has affirmatively determined that the transaction or a term thereof resulted from an Error.
  - (2) For Rejected Transactions and Rejected Legs, if a Participant, Customer or Clearing Firm believes that a transaction qualifies as a Rejected Transaction or a Rejected Leg, such Participant, Customer or Clearing Firm shall request review of the transaction pursuant to Rule 315 (h).
    - (i) Upon completion of the review of the transaction pursuant to Rule 315 (h), if IGDL determines that an Error resulted in a Rejected Transaction or a Rejected Leg and:
      - A. If IGDL is able to determine how to correct the Error, IGDL shall execute a new Cleared Contract with the same terms as the Rejected Transaction or Rejected Leg, other than the Error, without obtaining consent of the Participant that submitted the Rejected Transaction or Rejected Leg or the Customer on whose behalf such transaction was submitted. The new Cleared Contract must be submitted by an Execution Specialist as a Pre-Arranged Cross, and such Pre-Arranged Cross shall be subject to pre-execution credit check and risk screening pursuant to Rule 204 (b).

- B. If IGDL is unable to determine how to correct the Error, IGDL shall consult with the Clearing Firms for the Rejected Transaction or Rejected Leg and the Participants and Customers involved in such transaction, as necessary, and the Clearing Firms for such transactions may, with the consent of each respective Customer or Participant, agree to a new Cleared Contract with the same terms as the rejected Cleared Contract, other than the Error. Such Customer or Participant consent may not be obtained in advance, and must be sought and obtained by each Clearing Firm on a case-by-case basis, after the Cleared Contract has been rejected. If there is such agreement and consent, the new Cleared Contract must be submitted by the Participant specified in Rule 304 (b) as a Pre-Arranged Cross pursuant to the procedure in Rule 304 (b), and such Pre-Arranged Cross shall be subject to pre-execution credit check and risk screening pursuant to Rule 204 (b).
- (ii) Upon execution of such Pre-Arranged Cross by IGDL to replace a Rejected Transaction or Rejected Leg, IGDL shall submit the transaction to the DCO for clearing as quickly as technologically practicable, but in any case no later than 60 minutes from the issuance of the notice of rejection by the DCO to the Clearing Firms.
  - (iii) If the new Cleared Contract resulting from such Pre-Arranged Cross is rejected from clearing, it is void *ab initio* and no additional new Cleared Contract will be permitted to be submitted under the procedure in this Rule 315 (i)(2).
  - (iv) IGDL shall report Swap transaction data to the relevant SDR pursuant to Rule 309 (f) for a new Cleared Contract that clears with the same terms as the Rejected Transaction or Rejected Leg, as applicable, other than the Error, including: a Part 43 cancellation for the original transaction, a Part 45 termination indicating the original transaction is void *ab initio*, and swap transaction data pursuant to Parts 43 and 45 for the new Cleared Contract. Such data shall reference the original cancelled trade, indicate that it has been reported pursuant to the procedures described in this Rule 315 (i)(2) and link the original cancelled trade to the new trade for reporting to the relevant SDR under Part 43 and Part 45 of the Commission Regulations.
  - (v) The procedures in this Rule 315 (i)(2) are not available for Rejected Legs of Package Transactions that are rejected for clearing by a Clearing Firm or DCO because the Package Transaction as a whole failed to satisfy the applicable Risk-Based Limits.
- (3) For Erroneously Cleared Transactions, if a Participant, Customer or Clearing Firm believes that a Cleared Contract is carried on the books of a DCO as a result of an Error, such Participant, Customer or Clearing Firm may request review of the transaction pursuant to Rule 315 (h).
- (i) Upon completion of the review of the transaction pursuant to Rule 315 (h), if IGDL determines that an Error resulted in an Erroneously Cleared Transaction and:
    - A. If IGDL is able to determine how to correct the Error, IGDL shall execute a Cleared Contract that offsets the Erroneously Cleared Transaction carried on the books of the relevant DCO through the same Clearing Firms that cleared the Erroneously Cleared Transaction and IGDL shall execute a new Cleared Contract with the same terms as the Erroneously Cleared Transaction, other than the Error, in each case

without obtaining consent of the Participant that submitted the Erroneously Cleared Transaction or the Customer on whose behalf such transaction was submitted; provided that, where an Erroneously Cleared Transaction did not satisfy the Risk-Based Limits of a Participant's Clearing Firm, IGDL shall obtain the consent of the relevant Clearing Firm prior to executing such offsetting Cleared Contract. The new Cleared Contract must be submitted by an Execution Specialist as a Pre-Arranged Cross, and such Pre-Arranged Cross shall be subject to pre-execution credit check and risk screening pursuant to Rule 204 (b).

- B. If IGDL is unable to determine how to correct the Error, IGDL shall consult with the Clearing Firms for Erroneously Cleared Transactions and the Participants and Customers involved in such transaction, as necessary, and the relevant Customer or Participant may agree to execute a Cleared Contract that offsets the Erroneously Cleared Transaction carried on the books of the relevant DCO through the same Clearing Firms that cleared the Erroneously Cleared Transaction and to execute to a new Cleared Contract with the same terms as the rejected Cleared Contract, other than the Error. The new Cleared Contracts must be submitted by the Participant specified in Rule 304 (b) as Pre-Arranged Crosses pursuant to the procedure in Rule 304 (b), and such Pre-Arranged Crosses shall be subject to pre-execution credit check and risk screening pursuant to Rule 204 (b).
- (ii) Upon execution of such Pre-Arranged Crosses by IGDL to offset an Erroneously Cleared Transaction and to enter into a new Cleared Contract, IGDL shall submit the transactions to the DCO for clearing as quickly as technologically practicable, but in any case no later than three days after the Erroneously Cleared Transaction was executed.
- (4) For the avoidance of doubt, the procedures of this Rule 315 (i) are not applicable to any transaction rejected by a DCO for credit reasons.

(a) For each Contract executed on or subject to the Rules, IGDL shall report creation data to an SDR, and shall include in such creation data the identification of the reporting counterparty. The reporting counterparty will be determined by IGDL, if possible, in accordance with Commission Regulation 45.8 (a) – (f) and in the event the counterparties to the Contract are of the same hierarchy level, the ISDA Reporting Party Rules. If IGDL is unable to determine the reporting counterparty in accordance with Commission Regulation 45.8(a) - (f) and the ISDA Reporting Party Rules, IGDL will identify the buyer of the Contract as the reporting counterparty in the creation data. By executing the Contract on the Facility, the counterparties agree to the use of the ISDA Reporting Party Rules and where necessary, the identification of the buyer as reporting counterparty, and waive the opportunity to agree separately upon a reporting counterparty and to receive notice from IGDL, as provided in Commission Regulation 45.8(d) and 45.8(f).

(b) **[NOT USED]**

(c) For each Contract executed on or subject to the Rules, the reporting counterparty and/or the relevant DCO is responsible for reporting continuation data to the SDR to which the creation data for the Contract was first reported in accordance with Commission Regulations 45.4 and 45.10.

**Rule 502 Facility Market Regulation Staff Powers and Duties{ TC "Rule 502. Facility Market Regulation Staff Powers and Duties" \f C \l "2" }**

- (a) It shall be the duty of the Compliance Function to enforce these Rules, and shall have the authority to inspect the books and records of all Facility Subject Persons and the authority to require any Facility Subject Person to appear before it to answer questions regarding matters being investigated by the Market Regulation Staff. The Compliance Function may also delegate such authority to Market Regulation Staff who shall consist of personnel of IGDL, and such other Regulatory Services Providers as IGDL may hire on a contract basis. The Compliance Function shall ensure that surveillance systems are established to monitor trading to prevent manipulation and price distortion. Such monitoring may be done by the Market Regulation Staff or a third party provider, and shall include real time monitoring and the ability to conduct comprehensive and accurate transaction reconstructions.
- (b) The Market Regulation Staff shall conduct investigations of possible Violations, prepare written reports respecting such investigations, furnish such reports to the Review Panel and conduct the prosecution of such Violations. An investigation must be commenced upon receipt of a request from any Regulatory Agency, its staff or receipt of information (such as data produced by automated surveillance systems) by IGDL that in the judgment of the Market Regulation Staff indicates a reasonable basis for finding that a Violation may have occurred or will occur. Absent mitigating factors, each investigation will be completed no later than 12 months after the investigation is opened. Mitigating factors include the complexity of the investigation, the number of firms or individuals involved as potential wrongdoers, the number of potential Violations to be investigated and the volume of documents and data to be examined and analysed by Market Regulation Staff.
- (c) If, in any case, the Compliance Function or another member of the Market Regulation Staff, designated for this purpose by the Compliance Function, concludes that there is a reasonable basis for finding a Violation, he or she shall present an investigation report concerning the matter to the Review Panel. The investigation report must include the reason the investigation was initiated; a summary of the complaint, if any; the relevant facts; Market Regulation Staff's analysis and conclusions; and a recommendation as to whether disciplinary action should be pursued. The report may also include the Facility Subject Person's disciplinary history at the Facility, including copies of any warning letters. The Market Regulation Staff may issue a warning letter, including for minor transgressions. However, no more than one warning letter may be issued to the same person found to have committed the same Violation more than once in a rolling 12-month period.
- (d) If, in any case, the Compliance Function or another member of the Market Regulation Staff, designated for this purpose by the Compliance Function, concludes that no reasonable basis exists for finding a Violation, he or she must prepare a written investigation report including the reason the investigation was initiated; a summary of the complaint, if any; the relevant facts; and Market Regulation Staff's analysis and conclusions. The Compliance Function or another member of the

Market Regulation Staff may issue a warning letter in any case where it is concluded that no reasonable basis exists for finding a Violation, without limitation on the number of warning letters issued to a person.

(e) Before presenting an investigation report to the Review Panel, the Market Regulation Staff may, in its sole discretion, inform the prospective Respondent that it intends to submit the matter to the Review Panel, and at such time the proposed Respondent may submit an offer of settlement to the Hearing Panel, in accordance with the procedures of Rule 509, prior to presentation of the investigation report to the Review Panel.

(f) IGDL has contracted with NFA to act as Regulatory Services Provider to provide certain regulatory services to IGDL, including reviews of the Facility's audit trail information for potential Violations. IGDL will retain ultimate decision-making authority with respect to any regulatory services to be provided by NFA.

Each Facility Subject Person shall provide the Regulatory Services Provider with the same access to its books and records and offices as it is required to provide to IGDL under the Rules and Applicable Law.

**Rule 503 The Review Panel**{ TC "Rule 503. The Review Panel" \f C \l "2" }

(b) The Review Panel shall be appointed by the Board, and shall be comprised of five persons, including at least two Participants and at least two non-Participants. In the case where the subject of the investigation is a Clearing Firm, at least one member of the Review Panel shall be a Clearing Firm. The Board shall appoint as chairman (the "**Review Panel Chairman**") of the Review Panel a person who would not be disqualified from serving as a "Public Director" as defined in Commission Regulations. Three panel members shall constitute a quorum for any action, so long as they are in attendance at the time of the relevant action. The Review Panel may not include any members of the Market Regulation Staff, or any person involved in adjudicating any other stage of the same Proceeding.

(c) All information, records, and documents provided to the Review Panel, and all related records and documents shall be treated as confidential and shall not be disclosed, except as necessary to further an IGDL investigation or as required by Applicable Law.

(d) Upon receipt of an investigation report, the Review Panel shall promptly review the report and, within thirty (30) days of receipt, take one of the following actions:

- (1) If the Review Panel determines that additional investigation or evidence is needed, it shall promptly direct the Market Regulation Staff to conduct further investigation;
- (2) If the Review Panel determines that no reasonable basis exists for finding a Violation or that prosecution is otherwise unwarranted, it may direct that no further action be taken.

Such determination must be in writing and must include a written statement setting forth the facts and analysis supporting the decision; or

- (3) If the Review Panel determines that a reasonable basis exists for finding a Violation and adjudication is warranted, it must direct that the Facility Subject Person alleged to have committed the Violation be served with a notice of charges as set forth in Rule 504.

(e) If the Review Panel determines that there may have been a Violation but that no adjudication is warranted, the Review Panel may issue a warning letter to the Facility Subject Person informing it that there may have been a Violation and that such continued activity may result in disciplinary sanctions. Where a Violation is determined to have occurred, no more than one warning letter for the same potential Violation may be issued to the same person during a rolling 12 month period.

**Rule 504 Notice of Charges**{ TC "Rule 504. Notice of Charges" \f C \l "2" }

(a) If the Review Panel determines that a reasonable basis exists for finding a Violation and adjudication is warranted, the Compliance Function shall serve a notice of charges (a "**Notice**") on the Facility Subject Person alleged to have been responsible for the Violation (such Facility Subject Person, the "**Respondent**"). Such Notice shall state:

- (1) the acts, practices or conduct with which the Respondent is charged;
- (2) the Rules allegedly violated and how such acts, practices or conduct constitute a Violation of such Rules;
- (3) that the Respondent is entitled, upon written request filed with IGDL, within twenty (20) days of service of the Notice, to a formal hearing on the charges;
- (4) that the failure of the Respondent to request a hearing within twenty (20) days of service of the Notice, except for good cause shown, shall be deemed a waiver of its right to a hearing;
- (5) that the failure of the Respondent to file an Answer (as defined in Rule 505) with the Market Regulation Staff within twenty days (20) of service of the Notice shall be deemed an admission of all of the acts, practices or conduct alleged in the Notice; and
- (6) that the failure of the Respondent to expressly deny a particular charge contained in the Notice shall be deemed an admission of such acts, practices or conduct.

(b) A Respondent shall have the right to be represented by legal counsel or any other representative of its choosing in all succeeding stages of the disciplinary process, except by any member of the Board, Review Panel or Hearing Panel, any employee of IGDL or any person substantially related to the underlying investigation, such as a material witness or Respondent.

**Rule 505 Answer; Request for Hearing; Failure to Answer or Deny Charges**{ TC "Rule 505. Answer; Request for Hearing; Failure to Answer or Deny Charges" \f C \l "2" }

(a) The Respondent shall serve on the Compliance Function a written answer (an "Answer") to the Notice and a written request for a hearing on the charges within thirty days (30) of the date of service of the Notice. The Answer must include a statement that the Respondent admits, denies, or does not have and is unable to obtain sufficient information to deny each allegation. A statement of lack of sufficient information shall have the effect of a denial of the allegation.

(b) The Respondent's failure to file an Answer within such thirty (30) day period shall be deemed an admission of all allegations contained in the Notice.

(c) The Respondent's failure to expressly deny a particular charge contained in the Notice shall be deemed an admission of such acts, practices or conduct.

(d) The Respondent's failure to request a hearing within such thirty (30) day period, absent good cause shown, shall be deemed a waiver of Respondent's right to a hearing.

**Rule 506 Selection of Hearing Panel**{ TC "Rule 506. Selection of Hearing Panel" \f C \l "2" }

(a) Formal hearings on any Notice shall be conducted by the Hearing Panel selected by the Board. The Hearing Panel shall include at least two Participants and at least two non-Participants. In the case where any Respondent is a Clearing Firm, at least one member of the Hearing Panel shall be a Clearing Firm. The Board shall also select, as chairman of the Hearing Panel ("**Hearing Panel Chairman**"), a person who would not be disqualified from serving as a "Public Director" as defined in Commission Regulations. The Hearing Panel Chairman, in his or her sole discretion, shall set a date for the hearing (the "**Hearing Date**"). The Hearing Panel may not include any members of the Market Regulation Staff, or any person involved in adjudicating any other stage of the same Proceeding.

(b) The Hearing Panel Chairman shall notify the Market Regulation Staff and the Respondent of the Hearing Date and the names of the members of the Hearing Panel at least fifteen (15) days prior to the Hearing Date.

(c) No member of the Hearing Panel shall hear a case in which that member has a direct financial, personal or other interest in the matter under consideration.

**Rule 507 Challenge to Members of the Hearing Panel**{ TC "Rule 507. Challenge to Members of the Hearing Panel" \f C \l "2" }

Within ten (10) days after service on the Respondent of notice of the Hearing Date and names of the members of the Hearing Panel, the Respondent may challenge, in writing, the inclusion of any member of the Hearing Panel for cause, including without limitation, if the member has a direct financial, personal or other interest in the matter under consideration. The merits of such challenge shall be finally decided by the Regulatory Oversight Committee. If said written challenge is not received within such ten (10) day period, absent good cause shown, any such right to challenge is deemed waived.

**Rule 508 Hearing on Sanctions in the Event of Failure to Deny Charges; Failure to Request Hearing Deemed Acceptance of Sanctions**{ TC "Rule 508. Hearing on Sanctions in the Event of Failure to Deny Charges; Failure to Request Hearing Deemed Acceptance of Sanctions" \f C \l "2" }

In the event the Respondent fails to file an Answer or admits or fails to deny the charge of a Violation contained in the Notice, the Hearing Panel shall find the Respondent guilty of each such Violation and may impose a sanction for each such Violation subject to the limitations set forth in Rule 511 (f). The Hearing Panel shall promptly notify the Respondent of any such sanction and of the Respondent's right to a hearing on the sanction within the period of time which shall be stated in the notice, after the imposition of such sanction. Failure to request a hearing on the sanction in a timely manner, absent good cause shown, shall be deemed to be acceptance of the sanction.

**Rule 509 Settlement Prior to Commencement of Hearing**{ TC "Rule 509. Settlement Prior to Commencement of Hearing" \f C \l "2" }

(a) Prior to the commencement of the hearing, the Hearing Panel may accept a written offer of settlement from the Respondent, whereby the Respondent, without either admitting or denying any Violations, may agree to:

- (1) a cease and desist order;

- (2) a fine for each Violation plus the monetary value of any benefit received as a result of the Violation (provided that in no case shall any fine exceed \$100,000 per Violation);
- (3) restitution of any counterparty harm; and/or
- (4) revocation or suspension of Trading Privileges or Customer or Clearing Firm status of the Respondent.

(b) If the Hearing Panel accepts an offer of settlement, it must issue a written decision specifying each Violation it has reason to believe was committed, including the basis for the Hearing Panel's conclusions. The sanctions must include full counterparty restitution where counterparty harm is demonstrated, except where the amount of restitution or to whom it should be provided cannot be reasonably determined. If an offer of settlement is accepted without the support of the Market Regulation Staff, the decision must adequately support the Hearing Panel's acceptance of the settlement. Where applicable, the decision must include a statement that the Respondent has accepted the sanctions imposed without either admitting or denying any Violations. Any sanctions imposed pursuant to an offer of settlement must take into account the Respondent's disciplinary history.

(c) The Respondent may withdraw an offer of settlement at any time before final acceptance by the Hearing Panel. If an offer is withdrawn after submission, or is rejected by the Hearing Panel, the Respondent may not be deemed to have made any admissions by reason of the offer of settlement and may not be otherwise prejudiced by having submitted the offer of settlement.

**Rule 510 Hearing Procedures**{ TC "Rule 510. Hearing Procedures" \f C \l "2" }

(a) In every instance where a Respondent has requested a hearing on a charge that is denied, or on a sanction set by the Hearing Panel pursuant to Rule 508, the Respondent will have the opportunity for a hearing in accordance with the procedures of this Rule.

(b) The Hearing Panel shall determine the procedures to be followed in any hearing before it, except that the following shall apply in every case:

- (1) The hearing must be fair and must be promptly convened after reasonable notice to the Respondent.
- (2) The prosecution shall be conducted by the Market Regulation Staff.
- (3) The Respondent shall be allowed to appear personally at the hearing, and to be represented by legal counsel or any other representative of its choosing and, either personally or through such representative, to present witnesses and documentary evidence and to cross-examine witnesses.
- (4) The Market Regulation Staff and the Respondent shall deliver to each other a statement listing the witnesses expected to be called and the documents expected to be introduced into evidence, together with copies of such documents, by ten (10) days' notice to the hearing or as the Hearing Panel may reasonably specify. Unless the Hearing Panel, in its discretion, waives compliance with this requirement, no witness may testify and no documentary evidence may be introduced into evidence unless listed in and, in the case of documents, furnished with such statement. On written request, the Market Regulation Staff shall provide the Respondent with access to all books, documents or other tangible evidence in the possession or under the control of IGDL which are to be relied upon by the Market Regulation Staff or which are relevant to the charges; provided, however, that protected attorney work product, attorney-client communications and investigative work product, including the investigation report, are neither discoverable by a Respondent nor subject to review by a Respondent as part of the investigation file.

- (5) IGDL shall require that persons within its jurisdiction who are called as witnesses participate in the hearing and produce evidence, and will make reasonable efforts to secure the presence of all other persons called as witnesses whose testimony would be relevant. Failure by a Facility Subject Person to so participate and produce evidence when requested by IGDL shall be a Violation.
- (6) No formal rules of evidence shall apply, and the Hearing Panel shall be free to accept or reject any and all evidence it considers proper, but the hearing may not be so informal as to deny a fair hearing.
- (7) Neither the Market Regulation Staff, the Respondent, any witnesses testifying before the Hearing Panel nor any other person within the Facility's jurisdiction shall engage in conduct that may impede the progress of a hearing or the fair and just resolution of the subject matter thereof, and any such conduct may itself constitute a Violation.
- (8) Ex parte contacts by any of the parties with members of the Hearing Panel shall not be permitted.
- (9) A substantially verbatim record capable of being accurately transcribed shall be made of the Proceeding, provided, however, that such record need not be transcribed, unless the transcript is requested by the Respondent or an applicable regulator, or unless the decision is appealed to the Commission or reviewed by the Commission on its own motion. In all other instances, a summary record of the hearing is permitted.
- (10) The cost of transcribing the record of the hearing must be borne by a Respondent who requests the transcript, or whose application for Commission review of the disciplinary action has been granted. In all other instances, the cost of transcribing the record will be borne by IGDL.
- (11) The Notice, the Answer, any stenographic transcript of the hearing, the documentary evidence and any other material presented to the Hearing Panel by either party with notice to the other shall constitute the record of the hearing (the "**Hearing Record**").
- (12) The burden of proof shall be on the prosecution to prove a Violation by a preponderance of the evidence. A finding of a Violation shall be made by majority vote based on the Hearing Panel's decision as to the weight of the evidence contained in the Hearing Record.
- (13) All sanctions imposed by the Hearing Panel must be commensurate with the Violations committed and must be clearly sufficient to deter additional similar Violations by the Respondent and similar Violations by other Facility Subject Persons. All sanctions must take into account the Respondent's disciplinary history. In the event of demonstrated counterparty harm, any sanctions must include full counterparty restitution, except where the amount of restitution or to whom it should be provided cannot be reasonably determined.

**Rule 511 Written Decision of Hearing Panel**{ TC "Rule 511. Written Decision of Hearing Panel"  
f C \ "2" }

- (b) a summary of the Answer;

- (c) a summary of the evidence produced at the hearing or, where appropriate, incorporation by reference of the investigation report;
- (d) a statement of the findings and conclusions of the Hearing Panel with respect to each charge, and a complete explanation of the evidentiary and other basis for such findings and conclusions with respect to each charge;
- (e) an indication of each specific Rule that the Respondent was found to have violated; and
- (f) an order stating any sanctions imposed, including the basis for the sanctions, and the effective date of such sanctions; the sanctions that may be imposed on the Respondent shall be one or more of the following:
  - (1) a cease and desist order;
  - (2) a fine for each Violation plus the monetary value of any benefit received as a result of the Violation (provided that in no case shall any fine exceed \$100,000 per Violation);
  - (3) restitution of counterparty harm, except where the amount of restitution or to whom it should be provided cannot be reasonably determined; and/or

**Rule 513 Effective Date of Sanctions**{ TC "Rule 513. Effective Date of Sanctions" \f C \l "2" }

- (b) Any decision (including any sanctions) by a Hearing Panel shall be the final decision of IGDL and shall become effective fifteen (15) days, or such longer time as the Hearing Panel may specify, after a copy of the written decision of the Hearing Panel has been served on the Respondent; provided, however, that in any case where the Respondent has consented to the action taken and to the timing of its effectiveness, the Hearing Panel may cause the decision involving any disciplinary action (including any sanctions) to become effective prior to the fifteen (15) day period.
- (c) Any fine or other monetary sanction imposed by a Hearing Panel shall be due and payable on the effective date of the decision imposing such fine or sanction, or on such later date as the Hearing Panel may specify.

**Rule 514 Summary Suspension**{ TC "Rule 514. Summary Suspension" \f C \l "2" }

(b) The Facility Subject Person against whom such summary action is taken shall be served with a notice of the action either before the action is taken or at the earliest possible opportunity thereafter. The notice shall state the action taken, the reasons for the action, the effective date and time, and the duration of the action.

Effective Date

- The first date from which fixed and floating interest amounts accrue. It is also referred to as the Start Date or the Value Date. The Effective Date of the Swap must be a business day subject to the appropriate Business Day Convention.

Trade Start Type

- Spot Starting
  - A swap whose Effective Date is 2 business days from the Trade Date (T+2).
- Forward Starting
  - A swap whose Effective Date is anything after the Effective Date for a Spot Starting swap.
- Same Day Starting
  - A swap whose Effective Date is the same as the Trade Date (T+0)

Maturity Date

- The final date until which Fixed and Floating amounts accrue

Tenor

- The duration of time from the Effective Date to the Maturity Date. Tenors of any duration greater than 0 years to 50 years.
  - Listed Tenors, also known as On-the-Run, are whole calendar year Spot Starting Contracts with a Tenor of 1 through 60 years.
  - Other Tenors, also known as Off-the-Run, means any partial year Tenor (Months, Weeks, Days).

Roll Day Convention

- The date used for determining all fixed and floating Reset Dates. Roll Days define the beginning and end of Fixed and Floating interest accrual periods.
- For On-the-Run Contracts, the Roll Day is the same date of the month as the Effective Date. For Off-the-Run Contracts, it can be any date of the month, subject to the provisions of the Business Day Convention. Roll Day marks the start of a new interest accrual period, and is the date on which a Reset Rate takes effect.

Floating Reset Dates

- Dates utilized to determine the Floating Rate amounts for each interest accrual period during the Tenor of the contract. Except in the case of a Stub Period, the Reset Date is aligned with the floating rate frequency as determined.

First Period Fixing Date

- For Spot Starting swaps, the Interest Rate for the first interest period is fixed on the Trade Date, for both Floating and Fixed Rates.
- For Forward Starting swaps, the Fixed Rate for the first interest period is fixed on the Trade Date, and the Floating Rate for the first interest period is fixed 2 business days prior to the first floating payment date, taking into account agreed non-working days

Stub Period Rate

- For swaps with partial year Tenors, an interest period that is shorter than the standard underlying Floating index interest periods may occur between the Effective Date and the first or last Roll Date (known as a Stub Period). In these cases, the Interest Rate for such Stub Period is determined using linear interpolation based on the two index rates that surround the Stub Period this can be applied either at the start or end of that period: Front or Back.

Trade Types

- The Platform may support the following trade types:

- Outrights
  - An Outright swap is where one party is the payer of the fixed rate and receiver of the floating rate and the other party is the receiver of the fixed rate and payer of the floating rate.
- Switches or Spreads
  - Is the simultaneous purchase and sale of two different Tenors of the yield curve (e.g. 2 year by 10 year).
- Butterflies
  - Butterflies are a combination of two spreads/switches (e.g. 2 year by 5 year by 10 year).

#### Contract Size

- Minimum notional size is dependent on currency and tenor

#### Minimum Price Fluctuation

- Outrights
  - The interest rate yield is quoted in increments of a minimum of .000025 (1/40th of a basis point).
- Spreads and Butterflies will be quoted in basis points dependent in multiples of the increments of the underlying Outrights

#### Final Settlement Price

- Multiple payments take place during the term of the swap. Settlement price used for the periodic exchange of fixed and floating payments is based on the following factors:
  - Fixed Leg
    - Payment amount on the fixed leg is based on the traded price and notional amounts of the swap on Trade Date. Payment timing on the fixed leg is based on the Payment Frequency, Day Count Convention, Business Day Convention, and Roll Day.
  - Floating Leg
    - Payment on the floating leg is based on the Interest Rate and notional amounts of the swap. Payments on the floating leg are based on the Payment Frequency, Day Count Convention, Business Day Convention, Roll Day Convention and Floating Reset Dates.

Fixed/ Floating Rate Frequency: 28 day rolls

Fixed/ Floating Rate Day count: ACT/360

This market is subject to Mexico following business day convention. When a 28 day period ends in a Mexican holiday, it is rolled forward to the next good business day in Mexico.

Prior to the 1998 inception of the Mexican TII IRS market, and in the absence of a viable repo market, forward foreign exchange provided the only opportunity to express bidirectional interest rate views. The interest rate swap market evolved at this time, as an alternative vehicle for both hedgers and speculators to go short or long, and at the same time reducing the credit profile of the trade along the term structure.

### Rule 801(5) — Non Deliverable Swaps

An NDIRS/NDS trade has many trade terms. For example, notional amount, fixed interest rate, floating rate, reference rate, holiday convention, etc. The deal is agreed on the basis that net settlement will be made in USD, or another fully convertible currency, to reflect any differential between the agreed fixed rate and the actual floating rate on the settlement dates. Both NDS and ND IRS are quoted as Offer/Bid. For ND IRS the fixed leg is quoted, hence it is a Fixed Income Swap.

#### ND IRS

- An agreement between two parties (known as counterparties) where one stream of future interest payments is exchanged for another based on a specified principal amount. Interest rate swaps often exchange a fixed payment for a floating payment that is linked to an interest rate (most often the LIBOR). The interest rate cash flows are net settled in a major currency on fixing date. A company will typically use interest rate swaps to limit or manage exposure to fluctuations in interest rates, or to obtain a marginally lower interest rate than it would have been able to get without the swap.
- Interest rate swaps are simply the exchange of one set of cash flows (based on interest rate specifications) for another. Because they trade OTC, they are really just contracts set up between two or more parties, and thus can be customized in any number of ways.

#### ND OIS:

- In Singapore, India IRS is traded as ND OIS.

#### NDS

- NDS typically refers to a non-deliverable cross currency Swap where the two legs are a major currency and a non-convertible currency: Periodic interest amount of the two legs are exchanged and converted into a Major currency for net settlement after fixing. NDS can also refer to a non-deliverable interest rate swap, with similar features to IRS, except that the interest rate cash flows are net settled in a major currency on fixing date.

#### Cross Currency Swap (CCS)

- On THB from time to time we see CCS being traded onshore. A CCS, also referred to as cross currency interest rate swap is an agreement between two parties to exchange principal and interest payments denominated in two different currencies. The exchange of interest rate can be in the form of fixed to fixed rate, or floating to fixed rate, or floating to floating rate.

#### Effective Date

- The first date from which fixed and floating interest amounts accrue. It is also referred to as the Start Date or the Value Date. The Effective Date of the Swap must be a business day subject to the appropriate Business Day Convention.

#### Trade Start Type

- Spot Starting
  - A swap whose Effective Date is 2 business days from the Trade Date (T+2).

#### Maturity Date

- The final date until which Fixed and Floating amounts accrue

#### Tenor

- The duration of time from the Effective Date to the Maturity Date. Tenors of any duration, greater than 0 years to 50 years.

#### Roll Day Convention

- The date used for determining all fixed and floating Reset Dates. Roll Days define the beginning and end of Fixed and Floating interest accrual periods.
  - For On-the-Run Contracts, the Roll Day is the same date of the month as the Effective Date.
  - For Off-the-Run Contracts, it can be any date of the month, subject to the provisions of the Business Day Convention
- Roll Day marks the start of a new interest accrual period, and is the date on which a Reset Rate takes effect.

#### Trade Types

- The Platform may support the following trade types:
  - Outrights
    - An Outright swap is where one party is the payer of the fixed rate and receiver of the floating rate and the other party is the receiver of the fixed rate and payer of the floating rate.
  - Switches or Spreads
    - Is the simultaneous purchase and sale of two different Tenors of the yield curve (e.g. 2 year by 10 year).
  - Butterflies
    - Butterflies are a combination of two spreads/switches (e.g. 2 year by 5 year by 10 year).

#### Contract Size

- Minimum notional size is dependent on the associated Risk. It is represented in terms of DV01. For Emerging Markets ND IRS and NDOIS the minimum is 5K DVO1. For NDS the minimum size is considered USD 5 Mio.

#### Risks associated with interest rate swaps

- A party entering a swap takes on exposure to a given interest rate; the exposure can be long or short depending on whether a counterparty is paying or receiving the fixed rate. At the same time, each party take on the risk known as counterparty credit risk – of the other party defaulting at some time during the life of the contract.

### TIIE Swap Options

- The Mexican Swap option market allows counterparties to buy or sell
- European style options of various maturities on the MXN fixed/float TIIE interest rate swap market.
- These options enable option buyers the right but not the obligation to pay or receive a fixed interest rate at a given strike price on a given date *in* an agreed upon amount for a given swap maturity. Delta neutral strategies are for the most part quoted as Black and Scholes volatility expressed as a percentage of yield / underlying swap rate. Live premium prices for given structures are also quoted.
- Option Style: European style
- Expiration: 12:30pm New York time
- Premium Payment: Paid in MXN by buyer to option writer value one
- Mexican business day following trade date (T+2).
- Option Maturities:
  - Option maturities are by default, calculated using the Mexican TIIE 28-day calendar but can be date specific or conform to regular calendar maturities. Maturities are calculated from the trade date (T0) to the expiration date.
- Mexican TIIE calendar example:
  - In the case of a six month option using the 28-day TIIE calendar, option expiration will occur 168-days (6 coupons of 28-day TIIE) (T+168) from the trade date (T0).
    - T0 = September-23-2005
    - Expiration = March-10-2006 12:30pm New York time.
  - In the case of expiration falling on a holiday, the expiration date will be adjusted according to Mexican business day following convention.
- USD Swap Option example:
  - In the case of plain vanilla calendar year calculations, a six-month option expiration will be calculated as the date exactly six calendar months after the trade date (T0).
    - T0 = September-23-2005
    - Expiration = March-23-2006 12:30pm New York time.

- In the case of a MXN option, using this calendar with expiration falling on a holiday, the expiration date will be adjusted according to Mexican business day modified following convention.
- Option Settlement:
  - Currently, in the event of option exercise the physically delivered Interest Rate swap has an effective date one Mexican business day following option expiry.
- Cash Settlement:
  - ICAP is currently taking the initiative in creating a daily Interest Rate Swap fixing mechanism to allow counterparties to cash settle swaptions: dramatically reducing the trade's credit profile. ICAP is currently the calculation agent for USD swap fixings.

#### TIIE Caps & Floors

- MXN TIIE caps and floors share the exact same payment calendar as TIIE interest rate swaps except for the initial TIIE reference. Caps and floors initially reference TIIE on trade date + 28 days, providing for one less calculation period than the corresponding interest rate swap maturity. Intrinsic value, if any, for each caplet or floorlet, is paid by option writer to option buyer in arrears for each subsequent calculation period on an Actual/360 day count basis using a following Mexican business day payment convention.
- Premium Payment:
  - Paid in MXN by buyer to option writer value one Mexican business day following trade date (T+2).

#### UDI/LIBOR Cross Currency Swap

- The UDI vs LIBOR cross currency swap is structured as MXN peso fixed vs USD LIBOR floating swap where the MXN rate is paid as a Real rate of interest calculated to a Mexican Peso notional that is adjusted periodically to inflation using the UDI Index. The UDI Index is published on Reuters Page MEX14, Bloomberg and can also be found on the Banxico website, and is adjusted on a daily basis according to published inflation rates. Although UDI/LIBOR swaps are quoted in USD the value of the UDI Index in tandem with the fair value of Spot USD/MXN at the trade's inception, allows us to determine the structure's UDI notional amount which in turn enables the counterparties to adjust the MXN notional to inflation for each relevant calculation period. The UDI notional is calculated as follows:
  - $\text{USD Notional} \times \text{Spot USD/MXN} / \text{UDI Index}$  as published for value spot.
  - The structure of this swap requires an initial and final exchange of currencies.
    - Initial Exchange:
      - The UDI rate payer sells USD notional to the USD rate payer
      - The USD rate payer sells USD x Spot F/X in MXN to the UDI rate payer
    - Final Exchange:

- The UDI Rate Payer sells UDI Notional to USD Rate Payer
- The USD Rate payer sells USD notional to the UDI rate payer.
- The vanilla structure is: Effective date value spot. Semi-annual coupons of UDI vs 6-month USD LIBOR paid in arrears on an Act/360 modified following day count basis. The most traded maturity is currently the 10-year.
- On occasion UDI swaps are traded with 28-day TIIE as the floating rate. Price is adjusted using the LIBOR/TIIE cross currency basis swap value for the equivalent maturity vs the UDI/LIBOR fair value.

### **TIPS Asset Swaps**

Several variations of the inflation asset swap structure exist. In its simplest form it can be treated as consisting of two separate trades. In return for an upfront payment of par (par inflation asset swap) or the dirty price (market asset swap), the asset swap buyer:

Receives an inflation-linked bond from the asset swap seller. Typically the bond is trading away from par. Depending on the passed life of the trade the bond can trade substantially away from par.

Enters into a series of inflation swaps (equivalent to the OTC inflation bond described in Section 7.1) to pay the asset swap seller inflation coupons equal to that of the asset. In return the asset swap buyer receives regular floating rate payments of Libor plus (or minus) an agreed fixed spread. The transaction is shown in Figure 7.6. The fixed spread to Libor paid by the asset swap seller is known as the asset swap spread and it is set at a breakeven value such that the net present value of the transaction is zero at inception.

#### **Notional**

(1) **Bids/Offers**

- (i) All Bids/Offers are automatically matched according to the matching priorities of the System's matching engine.
- (ii) All Participants are treated equally, and Bids/Offers are always matched at the price limit of the submitted Bid/Offer, or better.
- (iii) All auto-match Bids/Offers are firm. Incoming Bids/Offers are always matched at the best available price.
- (iv) Spread and butterfly Bids/Offers will imply into outright markets and vice versa. Chains of implied Bids/Offers can be matched to any chain length.

(2) **Bid/Offer Types & Conditions**

- (i) The System supports limit Bids/Offers only.
- (ii) Details of Bid/Order types, conditions, duration and management are found in Appendix 2 to this System Protocol.

(3) **Restrictions on Orders Entered into the System; Non-Reviewable Range**

- (i) The System includes as a risk control a price deviation limit which restricts Participants from entering Bids/Offers with prices that are outside the price deviation limit of +/- 3bp (therefore, a 6bp corridor) from an i-Swap Order Book determined mid-price.
- (ii) The System includes as a risk control a size limit which restricts Participants from entering Orders for more than a given size. The size limit is the lesser of \$1m pv01 or any lesser limit with which the System is configured by a Participant to constrain its own activity.
- (iii) IGDL has established Non-Reviewable Ranges in order to establish which transactions IGDL will review pursuant to Facility Rule 315. The Non-Reviewable Ranges, which are set forth in Facility Rule 315 (f), are narrower than the price deviation limit.

## Appendix 2

### Bid/Offer Types and i-Swap Configuration

#### (a) Implied orders:

- (1) The System uses Bids/Offers in the System to imply prices in related Contracts. Single line Contracts in combination can imply switches and/or butterflies.
- (2) Switches and butterflies in combination can imply other switches and/or single line Contracts.
- (3) Implied Bids/Offers will only be generated if they can meet the minimum size of the Contract being implied. Implied Bids/Offers need not comply with incremental size settings.
- (4) Implied Bids/Offers will be consistent with the tick structure of the Contract being implied.
- (5) An implied price generated by the System follows time / price priority logic used for Participant-entered Bids/Offers.
- (6) A top of market implied Bid/Offer will be shown (for Global Front End users) in the top of market line with a chevron (^).

#### (b) Tick structure:

- (1) The convention is as follows:
  - (i) Rate instruments trade in 1/8th basis point increments (i.e. 1.01, 1.01125, 1.0125, 1.01375, 1.0150... for outright rates and 12.00, 12.125, 12.25, 12.375, 12.50... for rate curves and butterflies).
  - (ii) Spread instruments (outright, curves and butterflies) trade in ¼ basis point increments (i.e. 12.00, 12.25, 12.50, 12.75, 13.00).

#### (c) Stacked Order Book and Work Up:

- (1) The System supports a stacked Order Book. If there are multiple Bids/Offers at the same price point on one side (e.g. 5 orders for 100m each) then when aggressed for the full 500, each Bid/Offer on the passive side will trade. The trade will enter a public work up phase with the matching aggressive and highest place passive Orders receiving priority. All Participants on the System will see full depth of market on all instruments.
- (2) Public phase work up is initiated after a trade and lasts for 4 seconds. The timer resets if a trade happens during the session. While a work up session is running orders can only be submitted at the price of the initiating trade or worse. For example, after a trade at a price of 20 only bids of 20 or less and offers of 20 or more will be accepted. Matching at the work up price follows the normal time priority protocol.

#### (d) Broker access to Participant entered Bids/Offers:

- (1) The SEF Execution Specialist will not have the ability to amend or cancel individual Participant-entered Bids/Offers unless instructed by Participant. The SEF Execution Specialist will be able to "Cancel All" Bids/Offers entered directly into the System by a specific Participant in the event a Participant is unable to do it by itself.

#### (e) One-Cancels-Other Orders ("OCO")

(i) OCO is available via the API and the Global Front End.

(f) **Other Bid/Offer Types**

(1) Time attributes:

- (i) Good Till Day,
- (ii) Good Till Time,
- (iii) Good Till Duration,

(iv) Intermediate

(2) Other attributes:

- (i) Minimum Size
- (ii) All-or-Nothing
- (iii) Iceberg

**IGDL Required Interest Rate Swap vRFQ System Protocol**

**Definitions**

**Indication of Interest** means a price provided by a Voice RFQ Participant at the beginning start of the trading day that is not the initiation of an RFQ or a Bid/Offer.

**Initiator** means a Participant that begins an RFQ by contacting an Execution Specialist.

**Initiation** means an RFQ that is submitted by a Participant to an Execution Specialist.

**Interest Stack** means the order of Indications of Interest received from Participants at the start of the trading day in price, time priority.

**Tranche** means the market Voice RFQ size listed in Appendix A of this System Protocol.

**Responder** means a Recipient of an Initiator's RFQ who subsequently provides a Bid/Offer to the Execution Specialist in response.

**Response** means a Bid/Offer provided by a Responder to an Execution Specialist.

**RFQ Stack** means the order of RFQ Initiations and Responses that are received in price, time priority.

**Outright Spreadover** means a contract listed as such in Appendix A of this System Protocol.

**Voice RFQ** or **vRFQ** means a RFQ that is submitted in accordance with the procedures in Facility Rule 305 (c).

**Voice RFQ Participant** means a Participant that on a particular trading day is in the Interest Stack or the RFQ Stack.

All capitalized terms in this System Protocol have the same meanings as the Facility Rulebook.

(a) **General Provisions.** In cases where an Initiator or Responder does not provide a notional size in the Initiation or Response, the Execution Specialist will assume the instrument's Voice RFQ market size for the specific tenor or for butterflies and strategies as listed in Appendix A for butterflies and strategies. Voice RFQ market sizes may change from time to time at the discretion of IGDL and upon notice to Participants.

(i) All Initiations and Responses, except in the case of Voice RFQs initiated pursuant to Facility Rule 305 (c)(2), are pre-trade anonymous. Participants to a transaction resulting from a Voice RFQ will be disclosed only to the counterparties by the Execution Specialists after the execution of the transaction.

(ii) Intermediaries initiating a Voice RFQ or responding to a Voice RFQ on behalf of a Customer must provide the Execution Specialist with the identity of the Customer.

(iii) Except as provided in Facility Rule 902 (b)(ii), increments for Voice RFQs that are Outright Spreadovers will be 1/4. Increments for all other Voice RFQs will be 1/8.

(b) **RFQs in Increments of 1/8**

(i) Initiations in increments of 1/8 are in a separate Interest Stack and RFQ Stack from Initiations in increments of 1/4.

- (ii) For Outright Spreadovers, Initiations in increments of 1/8 must be for a minimum of twice the assumed market size except for Initiations by Participants located in Asia, which may be for market size.
- (iii) Responses to an Initiation in a 1/8 increment include any resting Bid/Offer in the Order Book that is at or better than the Initiation price.

(c) **Interest Stack**

- (1) Upon the start of the trading day, Execution Specialists may canvass the market for Indications of Interest from Participants which may be used to identify potential Voice RFQ Initiators and Responders.
  - (i) Indications of Interest are announced to other Execution Specialists and maintained manually in an Interest Stack.
  - (ii) The order of the Interest Stack is based on price, time priority.
- (2) Upon request by a Participant, an Execution Specialist may provide current Indications of Interest by stating the best prices among the Indications of Interest on the bid and offer side of the market for that instrument.

(d) **RFQ Stack**

- (1) The RFQ Stack begins at the start of the first Voice RFQ of the trading day.
- (2) Voice RFQ Initiations will be maintained in price, time priority per instrument.
  - (i) Initiators may be at the top of the RFQ Stack if (i) the Initiator traded the last best price in the most recent RFQ and indicated to the Execution Specialist that the Initiator wants to remain in the RFQ Stack; (ii) the Initiator initiates a new Voice RFQ that is better than any other current RFQ or Order Book price and that new Voice RFQ is available to the market for a minimum of 30 seconds without trading.
  - (ii) Responses to Voice RFQs may become new Initiations upon request of the Responder. Such new Initiations will be placed in the RFQ Stack.

(e) **Voice RFQ Initiation**

- (1) An Initiator may initiate a Voice RFQ by contacting an Execution Specialist.
- (2) Initiation of a Voice RFQ begins when the Initiator identifies the desired instrument and can include the direction, price, and/or size. RFQs that are initiated by an Intermediary must also provide the Customer identity to the Execution Specialist (this is not disclosed in a Non-Directed RFQ).
- (3) Initiations are entered into the Facility's internal Voice RFQ tool.
  - (i) When required, pre-trade limit checks must be conducted prior to entry of the Initiation details into the Voice RFQ tool and prior to announcement of the details to other Execution Specialists.
- (4) The Execution Specialist must announce the details of the Voice RFQ to other Execution Specialists who in turn contact all Voice RFQ Participants in a Non-Directed Voice RFQ.

- (5) Indications of Interest in the Interest Stack will be used as potential responses after the Initiation has been announced to the vRFQ Participants.
- (6) Initiations in the RFQ Stack on the opposite side of a new Voice RFQ will receive priority in Responding to all Initiations subsequent to the first Voice RFQ of the trading day.
  - (i) Prices in the Order Book at or better than the Initiation price will be included in the RFQ Stack of potential Responders.
- (f) **Voice RFQ Responses**
  - (1) Responders must provide the price and size of the Bid/Offer if above or below the assumed market size as described in Facility Rule 902 (a)(1) within approximately 5 seconds of communication of the Initiation.
    - (i) Bids/Offers are provided to the Initiator in price, time priority.
      - A. Along with the first response, any resting Bids/Offers in the Order Book must be communicated to the Initiator.
      - B. Only the price is communicated to the Initiator unless otherwise instructed by the Responder.
  - (2) The Initiator has approximately 5 seconds to accept or reject the Responses provided upon communication of those Responses.
- (g) **Acceptance of Bid/Offer**
  - (1) If, prior to the expiration of the time period described in Facility Rule 902 (f)(2), the Initiator accepts a Bid/Offer, the details of the Bid/Offer are entered into the internal Voice RFQ tool.
    - (i) If required, a pre-trade limit check will be conducted on the Response prior to entry into the vRFQ Tool and Execution.
  - (2) The trade will be immediately reported to the SDR. Execution Specialists may not disclose the details of a transaction until the trade is sent to the SDR. Execution Specialists shall not disclose the identities of the counterparties to a trade to any other Participant at any time.
  - (3) If there is only one Initiator and one Responder at the chosen price that Initiator and Responder may trade the entire amount provided by the Responder (see Facility Rule 902 (f)(1)).
  - (4) If there are multiple Participants on either side of the market interested in trading at the chosen price, the initial transaction between Initiator and Responder will be for the market Voice RFQ size and the transaction will enter work-up.
    - (i) If the Responder does not provide a size but post-execution of the market size indicates a desire to continue trading beyond the Tranche size (where the Initiator's interest has been exhausted), the Responder may initiate a new RFQ that is announced to the market. The announcement of the new Voice RFQ ends the initial Voice RFQ.
    - (ii) Unless the Responder indicates a desire to continue trading an additional amount beyond the initial Tranche as described in Facility Rule 902 (g)(4)(i),

the order of the RFQ Stack will be followed with the Execution Specialist confirming that each Participant remains interested in trading at that price.

- (iii) The Initiator of the Voice RFQ receives priority to trade one more Tranche(s) offered by the Responder at the top of the RFQ stack. Subsequent trades in the work-up will be in individual Tranches through the voice RFQ stack until interest at that price level is exhausted.
- (iv) Any Order Book Bid/Offer incorporated in the work-up in price, time priority will be filled in its entirety before another Responder is offered a Tranche.
- (v) All trades are entered into the vRFQ tool, with the exception of those executed on the Order Book, and reported to the SDR.
- (vi) If there is any remaining unfilled interest, that Participant can request that the Execution Specialist initiate a new Voice RFQ and enter the Initiation into the RFQ Stack.

(h) **Rejection of a Bid/Offer**

- (1) If after the expiration of the time period described in Facility Rule 902 (f)(2), there is no acceptance from the Initiator or Responses are rejected, the Responses can, with the agreement of the Responder, become an Initiation of a Voice RFQ and be announced to the market.
- (2) If there are no remaining Initiations, then the Interest Stack is used as a guide to the potential market prices.
- (3) Counter requests by the Initiator are considered rejections of the Responses and new RFQ Initiations.

Participants have no access to the Systems and no rights with respect to the Systems, except as expressly granted by IGDL. Subject to any required approvals from any applicable Regulatory Agency, IGDL shall have the right to modify at any time a System's functionality, configuration, appearance, content and the Swaps made available for trading via a System.

(b) Upon granting Trading Privileges to a Participant, IGDL grants to that Participant a revocable, non-exclusive, non-transferable license to access and use the Systems in accordance with the Rules for the sole purpose of (i) entering into Swaps via the Systems, and (ii) receiving and transmitting information generated by or made available through the Systems from time to time. Such license shall terminate when the Participant's Trading Privileges terminate.

### (c) *Intellectual Property Rights*

(1) By becoming a Participant, each Participant acknowledges and agrees that the Intellectual Property Rights in the Systems are a valuable asset of IGDL or its affiliates or licensors or their respective successors. Each Participant shall protect and safeguard the Intellectual Property Rights in and to the Systems by using the same degree of care that the Participant generally uses to protect its own Intellectual Property Rights and business assets, but in any event with no less than a reasonable degree of care.

(2) Each Participant shall promptly notify IGDL upon becoming aware of any infringement or misappropriation of any Intellectual Property Rights of IGDL or its affiliates or licensors. Each Participant shall comply with all reasonable requests made by IGDL (at IGDL's reasonable expense) to protect and enforce the Intellectual Property Rights of IGDL or its affiliates or licensors in the Systems.

### (d) *Restrictions*

(1) Subject to Rule 202, a Participant shall not sell, lease, license, transfer, provide or otherwise make available to any third party (including an affiliate of Participant), any form of access to or use of the System.

(2) A Participant shall not alter, enhance, make derivative works of, download to computer, decompile, disassemble or reverse engineer all or any part of the Systems except solely to the extent (i) expressly required by Applicable Law or permitted by the Rules, or (ii) necessary in direct connection with support functions related to transactions on or subject to the Rules.

(e) Notwithstanding Rule 102, IGDL represents and warrants that it owns or is licensed all Intellectual Property Rights in or to the Systems.

### (f) *Indemnities*

(1) IGDL shall defend, indemnify and hold harmless each Participant and its officers, directors, employees and agents (each a "**Participant Indemnified Party**") from and against all Losses as a result of any third party claim or proceeding of any nature ("**Proceeding**") against a Participant Indemnified Party determining that the Systems (other than the EBS NDF System, which includes but is not limited to the technology known as EBS Dealing Service and Brokernet), or the use thereof by the Participant Indemnified Party as authorized hereunder, violates any Intellectual Property Rights of any third party provided that such Losses do not result from (i) any Participant Indemnified Party's fraud, gross negligence or willful misconduct; (ii) violation of

Applicable Law by the Participant Indemnified Party; or (iii) the Participant's breach of the Rules.

- (2) Each Participant shall defend, indemnify and hold harmless IGDL and each ICAP Party (each an "IGDL Indemnified Party") from and against any Losses to which any IGDL Indemnified Party may become subject, insofar as such Losses arise out of or in connection with, or are based upon any Proceeding against an IGDL Indemnified Party that arises out of or relates to any access, use or misuse of the Systems by the Participant or by any person accessing the Systems using the Participant's ID provided that such Losses do not result from (i) an IGDL Indemnified Party's fraud, gross negligence or willful misconduct; (ii) violation of Applicable Law by the IGDL Indemnified Party; or (iii) the IGDL Indemnified Party's breach of the Rules.
- (3) If a Proceeding is commenced against a party entitled to indemnification under this Rule 108 (the "Indemnified Party"), notice shall be given to the party obligated to provide such indemnification (the "Indemnifying Party") as soon as reasonably practicable. The Indemnifying Party shall be entitled to take control of the Proceeding and any settlement of it, and the Indemnified Party shall give the Indemnifying Party, at the Indemnifying Party's reasonable cost, all reasonable assistance in relation to the Proceeding.
- (4) Notwithstanding anything to the contrary contained in Rule 102 or a System Protocol, no limitation or exclusion of liability shall apply with respect to any direct losses or claims based on confidentiality, or to IGDL's intellectual property infringement indemnification obligations set forth in this Rule 108.

(g) *Confidentiality*

Each Participant shall keep confidential all Confidential Information of IGDL or IGDL's affiliates or licensors, both during the term and after termination of the license granted by this Rule 108. Each Participant may disclose Confidential Information to its professional advisers but otherwise may only disclose Confidential Information to those of its employees and representatives who need to know such Confidential Information for the purposes of exercising or performing the rights and obligations of Participant under the Rules and have been informed of the confidential nature of the Confidential Information divulged. No Participant will disclose Confidential Information to any third party except as follows: (i) with the consent of IGDL; (ii) as necessary to a DCO of which such Participant is a member or in connection with the clearing of a Swap; (iii) subject to appropriate confidentiality requirements no less stringent than the confidentiality provisions hereunder, to any person providing services to such party relating to transactions on or subject to the Rules; or (iv) to IGDL's Regulatory Services Provider.

(h) Each Participant shall maintain commercially available virus checking software to protect itself and the Systems from viruses, notify IGDL immediately of any defect in the System or any unauthorized access or change to the System of which the Participant becomes aware and comply with any security measures and procedures for authentication required by IGDL from time to time.

## CHAPTER 2

### TRADING PRIVILEGES

#### Rule 201 Trading Privilege Holders

(a) *Trading Privileges*

- (1) Subject to the requirements and procedures set forth in this Chapter 2, Trading Privileges will be granted to all applicants from time to time approved by IGDL as eligible to be Trading Privilege Holders, subject to any limitations or restrictions from time to time imposed by IGDL. Trading Privileges are non-transferable (except under certain limited circumstances which must be approved by IGDL), non-assignable and may not be sold or leased. Circumstances under which Trading Privileges may be transferred, subject to IGDL approval, include, for example, transfers due to corporate reorganisations. Each Trading Privilege Holder will have the right to access the Facility (including, subject to the applicable System Protocol, any Trading Platform) including the right to:
  - (i) place Bids/Offers, RFQs and Pre-Arranged Crosses for each of its proprietary accounts;
  - (ii) where permitted under this Rulebook and by Applicable Law, place Bids/Offers, RFQs and Pre-Arranged Crosses for the accounts of such Customers as an Intermediary; and
  - (iii) appoint other persons to act on its behalf as an Authorised Trader or Authorised Trading Firm pursuant to Rule 202, including providing DMA to a Customer.
- (2) By virtue of obtaining Trading Privileges, a Trading Privilege Holder will not obtain any equity or other interest in IGDL or the Facility, including voting rights or rights to receive any dividends or other distributions, whether arising from a dissolution, merger or consolidation involving IGDL, the Facility or otherwise.
- (3) In granting Trading Privileges, IGDL may impose such restrictions or limitations as it may deem necessary or appropriate, and in accordance with Applicable Law. IGDL shall apply such restrictions or limitations to applicants in an impartial, non-discriminatory manner, consistent with the Act, Commission Regulations and FCA rules thereunder. IGDL will deny the grant of Trading Privileges where an applicant has failed to meet any requirements for such grant.

(b) *Financial Requirements*

- (1) Any person that wishes to have Trading Privileges must be of good financial standing and must, in the opinion of IGDL, have sufficient resources for the role they are to perform, taking into account also the arrangements that have been established to guarantee the adequate settlement of transactions pursuant to Rule 204, and must meet the other financial and related reporting requirements set forth in this Rule 201.
- (2) Each Trading Privilege Holder must provide a signed written or electronic representation, prior to being granted access to the Facility, that it qualifies as an "eligible contract participant" as defined in the Act upon initial application for Trading Privileges.
- (3) Each Trading Privilege Holder shall, no less frequently than annually, provide IGDL either with (i) its annual financial report that it provides to the Commission or (ii) a written or electronic representation providing that such Trading Privilege Holder has been, and continues to be as of such date, an "eligible contract participant" as defined in the Act.

- (4) Each Trading Privilege Holder must notify IGDL's Compliance Function immediately upon becoming aware that it fails to satisfy the minimum financial requirements applicable to it.
  - (5) Unless and until a Trading Privilege Holder is able to demonstrate to IGDL that it is in compliance with the minimum financial requirements applicable to it, such Trading Privilege Holder may not engage in any transactions subject to the Rules of the Facility, except for the purpose of closing open positions that were opened on the Facility.
- (c) *Fitness Standards*
- (1) IGDL may deny the grant of Trading Privileges, or may prevent a person from becoming an Authorised Trader or Authorised Trading Firm of a Trading Privilege Holder, if such person:
    - (i) is unable satisfactorily to demonstrate a capacity to adhere to all applicable Rules of the Facility or any Regulatory Agency, Rules of any DCO to which the Trading Privilege Holder submits Cleared Contracts for clearing, Commission Regulations and SRO regulations, including those concerning recordkeeping, reporting, financial requirements and trading procedures;
    - (ii) would bring IGDL or the Facility into disrepute; or
    - (iii) is otherwise not fit and proper to be a Trading Privilege Holder, Intermediary, Authorised Trader or Authorised Trading Firm.
  - (2) IGDL may determine not to permit a Trading Privilege Holder or any Authorised Trader or Authorised Trading Firm of a Trading Privilege Holder to keep its, his or her Trading Privileges or maintain his or her association with a Trading Privilege Holder, as the case may be, if such Trading Privilege Holder, Authorised Trader or Authorised Trading Firm:
    - (i) fails to meet any of the qualification requirements for Trading Privileges or Authorised Trader or Authorised Trading Firm status after such Trading Privileges or Authorised Trader or Authorised Trading Firm status has been approved;
    - (ii) fails to comply with any limitation placed by IGDL on such Trading Privileges or Authorised Trader or Authorised Trading Firm status; or
    - (iii) commits a material Violation.
  - (3) IGDL may deny the grant of Trading Privileges, or may prevent a person from becoming an Authorised Trader or Authorised Trading Firm, if they do not have a sufficient level of trading ability and competence or adequate organisational arrangements.
  - (4) Any decision made by IGDL pursuant to this Rule 201 must be consistent with both the provisions of this Rule and the Act and Commission Regulations and FCA rules thereunder.
- (d) IGDL may (i) deny the grant of Trading Privileges, (ii) prevent a person from becoming an Intermediary or Authorised Trader or Authorised Trading Firm, and (iii) determine not to permit a Trading Privilege Holder or any Intermediary or Authorised Trader or Authorised Trading Firm to keep its, his or her Trading Privileges or maintain his, her or its association with a Trading Privilege Holder, as the case may be, if such Trading Privilege Holder, Intermediary, Authorised Trader or Authorised Trading Firm causes or would cause IGDL to be in violation of Applicable Law.

(e) *Consent to Facility Rules*

Prior to obtaining access to the Facility and each time a Participant or Customer initiates or executes a transaction on the Facility, directly or through an Intermediary, each Participant and each Customer shall be deemed to have expressly consented to the jurisdiction of the Facility and agreed to be bound by and comply with the Rules. At the time any Clearing Firm provides a Clearing Firm Representation, each such Clearing Firm shall expressly consent to the jurisdiction of the Facility and agree to be bound by and comply with the Rules.

**Rule 202 Authorised Traders and Authorised Trading Firms**

(a) Each Trading Privilege Holder may from time to time permit one or more persons to enter Bids/Offers, issue and respond to RFQs, submit Pre-Arranged Crosses, access a Trading Platform and effect transactions in Contracts on the Facility. Such authority may be granted to one or more Authorised Traders.

(1) *Authorised Traders*

- (i) Each Trading Privilege Holder which is trading for its own account as a principal may permit one or more individuals as Authorised Traders to enter Bids/Offers and RFQs and Pre-Arranged Crosses on its behalf. In such case, the Trading Privilege Holder shall be principal to any resulting transactions made on its behalf by such Authorised Traders or to one or more Authorised Trading Firms.
- (ii) Each Trading Privilege Holder which is an Intermediary trading for the accounts of Customers may permit one or more individuals as Authorised Traders to enter Bids/Offers and RFQs and Pre-Arranged Crosses on its behalf as an Intermediary for such Customers. In such cases, the Trading Privilege Holder has responsibility for all actions and failures to act of such Authorised Traders, but the Customer on whose behalf each transaction is made shall be the principal to any transactions made on its behalf by such Authorised Traders.
- (iii) Each Trading Privilege Holder which is an Intermediary trading for the accounts of Customers that are natural persons may provide such a Customer with DMA to the Facility by permitting the Customer to become an Authorised Trader to enter Bids/Offers and RFQs on behalf of the Customer. In such case, the Customer shall be the principal to any transactions entered into as an Authorised Trader. As provided for in section (b)(3) below, IGDL may grant or deny DMA to a Customer in its sole discretion.
- (iv) The Trading Privilege Holder shall be responsible to IGDL for acting with reasonable care in granting Authorised Trader status.

(2) *Authorised Trading Firms*

(i) Each Trading Privilege Holder which is an Intermediary trading for the accounts of Customers that are entities may provide such a Customer with DMA to the Facility by permitting the Customer to become an Authorised Trading Firm and by permitting one or more individuals associated with the Authorised Trading Firm to become Authorised Traders to enter Bids/Offers and RFQs on behalf of the Customer. In such case, the Customer on whose behalf each transaction is made shall be the principal to any transactions made on its behalf by such Authorised Trading Firm through the Authorised Traders. As provided for in section (b)(3) below, IGDL may grant or deny DMA to a Customer in its sole discretion.

(ii) **[NOT USED]**

(iii) The Trading Privilege Holder shall be responsible to IGDL for acting with reasonable care in granting Authorised Trading Firm status.

(iv) Each Trading Privilege Holder will obtain a signed written or electronic representation, prior to being granted access to the Facility, that each of its Authorised Trading Firms continues to qualify as an “eligible contract participant” as defined in the Act and provide such representation to IGDL.

(b) *IGDL Approval*

- (1) No person may act as an Authorised Trader or Authorised Trading Firm before being approved to do so by IGDL.
- (2) Each prospective Authorised Trader and Authorised Trading Firm, or the Trading Privilege Holder on their behalf, will, prior to being permitted by IGDL to act as an Authorised Trader or Authorised Trading Firm, as the case may be, submit an application in the form required by IGDL and will satisfy such requirements as may be prescribed by IGDL from time to time.
- (3) Each prospective Authorised Trading Firm, or the Trading Privilege Holder on its behalf, must provide a written or electronic representation, prior to being granted access to the Facility, that the Authorised Trading Firm qualifies as (x) an “eligible contract participant” as defined in the Act, and (y) an Eligible Counterparty, and that it has all registrations, licenses and consents required by its constituent documents and Applicable Law to transact in Contracts. The foregoing representation may be provided directly to IGDL by the Authorised Trading Firm in a form provided by IGDL or, alternatively, the Trading Privilege Holder may provide IGDL evidence satisfactory to IGDL that the Authorised Trading Firm has provided such consents, agreements and representations to the Trading Privilege Holder.
- (4) DMA to the Facility by an Authorised Trader or an Authorised Trading Firm shall be granted or denied in the sole discretion of IGDL. IGDL will notify a Trading Privilege Holder of its approval or disapproval of the designation of an Authorised Trader or Authorised Trading Firm for DMA. IGDL may, in its sole discretion, revoke or suspend the designation of an Authorised Trader or Authorised Trading Firm for DMA, and shall notify the Trading Privilege Holder of such action in accordance with procedures established by IGDL.

(c) *Responsibilities to IGDL*

- (1) Each Trading Privilege Holder shall notify IGDL in writing if its relationship with an Authorised Trader or Authorised Trading Firm has been terminated, and such Trading Privilege Holder may at any time revoke any authorisation granted by it to any Authorised Trader or Authorised Trading Firm by providing written notice of such revocation to IGDL.
- (2) By permitting any of its Authorised Traders and/or Authorised Trading Firm to access and use the Facility (including any Trading Platform) from any jurisdiction or to act as an Intermediary for trades on behalf of Customers located in any jurisdiction, each Trading Privilege Holder represents and warrants that each such access to or use of the Facility, or action as an Intermediary, does not violate any law applicable to the Trading Privilege Holder, the Authorised Trader, the Authorised Trading Firm or, to such Trading Privilege Holder's knowledge, IGDL.

(d) *Intermediation*

- (1) A Participant may not act as an Intermediary for any other entity or person, unless the Trading Privilege Holder does so in accordance with Applicable Law.
- (2) A Trading Privilege Holder may not transact as an Intermediary for any Customer unless the Trading Privilege Holder has submitted a signed representation to IGDL that each of its Customers is an "eligible contract participant" as defined in the Act and as an Eligible Counterparty.

### **Rule 203 Financial Integrity**

(a) Each Trading Privilege Holder, Authorised Trading Firm and Customer must be an "eligible contract participant" as defined in the Act and an Eligible Counterparty (i) prior to obtaining access to the Facility, and (ii) at the time that such person enters into each transaction on the Facility or subject to the Rules.

(b) For Cleared Contracts:

- (1) each Trading Privilege Holder or Authorised Trading Firm transacting on the Facility as a principal is required to demonstrate to IGDL, with appropriate documentary evidence as required by IGDL from time to time, that such Trading Privilege Holder or Authorised Trading Firm is a Clearing Firm or that it has clearing arrangements in place with a Clearing Firm, including having the Clearing Firm Representation required by Rule 204 (f); and
- (2) each Trading Privilege Holder acting as an Intermediary shall confirm that each of its Customers has clearing arrangements in place with a Clearing Firm and obtain from its Customers any documentary evidence as required by IGDL from time to time to that effect, including any Clearing Firm Representation required by Rule 204 (f). The Trading Privilege Holder shall provide such documentary evidence to IGDL.

(c) For Contracts listed on the Facility as bilateral Contracts, each Trading Privilege Holder, Authorised Trading Firm or Customer that enters into such Contracts as a principal must undergo such credit checks and provide such credit information as the Facility may require from time to time.

### **Rule 204 Clearing**

(a) All Contracts executed on the Facility that are subject to mandatory clearing under Section 2(h) of the Act must be cleared through a DCO by a Clearing Firm. Any other Contracts executed on the Facility may be cleared at the discretion of the parties to such transaction; provided that such Contracts are able to be cleared through a DCO by a Clearing Firm.

(b) *Pre-Execution Credit Check / Risk Screening.*

- (1) In advance of submitting each Bid/Offer or Pre-Arranged Cross to the Facility for any Cleared Contract, each Trading Privilege Holder or Authorised Trading Firm shall identify the Clearing Firm to which any resulting transaction will be submitted for clearing at the relevant DCO and:
  - (i) if acting as principal, shall ensure that it has sufficient credit with such Clearing Firm for the resulting transaction and that the resulting transaction satisfies such Clearing Firm's Risk-Based Limits; and
  - (ii) if acting as an Intermediary, other than with respect to DMA, shall confirm that its Customer has sufficient credit with the Customer's Clearing Firm for the resulting transaction and that the resulting transaction satisfies such Clearing Firm's Risk-Based Limits.

In the event that there is insufficient credit or the transaction does not satisfy a Clearing Firm's Risk-Based Limits, the Trading Privilege Holder or Authorised Trading Firm may not submit such Bid/Offer or Pre-Arranged Cross to the Facility.

- (2) Each Clearing Firm that provides a Clearing Firm Representation for a Participant or Customer may notify IGDL of the Risk-Based Limits it has established for such Participant or Customer, and such Risk-Based Limits shall become effective upon acknowledgment of receipt by IGDL. Any change to such Risk-Based Limits shall become effective only upon acknowledgment of receipt by IGDL.
- (c) A Clearing Firm that seeks to effect transactions on the Facility for its own account or the account of any Customer must be a Trading Privilege Holder.
- (d) IGDL may share information with any DCO that would assist such DCO in evaluating and monitoring a Clearing Firm's compliance with these criteria. A Clearing Firm agrees to cooperate with IGDL and each relevant DCO in any such monitoring.
- (e) Clearing Firms shall clear Cleared Contracts in accordance with all applicable Rules and DCO rules.
- (f) *Clearing Firm Representation*
  - (1) Each Trading Privilege Holder or Authorised Trading Firm that is not a Clearing Firm and is transacting in Cleared Contracts on the Facility as a principal shall obtain a representation from a Clearing Firm, in form and substance satisfactory to, and approved by, IGDL (a "**Clearing Firm Representation**"). Under such representation, the Clearing Firm must accept for clearing all Cleared Contracts of each Trading Privilege Holder or Authorised Trading Firm for which it clears Cleared Contracts, subject to any Risk-Based Limits that are in effect pursuant to Rule 204 (b)(2). Where a Trading Privilege Holder or Authorised Trading Firm uses the services of multiple Clearing Firms, a Clearing Firm shall be responsible only to the extent that it has been designated by such Trading Privilege Holder or Authorised Trading Firm to clear a particular Cleared Contract.
  - (2) Each Trading Privilege Holder acting as Intermediary shall obtain from the Customer a Clearing Firm Representation from a Clearing Firm pursuant to which the Clearing Firm accepts for clearing all transactions in Cleared Contracts entered into by the Customer, subject to any Risk-Based Limits that are in effect pursuant to Rule 204 (b)(2). Where a Customer uses the services of multiple Clearing Firms, a Clearing Firm shall be responsible only to the extent that it has been designated by such Customer to clear a particular Cleared Contract.
  - (3) Every Contract that is subject to a Clearing Firm Representation and results from a Bid/Offer or Pre-Arranged Cross that is within any Risk-Based Limits that are in effect pursuant to Rule 204 (b)(2) is deemed accepted for clearing by the Clearing Firm upon execution.
  - (4) A Clearing Firm may at any time (but on prior written notice to IGDL) revoke any Clearing Firm Representation made by it to a Trading Privilege Holder, Authorised Trading Firm or Customer (as applicable) in accordance with paragraph (1) and/or (2) above, by providing prior written notice of such revocation to IGDL. The Clearing Firm Representation will remain in effect for all Contracts for which Bids/Offer or Pre-Arranged Cross were submitted to a Trading Platform prior to IGDL's acknowledgment of the revocation, which IGDL shall undertake to effectuate as promptly as practicable.
  - (5) Each Trading Privilege Holder, Authorised Trading Firm or, if applicable, Customer must assist its Clearing Firm and the DCO in the clearing of its Cleared Contracts.

- (6) Upon notice that a Clearing Firm has revoked any authorisation granted and Clearing Firm Representation made by it to a Trading Privilege Holder, Authorised Trading Firm or Customer pursuant to this Rule 204 (f), the right of such Trading Privilege Holder, Authorised Trading Firm or Customer (as applicable) to enter into Cleared Contracts will be automatically terminated, and such Trading Privilege Holder, Authorised Trading Firm or Customer must obtain another Clearing Firm Representation from a Clearing Firm before the Trading Privilege Holder's, Authorised Trading Firm's or Customer's right to access to trade Cleared Contracts via the Facility will be reinstated.
- (g) A DCO may be given access to the Facility for the purpose of obtaining any information required by the DCO to clear contracts, including, without limitation, real-time data regarding Bids/Offers, Pre-Arranged Crosses and the execution of transactions. IGDL may impose such restrictions on a DCO's access that it determines, in its sole discretion, are necessary and appropriate.
- (h) *Failure to Clear*
- (1) Subject to a Clearing Firm's obligation to accept for clearing all Contracts resulting from Bids/Offers or Pre-Arranged Crosses that satisfy the Risk-Based Limits in effect for a Participant or Customer, any Cleared Contract, including one leg of a Package Transaction, that is rejected for clearing by a Clearing Firm or DCO for any reason, including an error by IGDL in permitting a Bid/Offer or Pre-Arranged Cross to be made that did not satisfy the Risk-Based Limits in effect at the time the Bid/Offer or Pre-Arranged Cross was made, shall be void *ab initio* and will be cancelled by IGDL. For the avoidance of doubt, any component leg of a Package Transaction that was accepted for clearing will not be affected by the rejection of another leg of the same Package Transaction.
  - (2) Any Contract, including any component leg of a Package Transaction, that was executed on the Facility without the intent to be cleared, but later determined by the parties to the transaction to be cleared, will not be void if rejected for clearing by a DCO to which the Contract or component leg of the Package Transaction was submitted.
  - (3) In the event a Cleared Contract, including one leg of a Package Transaction, is cancelled by IGDL pursuant to this Rule 204 (h), IGDL will report such cancellation to the relevant SDR pursuant to Part 43 of the Commission Regulations.
  - (4) Any transaction cancelled under this Rule 204 (h) (except for transactions rejected by a DCO for credit reasons) may be re-executed pursuant to the procedures set forth in Rule 315 (i).
- (i) **[NOT USED]**
- (j) *FICC Clearing Member Representation*
- (1) Each Trading Privilege Holder that is not a FICC Clearing Member and is transacting in the Swap component of a U.S. Dollar Swap Spread on the Facility as a principal shall provide evidence, in form and substance satisfactory to, and approved by, the Facility that a FICC Clearing Member will accept for clearing all U.S. Treasury Security components of a U.S. Dollar Swap Spread executed on the Facility prior to such time as the Facility acknowledges withdrawal of such obligation pursuant to Rule 204 (j)(3) (a "**FICC Clearing Member Representation**").
  - (2) Each Trading Privilege Holder acting as Intermediary shall obtain from the Customer evidence of a FICC Clearing Member Representation with respect to all U.S. Treasury Security components of a U.S. Dollar Swap Spread executed on the Facility for such

Customer and submit such evidence to the Facility in form and substance satisfactory to, and approved by, the Facility.

- (3) A Trading Privilege Holder, on its own behalf or on behalf of its Customer, as the case may be, may at any time withdraw any FICC Clearing Member Representation upon prior written notice of such withdrawal to the Facility and acknowledgement of such withdrawal by the Facility.
- (4) Each Trading Privilege Holder or, if applicable, Customer must assist its FICC Clearing Member and FICC in the clearing of its Cleared Treasury Securities.
- (5) Upon the withdrawal of a FICC Clearing Member Representation by a Trading Privilege Holder pursuant to Rule 204 (j)(3), the right of such Trading Privilege Holder or its Customer (as applicable) to enter into the Swap component of U.S. Dollar Swap Spreads will be automatically terminated, and such Trading Privilege Holder (on its own behalf, or on behalf of its Customer, as the case may be) must provide new evidence of a FICC Clearing Member Representation from a FICC Clearing Member before the Trading Privilege Holder's or Customer's right to enter into the Swap component of U.S. Dollar Swap Spreads via the Facility will be reinstated.
- (6) Each Participant or, where a transaction is on behalf of a Customer, the relevant Customer, is obligated to settle all U.S. Treasury Security components of a U.S. Dollar Swap Spread where the Swap component is traded on the Facility. Any failure to settle such U.S. Treasury component shall be a Violation; provided that, in the event FICC rejects such U.S. Treasury Security for clearing due to operational error beyond the control of the relevant Participant or Customer, the failure to settle such U.S. Treasury component shall not be a Violation.

(k) *Breakage Agreements Prohibited.* Participants and Customers are prohibited from requiring a Breakage Agreement from any other Participant or Customer as a condition of trading with that other Participant or Customer.

#### **Rule 205 Application for and Grant of Trading Privileges**

(a) *Application Requirement.* Each applicant for Trading Privileges will submit an application to IGDL in a form and manner prescribed by IGDL. Each applicant will promptly update the application materials if any of the information provided therein becomes inaccurate or incomplete after the date of submission and prior to any approval of the application. IGDL will act upon, and approve or disapprove, any such application without unreasonable delay.

(b) Upon submission of an application and satisfaction of the requirements and procedures set forth in this Chapter 2, and approval by IGDL, a person applying for Trading Privileges will be granted Trading Privileges. If the application process is not completed by the applicant within six months of submission of an application and payment of any applicable fee, the application will be deemed to be withdrawn.

(c) Any applicant who has been denied Trading Privileges or Authorised Trader or Authorised Trading Firm status with a Trading Privilege Holder, and any Trading Privilege Holder or Authorised Trader or Authorised Trading Firm of a Trading Privilege Holder who is not permitted to keep its, his or her Trading Privileges or maintain his or her status as an Authorised Trader or Authorised Trading Firm may request an appeal of IGDL's decision pursuant to the procedures set forth in Rule 205 (e). No determination of IGDL to discontinue a person's Trading Privileges or Authorised Trader or Authorised Trading Firm status will take effect until the review procedures hereunder have been exhausted or the time for review has expired.

(d) Any applicant to become a Trading Privilege Holder who has been denied Trading Privileges pursuant to this Rule 205 will not be eligible for re-application during the six months immediately following such denial.

(e) *Appeal of Denial of Trading Privileges or Suspension or Termination of Access*

- (1) If IGDL, pursuant to this Rule, denies an application for Trading Privileges or association with a Trading Privilege Holder as an Authorised Trader or Authorised Trading Firm, or determines not to permit a person to keep its Trading Privileges or maintain its association as an Authorised Trader or Authorised Trading Firm, or suspends or revokes a Participant's or Customer's access to the Facility pursuant to Rule 206 (a) or (e), then, in any such case, the affected applicant, Trading Privilege Holder, Authorised Trader Authorised Trading Firm, Participant or Customer, as the case may be, within seven days after receiving written notice of such decision, may request in writing that IGDL provide the reasons therefor in writing. Within 14 days of receiving any such written request, IGDL will provide the applicant, Trading Privilege Holder, Authorised Trader, Authorised Trading Firm, Participant or Customer, as the case may be, with such reasons in writing. Within 14 days of receiving IGDL's written response, the applicant, Trading Privilege Holder, Authorised Trader, Authorised Trading Firm, Participant or Customer, as the case may be, may request, in writing, that the Participation Committee reconsider IGDL's initial decision and may provide any written representations or other information that the applicant, Trading Privilege Holder, Authorised Trader, Authorised Trading Firm, Participant or Customer, as the case may be, believes is relevant to the reconsideration.
- (2) Within 28 days of receiving either a written request for reconsideration or written representations or information from the applicant, Trading Privilege Holder, Authorised Trader, Authorised Trading Firm, Participant or Customer, as the case may be, or a statement from such person that no such representation or information is to be made or supplied, the Participation Committee will either confirm, reverse or modify the initial decision and will promptly notify the applicant, Trading Privilege Holder, Authorised Trader, Authorised Trading Firm, Participant or Customer, as the case may be, accordingly. The Participation Committee may in its discretion schedule a hearing or establish any other process that it believes is necessary and appropriate to consider the request for reconsideration. Any decision by the Participation Committee pursuant to this subparagraph (2) constitutes the final action of IGDL with respect to the matter in question and is not subject to appeal. Any action that may be taken by the Participation Committee under this Rule 205 (e) may be taken by the Board if no Participation Committee has been established.

**Rule 206 Participant and Customer Obligations; Suspension or Termination of Access**

(a) Each Participant and Customer must comply with these Rules, applicable provisions of the Act, and relevant Commission Regulations and FCA rules. Each Participant and Customer must also cooperate promptly and fully with IGDL, its agents, its Regulatory Services Provider, and/or a Regulatory Agency in any investigation, call for information, inquiry, audit, examination, or proceeding. Such cooperation shall include a duty to provide supplemental verbal or other information if the Participant or Customer learns that a previous response is incomplete or incorrect in any material respect. Additionally, each Trading Privilege Holder must update its email address promptly after any change and update all other material information provided in its application for Trading Privileges within five days after that information has changed. If any Participant or Customer fails to satisfy these obligations, IGDL may revoke or suspend the Participant's or Customer's access to the Facility in full or in part.

(b) Each Participant and Customer consents to allow IGDL to provide all information IGDL has about the Participant or Customer, including the Participant's or Customer's trading activity, to the Regulatory Services Provider, the Commission or any other Regulatory Agency, law enforcement

authority, or judicial tribunal, including (as may be required by information sharing agreements or other contractual, regulatory, or legal provisions) foreign regulatory or self-regulatory bodies, law enforcement authorities, judicial tribunals and any other service provider to IGDL solely in connection with the service provider's performance of services to IGDL and subject to the service provider's agreeing to maintain such information as confidential, including that such service provider shall not:

- (1) use such information for any purpose other than in connection with providing services to the Facility (including that it may not otherwise use such information for its own business or marketing purposes), unless specifically required in order to fulfill such service provider's regulatory obligations; or

  - (7) For a Participant who is a broker or dealer and has the ability to accept a Bid/Offer it submits on behalf of a Customer or to execute Bids/Offers from two Customers against each other, the Participant must allow at least a 15 second delay between the entry of those two Bids/Offers, such that one side of the potential transaction is disclosed and made available to other Participants for at least 15 seconds (or such other time as IGDL may publish for particular contracts) before the second side of the potential transaction, whether for the Participant's own account or for Participant's Customer, is submitted for execution. Participants and Customers may engage in pre-execution discussions with regard to such Bids/Offers in accordance with Rule 404 (c).
- (b) **[NOT USED]**

    - (iii) The identity of a Directed Voice RFQ requester shall be disclosed to the Recipients upon transmittal of any Directed Voice RFQ and the identities of the Recipients that provide responses shall be disclosed to the RFQ requestor at the time of such responses.

- (iv) A Participant may elect to not receive Directed Voice RFQs upon written notice to the Facility.
- (3) With respect to both Non-Directed Voice RFQs and Directed Voice RFQs:

  - (ii) Responses to RFQs must be in the form of a Bid/Offer. The RFQ requestor may accept such RFQ response by submitting a corresponding Bid/Offer.
  - (iii) An Execution Specialist will act in accordance with a Participant's instructions, the Rules and Applicable Law.
- (4) Managed Orders. With respect to Non-Directed Voice RFQs only:

    - C. Time has passed and market conditions have changed sufficiently since the entry of the Managed Order such that the Managed Order should be cancelled. The following conditions must be met before a Managed Order is cancelled in the Order Book:
      - (aa) The Managed Order must be exposed to the Order Book for at least 15 seconds; and
      - (bb) A material change in the equilibrium price of the particular instrument has occurred as identified by any of the following:
        - i. New Bids/Offers, initiations of Voice RFQs, or responses to Voice RFQs indicating one or more Participants are willing to trade at a worse price; or

IGDL will not disclose any detail of a Block Trade that is not a Cleared Contract prior to the public dissemination of the Block Trade by the SDR.
- (e) Each Participant that is party to, or Intermediary for, a Block Trade that is not a Cleared Contract must record the following details of the transaction: the Contract (including the Delivery Month) to which such transaction relates; the number of Contracts traded; the price of execution or premium; the time of execution; the identity of the counterparty; and, if applicable, details regarding

the Customer for which the transaction was executed, as well as, if applicable, the Underlying Interest and whether the transaction involved a put or a call and the strike price. Upon request by IGDL, such Participant must produce satisfactory evidence, including the information referred to in the preceding sentence that the transaction meets the requirements set forth in this Rule.

(f) In accordance with NAL 14-118, expiring December 15, 2015, a Participant may execute a Block Trade that is a Cleared Contract either (i) via the Facility's voice RFQ procedures in Rule 305 (c), with the exception that there shall be no minimum number of required Participants to whom an RFQ must be sent, or (ii) as a Pre-Arranged Cross in accordance with the procedures in Rule 304, notwithstanding that the execution of the Block Trade does not occur away from the Facility's trading system. Each Block Trade executed pursuant to this Rule 308 (f) must involve Contracts listed by the Facility, be executed pursuant to the Rules and meet the Block Trade Threshold. The Facility will report each Block Trade transaction to the SDR as soon as technologically practicable. The Facility will not disclose any detail of such a Block Trade prior to the public dissemination of the Block Trade by the SDR.

(g) Any Block Trade in violation of these requirements will constitute conduct which is inconsistent with just and equitable principles of trade.

(h) Nothing in this Rule 308 shall prohibit a Participant from executing a transaction via the Order Book that exceeds the Block Trade Threshold. Such transactions will not receive treatment as Block Trades and will not be afforded a reporting time delay under Part 43 of the Commission Regulations.

#### **Rule 309 Reporting and Data Collection**

(a) In furtherance of Applicable Law, IGDL will capture and retain all transaction data, so as to be able to reconstruct all transactions within a reasonable period of time and to provide evidence of any Violations.

(b) In furtherance of Applicable Law, IGDL will retain records for all transactions executed on the Facility. This includes all Bids/Offers, RFQs and Pre-Arranged Crosses, whether accepted, unaccepted, cancelled or modified, and all acceptances of such transactions.

(c) In furtherance of Applicable Law, IGDL shall maintain an electronic transaction history database, which includes a history of all Bids/Offers transactions, and also includes: (i) all data that are input into the trade entry system; (ii) the categories of Participant or Customer for which each transaction is executed, including whether the Participant or Customer executed the transaction for its own account; (iii) timing and sequencing data adequate to reconstruct trading; and (iv) identification of each Participant or Customer to which fills are allocated.

(d) IGDL will use the electronic transaction history database to reconstruct trading and identify possible Violations. In furtherance of Applicable Law, IGDL will conduct an annual review of compliance with its audit trail and recordkeeping requirements and will identify Participants that may have failed to comply with such requirements. Such Participants will be subject to investigation by the Market Regulation Staff for possible disciplinary action. The annual review must include, but is not limited to, reviews of randomly-selected samples of front end audit trail data for order routing systems; a review of the process by which user identifications are assigned and user identification records are maintained; a review of usage patterns associated with user identifications to monitor for violations of user identification Rules; and reviews of account numbers and Customer Type Indicator Codes in transaction records to test for accuracy and improper use.

(e) All such information will be maintained by IGDL in a manner that protects it from unauthorised alteration, as well as from accidental erasure or other loss.

(f) IGDL will publish trading information as required by:

- (1) Core Principle 9, Commission Regulation § 37.901 and Part 16 of the Commission Regulations; and
- (2) FCA rules and MAR 5.8 and 5.9.

All specified swap data will be reported as provided under Part 43 and Part 45 of the Commission Regulations. IGDL will disseminate swap transaction and pricing data relating to Contracts to Participants no earlier than the transmittal of such information to a registered SDR.

#### **Rule 310 Bid/Offer Cancellation**

(a) A Participant can submit instructions to either cancel or modify a Bid/Offer which that Participant has placed on the Facility if that Bid/Offer has not yet been accepted. Upon receipt of instructions to cancel a Bid/Offer that has not been executed, a Trading Platform will withdraw the Bid/Offer and confirm the cancellation of the Bid/Offer. If a Participant modifies a Bid/Offer that has not been executed, IGDL will treat the modified Bid/Offer as a new Bid/Offer.

(b) IGDL will attempt to cancel or modify an existing Bid/Offer after a Participant enters a cancellation or modification instruction. However, the Bid/Offer may be executed before IGDL is able to cancel or modify it. If a Bid/Offer has been filled in whole or in part, a Participant may modify or cancel only that portion of the Bid/Offer (if any) that has not been executed. Once cancelled by IGDL, a Bid/Offer will not be executed.

(c) Upon suspension or revocation of a Participant's trading privileges by IGDL, any unaccepted Bid/Offer on the Facility for such Participant shall be cancelled by IGDL.

#### **Rule 311 [Reserved]**

#### **Rule 312 Enforceability of Transactions**

##### **(a) Settlement**

- (1) Each Participant or, where a transaction is on behalf of a Customer, the relevant Customer, is obligated to settle all transactions executed, pursuant to the Rules in this Chapter 3.
- (2) A transaction executed on the Facility or subject to the Rules shall not be void, voidable, subject to rescission, otherwise invalidated or rendered unenforceable as a result of:
  - (i) a violation by the Facility of Section 5h of the Act or Part 37 of the Commission Regulations;
  - (ii) any Commission proceeding to alter or supplement a rule, term or condition under Section 8a(7) of the Act or to declare an emergency under Section 8a(9) of the Act; or
  - (iii) any other proceeding the effect of which is to: (A) alter or supplement a specific term or condition or trading rule or procedures; or (B) require the Facility to adopt a specific term or condition, trading rule or procedure, or to take or refrain from taking a specific action.

(b) *Issuance of Facility Confirmations for Cleared Contracts.* Participants and Customers are obligated to submit for clearing all Contracts so required by the Act, Commission Regulations and any other applicable law. For Cleared Contracts, IGDL will provide the Trading Privilege Holder a Confirmation of all the terms of each transaction executed on the Facility at the time of execution; provided that where a Trading Privilege Holder is a Customer in an Intermediated Transaction, the

confirmation will be provided to the Intermediary in accordance with Rule 313 (c). The Confirmation provided by IGDL for Cleared Contracts will be the final legally binding confirmation of the terms of any transaction executed on the Facility and will supersede any conflicting confirmation or agreement provided to, or between, as applicable, Participants and Customers, regardless of when such other confirmation is provided.

(c) *Issuance of Facility Confirmations for Uncleared Transactions*

- (1) The economic terms specific to the transaction agreed by each Participant and/or Customer on the Facility with respect to an uncleared transaction shall be reflected by the Facility in a written communication (the "**Trade Communication**") issued to each applicable Participant and/or Customer. The Trade Communication, together with the documents and agreements (including, without limitation, ISDA master agreements, other master agreements, terms supplements, master confirmation agreements, and incorporated industry definitions) governing such transaction existing at the time of such commitment to which each Participant and/or Customer are party (the "**Terms Incorporated by Reference**") shall, taken together, for purposes of Commission Regulation 37.6(b), comprise all of the terms of such transaction and serve as a Confirmation of such transaction.
- (2) In satisfaction of the obligations imposed on IGDL under Commission Regulation 37.6(b), (i) each Trade Communication is deemed to incorporate the Terms Incorporated by Reference set forth in this Rule 312 (c), and (ii) each Participant and Customer hereby agrees that the provisions of Rule 312 (c)(3) shall govern any conflicting terms.
- (3) In the event of any conflict between (x) the Trade Communication and (y) the Terms Incorporated by Reference, the Trade Communication shall prevail to the extent of any inconsistency and each Trade Communication shall state the same.
- (4) Upon the request of IGDL, each Participant and Customer shall provide copies of the Terms Incorporated by Reference to IGDL.
- (5) Upon the request of the Commission, IGDL shall request the Terms Incorporated by Reference from the relevant Participant or Customer and shall provide such Terms Incorporated by Reference to the Commission as soon as possible after receipt from the Participant or Customer.

**Rule 313 Intermediated Transactions**

(a) Subject to Rule 305 (a)(6), Participants who are Intermediaries shall immediately enter into a Trading Platform all executable Orders received by telephone from their Customers, and shall immediately submit all RFQs and Pre-Arranged Crosses to an Execution Specialist. If an Order, RFQ or Pre-Arranged Cross cannot be immediately entered into a Trading Platform or submitted to an Execution Specialist, as applicable, an electronic record which includes the account identifier that relates to the account owner, time of receipt, and terms of the Order, RFQ or Pre-Arranged Cross must immediately be created, and the Order, RFQ or Pre-Arranged Cross must be entered into a Trading Platform or submitted to an Execution Specialist as soon as practicable.

(b) *Priority of execution.* Non-discretionary executable Customer Orders received by a Participant who is an Intermediary shall be entered into Facility in the sequence received. Non-discretionary Orders that cannot be immediately entered must be entered when the Orders become executable, in the sequence in which the Orders were received.

(c) IGDL shall provide all Confirmations of Intermediated Transactions to the Intermediary upon execution of the transaction. Except to the extent that IGDL sends Confirmations of Contracts directly to the relevant Customer, any Participant that transacts as an Intermediary for any Customer shall be

responsible for ensuring that such Customers receive all Confirmations of Contracts entered into on behalf of such Customers as soon as technologically practicable after receipt of the Confirmation from IGDL.

#### **Rule 314 Bunched Orders**

Bunched Orders must be allocated and recorded in accordance with Commission Regulation 1.35(b)(5) and the NFA's Interpretive Notice related to Compliance Rule 2-10. Bunched Orders may be entered using a designation for a group of accounts or suspense account number; provided, however that:

- (1) the Bid/Offer or Pre-Arranged Cross is being placed by a Participant who is, or is acting on behalf of, an account manager for multiple accounts eligible for post execution allocation; or
- (2) a written, pre-determined allocation scheme that defines the group of accounts has been provided to the Clearing Firm accepting or clearing the Bid/Offer or Pre-Arranged Cross prior to the time that such Bid/Offer or Pre-Arranged Cross is entered. In the latter case, if such information has not been provided to the Clearing Firm prior to the time of Bid/Offer or Pre-Arranged Cross entry, each specific account number must be provided to IGDL. Additionally, for all such bunched Bids/Offer or Pre-Arranged Crosses executed on the Facility, the final account-specific allocations must be provided to IGDL no later than the end of each trading day.

#### **Rule 315 IGDL Authority over Transactions**

(a) *IGDL Authority Regarding Cancellations, Price Adjustments and New or Offsetting Transactions*

IGDL has authority to cancel any transaction or adjust the price of any transaction executed on the Facility, or to execute or require the execution of a new or offsetting transaction: (i) when IGDL determines in its sole discretion such action is necessary to mitigate market disrupting events caused by the improper or erroneous use of a Trading Platform or by system defects; (ii) at any time IGDL determines, in its sole discretion, that allowing a transaction to stand as executed may have a material adverse effect on the integrity of the market; or (iii) in accordance with Rule 204 (h), Rule 315 (c), Rule 315 (d), Rule 315 (h), or Rule 315 (i). All decisions of IGDL regarding IGDL's cancellation of transactions or the adjustment of transaction prices and the execution of new or offsetting transactions shall be final, subject to Rule 315 (d).

(b) *Determination to Review a Transaction's Price*

- (1) IGDL may determine to review a transaction's price based on its independent analysis of market activity or upon a Participant's request. A Participant's request for review must be made (i) for an uncleared Pre-Arranged Cross, within one (1) Business Day of the execution of such transaction and (ii) for any other transaction executed on the Facility, within 5 minutes of the execution of such transaction. In the absence of a timely request for review, IGDL may determine whether or not a transaction will be subject to review in its sole discretion. Notwithstanding the foregoing, subject to Applicable Law, IGDL shall amend the terms of, or cancel, any transaction that the parties, together with the DCO, as applicable, mutually agree to amend or cancel, in the event that such amendment or cancellation is not submitted to IGDL within the applicable review period specified above.
- (2) If IGDL determines to review a transaction's price, it will promptly issue an alert to all Participants via a Trading Platform or electronic mail indicating that the transaction is under review.

(c) *Review of a Transaction's Price*

- (1) In reviewing a transaction's price, IGDL will first determine whether the price of the transaction is in the Non-Reviewable Range.
- (2) In applying the Non-Reviewable Range, IGDL shall determine the fair value price for the Swap at the time the transaction under review occurred. IGDL may consider any relevant information, including, but not limited to, the last transaction price of the Swap or a better Bid/Offer, a more recent price for a different maturity date, the price of the same or related Swap established in another venue or another market, the market conditions at the time of the transaction, the theoretical value of an Option based on the most recent implied volatility and responses to an RFQ.
- (3) If IGDL determines that the price of a transaction is inside the Non-Reviewable Range, IGDL will issue an alert indicating that the transaction shall stand as executed.
- (4) If IGDL determines that the price of a transaction is outside the Non-Reviewable Range, IGDL shall have the right, in its sole discretion, to cancel or adjust the price of such transaction.
- (5) The method of adjustment or cancellation of any Cleared Contract that is adjusted or cancelled pursuant to Rule 315 (c)(4) shall be the method provided for by the rules and procedures of the relevant DCO.

(d) *Alternative Resolution by Agreement of Parties for Transactions Reviewed for Price*

- (1) With the approval of IGDL, parties to a transaction that is under review for price or that has had its price adjusted may instead, together with the DCO, as applicable, mutually agree to cancel or otherwise adjust the price of the transaction.
- (2) With the approval of IGDL, parties to a transaction that is cancelled may instead, together with the DCO, as applicable, mutually agree to adjust the price of such transaction to a price within the Non-Reviewable Range.
- (3) Subject to sections (d)(1) and (d)(2), parties to a transaction that is cancelled or that has had its price adjusted may mutually agree to a cash adjustment.
- (4) Any cancellation or adjustment made pursuant to sections (d)(1), (d)(2) or (d)(3) must be reported to the Facility by the parties within one (1) Business Day and the parties must maintain a record of such adjustment.

(e) *Liability for Losses Resulting from Cancellations or Price Adjustments*

- (1) A party that through error or mistake enters a Bid/Offer, RFQ or Pre-Arranged Cross that results in a cancellation or price adjustment shall be responsible for demonstrated claims of realised losses incurred by persons whose transaction prices were cancelled or adjusted; provided, however, that a claimant shall not be entitled to compensation for losses incurred as a result of the claimant's failure to take reasonable actions to mitigate the loss.
- (2) A claim for a loss pursuant to this Rule 315 must be submitted to the Facility within one (1) Business Day of the event giving rise to the claim. IGDL will reject any claim that is not filed in a timely manner and such decision shall be final. Eligible claims shall be forwarded by IGDL to the party responsible for the Bid/Offer, RFQ or Pre-Arranged Cross that resulted in a cancellation or a price adjustment of a transaction and the Participant through which the transaction was submitted to the Facility. Such party, or Participant on

behalf of such party, shall, within ten (10) Business Days of receipt of the claim, admit or deny responsibility in whole or in part. Failure to respond to the claim within ten (10) Business Days shall be deemed a denial of liability.

- (3) To the extent that liability is admitted, payment shall be made within ten (10) Business Days. Unless otherwise agreed upon in writing by the parties, failure to make the payment within ten (10) Business Days shall be deemed a denial of liability for the purposes of this Rule 315. A copy of any such written agreement must be provided to IGDL.
  - (4) To the extent that liability is denied, the party making the claim may submit the claim for arbitration pursuant to Rule 702. Such claims must be submitted to IGDL within ten (10) Business Days of the date the party was issued notification that liability was denied.
- (f) The Non-Reviewable Ranges for all Swaps listed on the Facility are as follows:
- (1) Outright Contracts: Less than +/- 1.5 basis points.
  - (2) Package Transactions and individual components of Implied Package Transactions: Less than +/- 1.0 basis point.
- (g) *Records of Cancellations and Price Adjustments*
- (1) Cancelled transactions and any prices that have been adjusted shall be cancelled in IGDL's official records.
  - (2) Transactions that have had their price adjusted shall be reflected in IGDL's official records at the adjusted price.
- (h) *Review of Transactions for Errors*
- (1) If a Participant, Customer or Clearing Firm believes that any transaction in one or more Contracts was executed, cleared or rejected for clearing as a result of an Error, as defined in Rule 315 (h)(3), such person may request review of the transaction.
  - (2) Upon receipt of a request for review of a transaction, or if IGDL determines on its own initiative to conduct such a review, IGDL will review its records to determine if an Error occurred.
  - (3) IGDL may cancel or adjust the transaction, or execute or require the execution of a new or offsetting Cleared Contract under the procedures of Rule 315 (i), as appropriate, if the review described in this Rule reveals that:
    - (i) a Trading Platform or an Execution Specialist made a material mistake or that a mistake occurred as a result of a malfunction in a Trading Platform or by human error;
    - (ii) a Bid/Offer or RFQ or Pre-Arranged Cross was incorrectly displayed and/or executed and/or reported;
    - (iii) a Trading Platform, an Execution Specialist, Participant or Customer made a clerical or operating error or omission that caused a transaction to be rejected from clearing and void *ab initio*; or
    - (iv) a Clearing Firm or DCO rejected a leg of a Package Transaction for clearing because of the sequencing of submission for clearing of the legs of the applicable Package Transaction (each of the foregoing, an "Error").

- (4) If the review described in this Rule reveals that no Error occurred, IGDL will inform any person who requested the review that IGDL has determined that the transaction was properly handled, the evidence supporting that determination, and that a cancelation, adjustment or a new or offsetting transaction under Rule 315 (i) will not be made.
  - (5) IGDL will document in writing all requests for review of transactions received by IGDL, or any review on its own initiative, the time and manner in which IGDL reviewed its electronic audit trail in response to the request or review on its own initiative, the outcome of that review, and the action or actions taken by IGDL in response to that review.
  - (6) If a transaction is reviewable for price under Rule 315 (b), the procedures of this Rule 315 (h) shall not apply.
- (i) *Procedures for Correcting Errors.*
- (1) The procedures of this Rule 315 (i) are limited to:
    - (i) A Cleared Contract that was rejected for clearing and void *ab initio* because of a clerical or operational error or omission by IGDL, a Participant or a Customer (each, a “**Rejected Transaction**”),
    - (ii) A leg of a Package Transaction that was rejected for clearing because of the sequencing of submission for clearing of the legs of the applicable Package Transaction and only for such rejected leg (each, a “**Rejected Leg**”), and
    - (iii) A Cleared Contract that is carried on a DCO’s books as a result of a clerical or operational error or omission by IGDL, a Participant or a Customer that was not identified until after the Cleared Contract had been cleared (each, an “**Erroneously Cleared Transaction**”),in each case where the Facility has affirmatively determined that the transaction or a term thereof resulted from an Error.
  - (2) For Rejected Transactions and Rejected Legs, if a Participant, Customer or Clearing Firm believes that a transaction qualifies as a Rejected Transaction or a Rejected Leg, such Participant, Customer or Clearing Firm shall request review of the transaction pursuant to Rule 315 (h).
    - (i) Upon completion of the review of the transaction pursuant to Rule 315 (h), if IGDL determines that an Error resulted in a Rejected Transaction or a Rejected Leg and:
      - A. If IGDL is able to determine how to correct the Error, IGDL shall execute a new Cleared Contract with the same terms as the Rejected Transaction or Rejected Leg, other than the Error, without obtaining consent of the Participant that submitted the Rejected Transaction or Rejected Leg or the Customer on whose behalf such transaction was submitted. The new Cleared Contract must be submitted by an Execution Specialist as a Pre-Arranged Cross, and such Pre-Arranged Cross shall be subject to pre-execution credit check and risk screening pursuant to Rule 204 (b).
      - B. If IGDL is unable to determine how to correct the Error, IGDL shall consult with the Clearing Firms for the Rejected Transaction or Rejected Leg and the Participants and Customers involved in such transaction, as necessary, and the Clearing Firms for such transactions

may, with the consent of each respective Customer or Participant, agree to a new Cleared Contract with the same terms as the rejected Cleared Contract, other than the Error. Such Customer or Participant consent may not be obtained in advance, and must be sought and obtained by each Clearing Firm on a case-by-case basis, after the Cleared Contract has been rejected. If there is such agreement and consent, the new Cleared Contract must be submitted by the Participant specified in Rule 304 (b) as a Pre-Arranged Cross pursuant to the procedure in Rule 304 (b), and such Pre-Arranged Cross shall be subject to pre-execution credit check and risk screening pursuant to Rule 204 (b).

- (ii) Upon execution of such Pre-Arranged Cross by IGDL to replace a Rejected Transaction or Rejected Leg, IGDL shall submit the transaction to the DCO for clearing as quickly as technologically practicable, but in any case no later than 60 minutes from the issuance of the notice of rejection by the DCO to the Clearing Firms.
  - (iii) If the new Cleared Contract resulting from such Pre-Arranged Cross is rejected from clearing, it is void *ab initio* and no additional new Cleared Contract will be permitted to be submitted under the procedure in this Rule 315 (i)(2).
  - (iv) IGDL shall report Swap transaction data to the relevant SDR pursuant to Rule 309 (f) for a new Cleared Contract that clears with the same terms as the Rejected Transaction or Rejected Leg, as applicable, other than the Error, including: a Part 43 cancellation for the original transaction, a Part 45 termination indicating the original transaction is void *ab initio*, and swap transaction data pursuant to Parts 43 and 45 for the new Cleared Contract. Such data shall reference the original cancelled trade, indicate that it has been reported pursuant to the procedures described in this Rule 315 (i)(2) and link the original cancelled trade to the new trade for reporting to the relevant SDR under Part 43 and Part 45 of the Commission Regulations.
  - (v) The procedures in this Rule 315 (i)(2) are not available for Rejected Legs of Package Transactions that are rejected for clearing by a Clearing Firm or DCO because the Package Transaction as a whole failed to satisfy the applicable Risk-Based Limits.
- (3) For Erroneously Cleared Transactions, if a Participant, Customer or Clearing Firm believes that a Cleared Contract is carried on the books of a DCO as a result of an Error, such Participant, Customer or Clearing Firm may request review of the transaction pursuant to Rule 315 (h).
- (i) Upon completion of the review of the transaction pursuant to Rule 315 (h), if IGDL determines that an Error resulted in an Erroneously Cleared Transaction and:
    - A. If IGDL is able to determine how to correct the Error, IGDL shall execute a Cleared Contract that offsets the Erroneously Cleared Transaction carried on the books of the relevant DCO through the same Clearing Firms that cleared the Erroneously Cleared Transaction and IGDL shall execute a new Cleared Contract with the same terms as the Erroneously Cleared Transaction, other than the Error, in each case without obtaining consent of the Participant that submitted the Erroneously Cleared Transaction or the Customer on whose behalf such transaction was submitted; provided that, where an Erroneously Cleared Transaction did not satisfy the Risk-Based Limits of a

Participant's Clearing Firm, IGDL shall obtain the consent of the relevant Clearing Firm prior to executing such offsetting Cleared Contract. The new Cleared Contract must be submitted by an Execution Specialist as a Pre-Arranged Cross, and such Pre-Arranged Cross shall be subject to pre-execution credit check and risk screening pursuant to Rule 204 (b).

- B. If IGDL is unable to determine how to correct the Error, IGDL shall consult with the Clearing Firms for Erroneously Cleared Transactions and the Participants and Customers involved in such transaction, as necessary, and the relevant Customer or Participant may agree to execute a Cleared Contract that offsets the Erroneously Cleared Transaction carried on the books of the relevant DCO through the same Clearing Firms that cleared the Erroneously Cleared Transaction and to execute to a new Cleared Contract with the same terms as the rejected Cleared Contract, other than the Error. The new Cleared Contracts must be submitted by the Participant specified in Rule 304 (b) as Pre-Arranged Crosses pursuant to the procedure in Rule 304 (b), and such Pre-Arranged Crosses shall be subject to pre-execution credit check and risk screening pursuant to Rule 204 (b).
  - (ii) Upon execution of such Pre-Arranged Crosses by IGDL to offset an Erroneously Cleared Transaction and to enter into a new Cleared Contract, IGDL shall submit the transactions to the DCO for clearing as quickly as technologically practicable, but in any case no later than three days after the Erroneously Cleared Transaction was executed.
- (4) For the avoidance of doubt, the procedures of this Rule 315 (i) are not applicable to any transaction rejected by a DCO for credit reasons.

#### **Rule 316 Reporting Counterparty**

(a) For each Contract executed on or subject to the Rules, IGDL shall report creation data to an SDR, and shall include in such creation data the identification of the reporting counterparty. The reporting counterparty will be determined by IGDL, if possible, in accordance with Commission Regulation 45.8 (a) – (f) and in the event the counterparties to the Contract are of the same hierarchy level, the ISDA Reporting Party Rules. If IGDL is unable to determine the reporting counterparty in accordance with Commission Regulation 45.8(a) - (f) and the ISDA Reporting Party Rules, IGDL will identify the buyer of the Contract as the reporting counterparty in the creation data. By executing the Contract on the Facility, the counterparties agree to the use of the ISDA Reporting Party Rules and where necessary, the identification of the buyer as reporting counterparty, and waive the opportunity to agree separately upon a reporting counterparty and to receive notice from IGDL, as provided in Commission Regulation 45.8(d) and 45.8(f).

(b) **[NOT USED]**

(c) For each Contract executed on or subject to the Rules, the reporting counterparty and/or the relevant DCO is responsible for reporting continuation data to the SDR to which the creation data for the Contract was first reported in accordance with Commission Regulations 45.4 and 45.10.

## CHAPTER 4 TRADING STANDARDS

### **Rule 404 Pre-Execution Discussions and Pre-Arranged Transactions**

No Participant or Customer shall prearrange or pre-negotiate or non-competitively execute any transaction on the Facility except as follows:

- (a) Block Trades are not subject to this prohibition.
- (b) Permitted Transactions executed pursuant to Rule 304 are not subject to this prohibition.
- (c) Participants and Customers may engage in pre-execution discussions with regard to transactions executed on the Facility in accordance with Rule 305 (a)(7); provided, however, that:

  - (iii) to comply with a request of the Commission, the U.S. Department of Justice, any self-regulatory organisation, or an applicable prudential regulator, including but not limited to the FCA, or as otherwise required by law.

(d) Where a transaction is executed pursuant to Rule 315 (i), communications concerning such transaction shall not be considered pre-execution communications prohibited by this Rule 404.

#### **Rule 405 Manipulation and Price Distortion**

Any manipulation of the market in any Contract is prohibited. Bids/Offers entered into a Trading Platform or Pre-Arranged Crosses submitted to an Execution Specialist for the purpose of upsetting the equilibrium of the market in any Contract or creating a condition in which prices do not or will not reflect fair market values are prohibited and any Participant or Customer who makes or assists in entering any such Bid/Offer or Pre-Arranged Cross with knowledge of the purpose thereof or who, with such knowledge, in any way assists in carrying out any plan or scheme for the entering of any such Bid/Offer or Pre-Arranged Cross, will be deemed to have engaged in an act detrimental to IGDL or the Facility. Any other manipulative and disruptive behaviour not otherwise prohibited by the Rules is prohibited to the extent prohibited by the Act or Commission Regulations, including but not limited to Sections 6(c)(1) and (3), 9(a)(2), 4c(a)(5)(A) and (C) of the Act and Commission Regulations 180.1(a) and 180.2.

No Participant or Customer may engage in conduct in violation of Applicable Law or the rules of any DCO which clears a Cleared Contract in connection with or related to any transaction on or other activity related to the Facility.

#### **Rule 407 Acts Detrimental to IGDL etc.**

It will be an offence for a Participant or Customer to violate any Rule regulating the conduct or business of a Participant or Customer or any agreement made with IGDL, or to engage in any act detrimental to IGDL's operations or self-regulatory function or IGDL's ability to enforce its Rules or that are a failure to observe the proper standards of conduct expected of market participants.

#### **Rule 408 Position Limits and Position Accountability**

(a) IGDL may set and enforce such Position Limits or position accountability levels with respect to each Contract as IGDL deems necessary to reduce the threat of market manipulation or congestion.

(b) IGDL hereby adopts the Commission's Position Limits for any Contract for which the Commission has adopted a Position Limit. In no event will IGDL set its Position Limits at a level higher than the Commission's Position Limits.

- (c) For Permitted Transactions, IGDL may set and enforce position accountability levels or send the Commission a list of the Permitted Transactions transacted on the Facility.
- (d) All Participants and Customers must comply with all IGDL and Commission requirements regarding Position Limits or position accountability levels.
- (e) Each Participant required to file any report, statement, form or other information with the Commission pursuant to Commission Regulations concerning a Position Limit on any Contract or commodity underlying a Contract must simultaneously file a copy of such report, statement, form or other information with IGDL. Such information shall include, for Participants who are Intermediaries, information concerning the Customers for which transactions are made on the Facility.
- (f) Any Participant or Customer who exceeds an IGDL or Commission Position Limit by entering into a transaction on the Facility shall be deemed in Violation. In addition, any Participant or Customer entering bids or offers, if accepted, which would cause that Participant or Customer to exceed the applicable IGDL or Commission Position Limit, shall be in Violation.
- (g) Without limiting any provision of these Rules, IGDL shall have the authority to obtain from any Participant or Customer, on request, information with respect to all positions of such Participant or Customer in Contracts which are equivalent, for purposes of IGDL or Commission Position Limits, to those transacted in by the Participant on the Facility.

## CHAPTER 5 RULE ENFORCEMENT

### **Rule 501 Jurisdiction**

- (a) IGDL shall have the authority to initiate and conduct investigations, and prosecute Violations committed by Facility Subject Persons, and to impose sanctions for such Violations as provided in these Rules.
- (b) Each Participant and Clearing Firm, upon becoming a Participant or Clearing Firm and thereafter upon any change of address shall file with IGDL a written notice designating an address for receiving service of documents. If a Participant or Clearing Firm fails to designate such an address, service by mail to its address on file with IGDL shall be good service, and delivery thereof shall be deemed to have occurred as of the date of such mailing.

### **Rule 502 Facility Market Regulation Staff Powers and Duties**

- (a) It shall be the duty of the Compliance Function to enforce these Rules, and shall have the authority to inspect the books and records of all Facility Subject Persons and the authority to require any Facility Subject Person to appear before it to answer questions regarding matters being investigated by the Market Regulation Staff. The Compliance Function may also delegate such authority to Market Regulation Staff who shall consist of personnel of IGDL, and such other Regulatory Services Providers as IGDL may hire on a contract basis. The Compliance Function shall ensure that surveillance systems are established to monitor trading to prevent manipulation and price distortion. Such monitoring may be done by the Market Regulation Staff or a third party provider, and shall include real time monitoring and the ability to conduct comprehensive and accurate transaction reconstructions.
- (b) The Market Regulation Staff shall conduct investigations of possible Violations, prepare written reports respecting such investigations, furnish such reports to the Review Panel and conduct the prosecution of such Violations. An investigation must be commenced upon receipt of a request from any Regulatory Agency, its staff or receipt of information (such as data produced by automated surveillance systems) by IGDL that in the judgment of the Market Regulation Staff indicates a reasonable basis for finding that a Violation may have occurred or will occur. Absent mitigating factors, each investigation will be completed no later than 12 months after the investigation is opened. Mitigating factors include the complexity of the investigation, the number of firms or individuals involved as potential wrongdoers, the number of potential Violations to be investigated and the volume of documents and data to be examined and analysed by Market Regulation Staff.
- (c) If, in any case, the Compliance Function or another member of the Market Regulation Staff, designated for this purpose by the Compliance Function, concludes that there is a reasonable basis for finding a Violation, he or she shall present an investigation report concerning the matter to the Review Panel. The investigation report must include the reason the investigation was initiated; a summary of the complaint, if any; the relevant facts; Market Regulation Staff's analysis and conclusions; and a recommendation as to whether disciplinary action should be pursued. The report may also include the Facility Subject Person's disciplinary history at the Facility, including copies of any warning letters. The Market Regulation Staff may issue a warning letter, including for minor transgressions. However, no more than one warning letter may be issued to the same person found to have committed the same Violation more than once in a rolling 12-month period.
- (d) If, in any case, the Compliance Function or another member of the Market Regulation Staff, designated for this purpose by the Compliance Function, concludes that no reasonable basis exists for finding a Violation, he or she must prepare a written investigation report including the reason the investigation was initiated; a summary of the complaint, if any; the relevant facts; and Market Regulation Staff's analysis and conclusions. The Compliance Function or another member of the Market Regulation Staff may issue a warning letter in any case where it is concluded that no

reasonable basis exists for finding a Violation, without limitation on the number of warning letters issued to a person.

(e) Before presenting an investigation report to the Review Panel, the Market Regulation Staff may, in its sole discretion, inform the prospective Respondent that it intends to submit the matter to the Review Panel, and at such time the proposed Respondent may submit an offer of settlement to the Hearing Panel, in accordance with the procedures of Rule 509, prior to presentation of the investigation report to the Review Panel.

(f) IGDL has contracted with NFA to act as Regulatory Services Provider to provide certain regulatory services to IGDL, including reviews of the Facility's audit trail information for potential Violations. IGDL will retain ultimate decision-making authority with respect to any regulatory services to be provided by NFA.

(g) IGDL or its Regulatory Services Provider shall have the right with such prior reasonable advance notice as is practicable under the circumstances (unless in furtherance of regulatory purposes in which case without prior notice to Facility Subject Persons), in connection with determining whether all Rules are being, will be, or have been complied with by the Facility Subject Person, to: (i) inspect systems, equipment and software of any kind operated by the Facility Subject Person in connection with accessing, and the Facility Subject Person's transacting on, the Facility, wherever located; (ii) access, either physically or electronically, the systems, equipment, software, and the premises on which the systems, equipment, and software are located, any data stored in any of the systems or equipment, during the regular business hours; and/or (iii) copy or reproduce any data to which IGDL has access under this Rule. Each Facility Subject Person shall provide the Regulatory Services Provider with the same access to its books and records and offices as it is required to provide to IGDL under the Rules and Applicable Law.

### **Rule 503 The Review Panel**

(a) The Review Panel shall have the power to direct that an investigation of any suspected Violation be conducted by the Market Regulation Staff, and shall hear any matter referred to it by the Market Regulation Staff regarding a suspected Violation.

(b) The Review Panel shall be appointed by the Board, and shall be comprised of five persons, including at least two Participants and at least two non-Participants. In the case where the subject of the investigation is a Clearing Firm, at least one member of the Review Panel shall be a Clearing Firm. The Board shall appoint as chairman (the "**Review Panel Chairman**") of the Review Panel a person who would not be disqualified from serving as a "Public Director" as defined in Commission Regulations. Three panel members shall constitute a quorum for any action, so long as they are in attendance at the time of the relevant action. The Review Panel may not include any members of the Market Regulation Staff, or any person involved in adjudicating any other stage of the same Proceeding.

(c) All information, records, and documents provided to the Review Panel, and all related records and documents shall be treated as confidential and shall not be disclosed, except as necessary to further an IGDL investigation or as required by Applicable Law.

(d) Upon receipt of an investigation report, the Review Panel shall promptly review the report and, within thirty (30) days of receipt, take one of the following actions:

- (1) If the Review Panel determines that additional investigation or evidence is needed, it shall promptly direct the Market Regulation Staff to conduct further investigation;
- (2) If the Review Panel determines that no reasonable basis exists for finding a Violation or that prosecution is otherwise unwarranted, it may direct that no further action be taken.

Such determination must be in writing and must include a written statement setting forth the facts and analysis supporting the decision; or

- (3) If the Review Panel determines that a reasonable basis exists for finding a Violation and adjudication is warranted, it must direct that the Facility Subject Person alleged to have committed the Violation be served with a notice of charges as set forth in Rule 504.

(e) If the Review Panel determines that there may have been a Violation but that no adjudication is warranted, the Review Panel may issue a warning letter to the Facility Subject Person informing it that there may have been a Violation and that such continued activity may result in disciplinary sanctions. Where a Violation is determined to have occurred, no more than one warning letter for the same potential Violation may be issued to the same person during a rolling 12 month period.

#### **Rule 504 Notice of Charges**

(a) If the Review Panel determines that a reasonable basis exists for finding a Violation and adjudication is warranted, the Compliance Function shall serve a notice of charges (a "**Notice**") on the Facility Subject Person alleged to have been responsible for the Violation (such Facility Subject Person, the "**Respondent**"). Such Notice shall state:

- (1) the acts, practices or conduct with which the Respondent is charged;
- (2) the Rules allegedly violated and how such acts, practices or conduct constitute a Violation of such Rules;
- (3) that the Respondent is entitled, upon written request filed with IGDL, within twenty (20) days of service of the Notice, to a formal hearing on the charges;
- (4) that the failure of the Respondent to request a hearing within twenty (20) days of service of the Notice, except for good cause shown, shall be deemed a waiver of its right to a hearing;
- (5) that the failure of the Respondent to file an Answer (as defined in Rule 505) with the Market Regulation Staff within twenty days (20) of service of the Notice shall be deemed an admission of all of the acts, practices or conduct alleged in the Notice; and
- (6) that the failure of the Respondent to expressly deny a particular charge contained in the Notice shall be deemed an admission of such acts, practices or conduct.

(b) A Respondent shall have the right to be represented by legal counsel or any other representative of its choosing in all succeeding stages of the disciplinary process, except by any member of the Board, Review Panel or Hearing Panel, any employee of IGDL or any person substantially related to the underlying investigation, such as a material witness or Respondent.

#### **Rule 505 Answer; Request for Hearing; Failure to Answer or Deny Charges**

(a) The Respondent shall serve on the Compliance Function a written answer (an "Answer") to the Notice and a written request for a hearing on the charges within thirty days (30) of the date of service of the Notice. The Answer must include a statement that the Respondent admits, denies, or does not have and is unable to obtain sufficient information to deny each allegation. A statement of lack of sufficient information shall have the effect of a denial of the allegation.

(b) The Respondent's failure to file an Answer within such thirty (30) day period shall be deemed an admission of all allegations contained in the Notice.

(c) The Respondent's failure to expressly deny a particular charge contained in the Notice shall be deemed an admission of such acts, practices or conduct.

(d) The Respondent's failure to request a hearing within such thirty (30) day period, absent good cause shown, shall be deemed a waiver of Respondent's right to a hearing.

#### **Rule 506 Selection of Hearing Panel**

(a) Formal hearings on any Notice shall be conducted by the Hearing Panel selected by the Board. The Hearing Panel shall include at least two Participants and at least two non-Participants. In the case where any Respondent is a Clearing Firm, at least one member of the Hearing Panel shall be a Clearing Firm. The Board shall also select, as chairman of the Hearing Panel ("**Hearing Panel Chairman**"), a person who would not be disqualified from serving as a "Public Director" as defined in Commission Regulations. The Hearing Panel Chairman, in his or her sole discretion, shall set a date for the hearing (the "**Hearing Date**"). The Hearing Panel may not include any members of the Market Regulation Staff, or any person involved in adjudicating any other stage of the same Proceeding.

(b) The Hearing Panel Chairman shall notify the Market Regulation Staff and the Respondent of the Hearing Date and the names of the members of the Hearing Panel at least fifteen (15) days prior to the Hearing Date.

(c) No member of the Hearing Panel shall hear a case in which that member has a direct financial, personal or other interest in the matter under consideration.

#### **Rule 507 Challenge to Members of the Hearing Panel**

Within ten (10) days after service on the Respondent of notice of the Hearing Date and names of the members of the Hearing Panel, the Respondent may challenge, in writing, the inclusion of any member of the Hearing Panel for cause, including without limitation, if the member has a direct financial, personal or other interest in the matter under consideration. The merits of such challenge shall be finally decided by the Regulatory Oversight Committee. If said written challenge is not received within such ten (10) day period, absent good cause shown, any such right to challenge is deemed waived.

#### **Rule 508 Hearing on Sanctions in the Event of Failure to Deny Charges; Failure to Request Hearing Deemed Acceptance of Sanctions**

In the event the Respondent fails to file an Answer or admits or fails to deny the charge of a Violation contained in the Notice, the Hearing Panel shall find the Respondent guilty of each such Violation and may impose a sanction for each such Violation subject to the limitations set forth in Rule 511 (f). The Hearing Panel shall promptly notify the Respondent of any such sanction and of the Respondent's right to a hearing on the sanction within the period of time which shall be stated in the notice, after the imposition of such sanction. Failure to request a hearing on the sanction in a timely manner, absent good cause shown, shall be deemed to be acceptance of the sanction.

#### **Rule 509 Settlement Prior to Commencement of Hearing**

(a) Prior to the commencement of the hearing, the Hearing Panel may accept a written offer of settlement from the Respondent, whereby the Respondent, without either admitting or denying any Violations, may agree to:

- (1) a cease and desist order;
- (2) a fine for each Violation plus the monetary value of any benefit received as a result of the Violation (provided that in no case shall any fine exceed \$100,000 per Violation);
- (3) restitution of any counterparty harm; and/or
- (4) revocation or suspension of Trading Privileges or Customer or Clearing Firm status of the Respondent.

(b) If the Hearing Panel accepts an offer of settlement, it must issue a written decision specifying each Violation it has reason to believe was committed, including the basis for the Hearing Panel's conclusions. The sanctions must include full counterparty restitution where counterparty harm is demonstrated, except where the amount of restitution or to whom it should be provided cannot be reasonably determined. If an offer of settlement is accepted without the support of the Market Regulation Staff, the decision must adequately support the Hearing Panel's acceptance of the settlement. Where applicable, the decision must include a statement that the Respondent has accepted the sanctions imposed without either admitting or denying any Violations. Any sanctions imposed pursuant to an offer of settlement must take into account the Respondent's disciplinary history.

(c) The Respondent may withdraw an offer of settlement at any time before final acceptance by the Hearing Panel. If an offer is withdrawn after submission, or is rejected by the Hearing Panel, the Respondent may not be deemed to have made any admissions by reason of the offer of settlement and may not be otherwise prejudiced by having submitted the offer of settlement.

### **Rule 510 Hearing Procedures**

(a) In every instance where a Respondent has requested a hearing on a charge that is denied, or on a sanction set by the Hearing Panel pursuant to Rule 508, the Respondent will have the opportunity for a hearing in accordance with the procedures of this Rule.

(b) The Hearing Panel shall determine the procedures to be followed in any hearing before it, except that the following shall apply in every case:

- (1) The hearing must be fair and must be promptly convened after reasonable notice to the Respondent.
- (2) The prosecution shall be conducted by the Market Regulation Staff.
- (3) The Respondent shall be allowed to appear personally at the hearing, and to be represented by legal counsel or any other representative of its choosing and, either personally or through such representative, to present witnesses and documentary evidence and to cross-examine witnesses.
- (4) The Market Regulation Staff and the Respondent shall deliver to each other a statement listing the witnesses expected to be called and the documents expected to be introduced into evidence, together with copies of such documents, by ten (10) days' notice to the hearing or as the Hearing Panel may reasonably specify. Unless the Hearing Panel, in its discretion, waives compliance with this requirement, no witness may testify and no documentary evidence may be introduced into evidence unless listed in and, in the case of documents, furnished with such statement. On written request, the Market Regulation Staff shall provide the Respondent with access to all books, documents or other tangible evidence in the possession or under the control of IGDL which are to be relied upon by the Market Regulation Staff or which are relevant to the charges; provided, however, that protected attorney work product, attorney-client communications and investigative work product, including the investigation report, are neither discoverable by a Respondent nor subject to review by a Respondent as part of the investigation file.
- (5) IGDL shall require that persons within its jurisdiction who are called as witnesses participate in the hearing and produce evidence, and will make reasonable efforts to secure the presence of all other persons called as witnesses whose testimony would be relevant. Failure by a Facility Subject Person to so participate and produce evidence when requested by IGDL shall be a Violation.

- (6) No formal rules of evidence shall apply, and the Hearing Panel shall be free to accept or reject any and all evidence it considers proper, but the hearing may not be so informal as to deny a fair hearing.
- (7) Neither the Market Regulation Staff, the Respondent, any witnesses testifying before the Hearing Panel nor any other person within the Facility's jurisdiction shall engage in conduct that may impede the progress of a hearing or the fair and just resolution of the subject matter thereof, and any such conduct may itself constitute a Violation.
- (8) Ex parte contacts by any of the parties with members of the Hearing Panel shall not be permitted.
- (9) A substantially verbatim record capable of being accurately transcribed shall be made of the Proceeding, provided, however, that such record need not be transcribed, unless the transcript is requested by the Respondent or an applicable regulator, or unless the decision is appealed to the Commission or reviewed by the Commission on its own motion. In all other instances, a summary record of the hearing is permitted.
- (10) The cost of transcribing the record of the hearing must be borne by a Respondent who requests the transcript, or whose application for Commission review of the disciplinary action has been granted. In all other instances, the cost of transcribing the record will be borne by IGDL.
- (11) The Notice, the Answer, any stenographic transcript of the hearing, the documentary evidence and any other material presented to the Hearing Panel by either party with notice to the other shall constitute the record of the hearing (the "**Hearing Record**").
- (12) The burden of proof shall be on the prosecution to prove a Violation by a preponderance of the evidence. A finding of a Violation shall be made by majority vote based on the Hearing Panel's decision as to the weight of the evidence contained in the Hearing Record.
- (13) All sanctions imposed by the Hearing Panel must be commensurate with the Violations committed and must be clearly sufficient to deter additional similar Violations by the Respondent and similar Violations by other Facility Subject Persons. All sanctions must take into account the Respondent's disciplinary history. In the event of demonstrated counterparty harm, any sanctions must include full counterparty restitution, except where the amount of restitution or to whom it should be provided cannot be reasonably determined.

#### **Rule 511 Written Decision of Hearing Panel**

Promptly following a hearing conducted in accordance with Chapter 5 of the Rules, the Hearing Panel shall render a written decision based upon the weight of evidence in the Hearing Record and must provide a copy to the Respondent. The written decision shall include

- (a) a summary of the charges alleged in the Notice;
- (b) a summary of the Answer;
- (c) a summary of the evidence produced at the hearing or, where appropriate, incorporation by reference of the investigation report;
- (d) a statement of the findings and conclusions of the Hearing Panel with respect to each charge, and a complete explanation of the evidentiary and other basis for such findings and conclusions with respect to each charge;

- (e) an indication of each specific Rule that the Respondent was found to have violated; and
- (f) an order stating any sanctions imposed, including the basis for the sanctions, and the effective date of such sanctions; the sanctions that may be imposed on the Respondent shall be one or more of the following:
  - (1) a cease and desist order;
  - (2) a fine for each Violation plus the monetary value of any benefit received as a result of the Violation (provided that in no case shall any fine exceed \$100,000 per Violation);
  - (3) restitution of counterparty harm, except where the amount of restitution or to whom it should be provided cannot be reasonably determined; and/or
  - (4) the issuance of a suspension or revocation of Trading Privileges or Customer or Clearing Firm status of the Respondent.
- (g) The Hearing Panel shall take into consideration the Respondent's disciplinary history prior to imposing any disciplinary sanctions.

#### **Rule 512 Liability for Expenses**

Any Respondent that, after notice and opportunity for hearing, has been found to have committed a Violation may, in the discretion of the Hearing Panel appointed in the matter, be required to pay to IGDL an amount equal to any and all reasonable and documented out-of-pocket expenses incurred by IGDL in connection with the prosecution of such Violations, in addition to any fine or other monetary sanction which may be imposed upon such Respondent by virtue of the Violations found by the Hearing Panel.

#### **Rule 513 Effective Date of Sanctions**

- (a) If a Respondent submits an offer of a settlement to the Hearing Panel, any sanction included as a part of such settlement shall become final and effective on the date that the Hearing Panel approves such settlement, or on such other date as is specified in the decision.
- (b) Any decision (including any sanctions) by a Hearing Panel shall be the final decision of IGDL and shall become effective fifteen (15) days, or such longer time as the Hearing Panel may specify, after a copy of the written decision of the Hearing Panel has been served on the Respondent; provided, however, that in any case where the Respondent has consented to the action taken and to the timing of its effectiveness, the Hearing Panel may cause the decision involving any disciplinary action (including any sanctions) to become effective prior to the fifteen (15) day period.
- (c) Any fine or other monetary sanction imposed by a Hearing Panel shall be due and payable on the effective date of the decision imposing such fine or sanction, or on such later date as the Hearing Panel may specify.

#### **Rule 514 Summary Suspension**

- (a) A Facility Subject Person (as identified by Market Regulation Staff in an investigation or by a Trading Privilege Holder acting as an Intermediary for such Facility Subject Person) may be summarily and immediately suspended from trading on the Facility, upon a written determination based on a reasonable belief, by the Chairman of the Regulatory Oversight Committee that such immediate action is necessary to protect the best interest of the market place.
- (b) The Facility Subject Person against whom such summary action is taken shall be served with a notice of the action either before the action is taken or at the earliest possible opportunity thereafter.

The notice shall state the action taken, the reasons for the action, the effective date and time, and the duration of the action.

(c) The Facility Subject Person may as soon as practicable, upon written request, have a hearing before the Hearing Panel pursuant to the procedures of Rule 510.

(d) Promptly following the hearing, the Hearing Panel shall render a written decision based upon the weight of the evidence in the record and shall provide a copy to the Facility Subject Person. The decision shall include a description of the summary action taken, the reasons for the summary action, a summary of the evidence produced at the hearing, a statement of findings and conclusions, a determination that the summary action should be affirmed, modified or reversed, a declaration of any action to be taken pursuant to the determination, and the effective date and duration of the action.

#### **Rule 515 Extension of Time Limits**

Any time limit provided for in Rule 504, Rule 505, Rule 506, Rule 507, Rule 508, or Rule 510 may be extended by mutual consent of the Respondent and the Market Regulation Staff, or by the Hearing Panel Chairman.

## **CHAPTER 6 CONTRACTS TO BE TRADED**

### **Rule 601 Listing Procedures**

Any Trading Privilege Holder may propose to IGDL the listing of a Swap on the Facility by submitting a listing application to IGDL. The Chief Executive Officer shall have authority subject to complying with Rule 602 and to objectively justifiable commercial criteria, to submit the contract to the Commission, either with a request for prior approval, or with a self-certification.

### **Rule 602 Swaps Not Readily Susceptible to Manipulation**

Before the Chief Executive Officer submits a Swap to the Commission for prior approval or with a self-certification, the Chief Compliance Officer shall determine that the Swap is not readily susceptible to manipulation, and shall submit to the Commission the following information required by Appendix C to Part 38 of Commission Regulations to show that the Swap complies with Core Principle 3:

- (a) For cash-settled Swaps, documentation demonstrating that the settlement price index is a reliable indicator of market values and conditions, is highly regarded by industry/market agents, and is publicly available on a timely basis.
- (b) Where an independent, private-sector third party calculates the referenced price index, verification that the third party utilises business practices that minimise the opportunity or incentive to manipulate the cash settlement prices included in the index.
- (c) Where IGDL generates the cash settlement prices included in the index, information demonstrating that the calculation procedures safeguard against potential attempts to artificially influence the price, and a description of how the calculation procedures eliminate or reduce the impact of potentially unrepresentative data.
- (d) Appropriate speculative limits to prevent manipulation.
- (e) Procedures for intraday market restrictions that pause or halt trading in the event of extraordinary price moves that may result in distorted prices.

**CHAPTER 7**  
**GOVERNING LAW, JURISDICTION AND DISPUTE RESOLUTION**

**Rule 701 Choice of Law**

The laws of England and Wales, without regard to its conflict of laws principles, will govern this Rulebook and all disputes arising out of or related to IGDL, the Facility or any transaction on the Facility.

**Rule 702 Disputes Among Trading Privilege Holders, Authorised Traders, Authorised Trading Firms and Customers**

All disputes between and among Facility Subject Persons that arise out of or relate to IGDL or the Facility or any transaction that was made or attempted to be made on the Facility shall be resolved exclusively in the courts of England and Wales, save for in the following circumstance:

- (1) if all parties to the dispute are members or associates of the NFA, the dispute will be resolved in NFA Member Arbitration; or
- (2) if all parties separately agree to another forum, the dispute will be resolved in the other forum.

**Rule 703 Disputes with IGDL**

(a) Subject to Rule 102., all disputes between and among IGDL on the one hand, and Facility Subject Persons on the other hand, that arise out of or relate to the Facility, or any transaction that was made or attempted to be made on the Facility, shall be resolved exclusively in the courts of England and Wales. Suit on any such dispute must be brought within one year from the time the cause of action has accrued.

(b) Any current or former Facility Subject Person who does not substantially prevail in a lawsuit or any other type of legal proceeding instituted in a court of law or otherwise against IGDL or any of its officers, directors, committee members, volunteers, employees or agents, shall pay to IGDL any and all reasonable expenses and disbursements, including reasonable attorneys' fees, incurred by IGDL to defend such lawsuit or proceeding.

For Off-the-Run Contracts, it can be any date of the month, subject to the provisions of the Business Day Convention. Roll Day marks the start of a new interest accrual period, and is the date on which a Reset Rate takes effect.

Floating Reset Dates

- Dates utilized to determine the Floating Rate amounts for each interest accrual period during the Tenor of the contract. Except in the case of a Stub Period, the Reset Date is aligned with the floating rate frequency as determined.

First Period Fixing Date

- For Spot Starting swaps, the Interest Rate for the first interest period is fixed on the Trade Date, for both Floating and Fixed Rates.
- For Forward Starting swaps, the Fixed Rate for the first interest period is fixed on the Trade Date, and the Floating Rate for the first interest period is fixed 2 business days prior to the first floating payment date, taking into account agreed non-working days

Stub Period Rate

- For swaps with partial year Tenors, an interest period that is shorter than the standard underlying Floating index interest periods may occur between the Effective Date and the first or last Roll Date (known as a Stub Period). In these cases, the Interest Rate for such Stub Period is determined using linear interpolation based on the two index rates that surround the Stub Period this can be applied either at the start or end of that period: Front or Back.

  - Fixed Leg
    - Payment amount on the fixed leg is based on the traded price and notional amounts of the swap on Trade Date. Payment timing on the fixed leg is based on the Payment Frequency, Day Count Convention, Business Day Convention, and Roll Day.
  - Floating Leg
    - Payment on the floating leg is based on the Interest Rate and notional amounts of the swap. Payments on the floating leg are based on the Payment Frequency, Day Count Convention, Business Day Convention, Roll Day Convention and Floating Reset Dates.

### Rule 801(5) — Non Deliverable Swaps

An NDIRS/NDS trade has many trade terms. For example, notional amount, fixed interest rate, floating rate, reference rate, holiday convention, etc. The deal is agreed on the basis that net settlement will be made in USD, or another fully convertible currency, to reflect any differential between the agreed fixed rate and the actual floating rate on the settlement dates. Both NDS and ND IRS are quoted as Offer/Bid. For ND IRS the fixed leg is quoted, hence it is a Fixed Income Swap.

#### ND IRS

- An agreement between two parties (known as counterparties) where one stream of future interest payments is exchanged for another based on a specified principal amount. Interest rate swaps often exchange a fixed payment for a floating payment that is linked to an interest rate (most often the LIBOR). The interest rate cash flows are net settled in a major currency on fixing date. A company will typically use interest rate swaps to limit or manage exposure to fluctuations in interest rates, or to obtain a marginally lower interest rate than it would have been able to get without the swap.
- Interest rate swaps are simply the exchange of one set of cash flows (based on interest rate specifications) for another. Because they trade OTC, they are really just contracts set up between two or more parties, and thus can be customized in any number of ways.

#### ND OIS:

- In Singapore, India IRS is traded as ND OIS.

#### NDS

- NDS typically refers to a non-deliverable cross currency Swap where the two legs are a major currency and a non-convertible currency: Periodic interest amount of the two legs are exchanged and converted into a Major currency for net settlement after fixing. NDS can also refer to a non-deliverable interest rate swap, with similar features to IRS, except that the interest rate cash flows are net settled in a major currency on fixing date.

#### Cross Currency Swap (CCS)

- On THB from time to time we see CCS being traded onshore. A CCS, also referred to as cross currency interest rate swap is an agreement between two parties to exchange principal and interest payments denominated in two different currencies. The exchange of interest rate can be in the form of fixed to fixed rate, or floating to fixed rate, or floating to floating rate.

#### Contract Size

- Minimum notional size is dependent on the associated Risk. It is represented in terms of DV01. For Emerging Markets ND IRS and NDOIS the minimum is 5K DVO1. For NDS the minimum size is considered USD 5 Mio.

#### Risks associated with interest rate swaps

- A party entering a swap takes on exposure to a given interest rate; the exposure can be long or short depending on whether a counterparty is paying or receiving the fixed rate. At the same time, each party take on the risk known as counterparty credit risk – of the other party defaulting at some time during the life of the contract.

  - Option maturities are by default, calculated using the Mexican TIIE 28-day calendar but can be date specific or conform to regular calendar maturities. Maturities are calculated from the trade date (T0) to the expiration date.
- Mexican TIIE calendar example:
  - In the case of a six month option using the 28-day TIIE calendar, option expiration will occur 168-days (6 coupons of 28-day TIIE) (T+168) from the trade date (T0).
    - T0 = September-23-2005
    - Expiration = March-10-2006 12:30pm New York time.
  - In the case of expiration falling on a holiday, the expiration date will be adjusted according to Mexican business day following convention.
- USD Swap Option example:
  - In the case of plain vanilla calendar year calculations, a six-month option expiration will be calculated as the date exactly six calendar months after the trade date (T0).
    - T0 = September-23-2005
    - Expiration = March-23-2006 12:30pm New York time.

- In the case of a MXN option, using this calendar with expiration falling on a holiday, the expiration date will be adjusted according to Mexican business day modified following convention.
- Option Settlement:
  - Currently, in the event of option exercise the physically delivered Interest Rate swap has an effective date one Mexican business day following option expiry.
- Cash Settlement:
  - ICAP is currently taking the initiative in creating a daily Interest Rate Swap fixing mechanism to allow counterparties to cash settle swaptions: dramatically reducing the trade's credit profile. ICAP is currently the calculation agent for USD swap fixings.

#### TIIE Caps & Floors

- MXN TIIE caps and floors share the exact same payment calendar as TIIE interest rate swaps except for the initial TIIE reference. Caps and floors initially reference TIIE on trade date + 28 days, providing for one less calculation period than the corresponding interest rate swap maturity. Intrinsic value, if any, for each caplet or floorlet, is paid by option writer to option buyer in arrears for each subsequent calculation period on an Actual/360 day count basis using a following Mexican business day payment convention.
- Premium Payment:
  - Paid in MXN by buyer to option writer value one Mexican business day following trade date (T+2).

#### UDI/LIBOR Cross Currency Swap

- The UDI vs LIBOR cross currency swap is structured as MXN peso fixed vs USD LIBOR floating swap where the MXN rate is paid as a Real rate of interest calculated to a Mexican Peso notional that is adjusted periodically to inflation using the UDI Index. The UDI Index is published on Reuters Page MEX14, Bloomberg and can also be found on the Banxico website, and is adjusted on a daily basis according to published inflation rates. Although UDI/LIBOR swaps are quoted in USD the value of the UDI Index in tandem with the fair value of Spot USD/MXN at the trade's inception, allows us to determine the structure's UDI notional amount which in turn enables the counterparties to adjust the MXN notional to inflation for each relevant calculation period. The UDI notional is calculated as follows:
  - $\text{USD Notional} \times \text{Spot USD/MXN} / \text{UDI Index}$  as published for value spot.
  - The structure of this swap requires an initial and final exchange of currencies.
    - Initial Exchange:
      - The UDI rate payer sells USD notional to the USD rate payer
      - The USD rate payer sells USD x Spot F/X in MXN to the UDI rate payer
    - Final Exchange:

- The UDI Rate Payer sells UDI Notional to USD Rate Payer
- The USD Rate payer sells USD notional to the UDI rate payer.
- The vanilla structure is: Effective date value spot. Semi-annual coupons of UDI vs 6-month USD LIBOR paid in arrears on an Act/360 modified following day count basis. The most traded maturity is currently the 10-year.
- On occasion UDI swaps are traded with 28-day TIIE as the floating rate. Price is adjusted using the LIBOR/TIIE cross currency basis swap value for the equivalent maturity vs the UDI/LIBOR fair value.

### **TIPS Asset Swaps**

Several variations of the inflation asset swap structure exist. In its simplest form it can be treated as consisting of two separate trades. In return for an upfront payment of par (par inflation asset swap) or the dirty price (market asset swap), the asset swap buyer:

Receives an inflation-linked bond from the asset swap seller. Typically the bond is trading away from par. Depending on the passed life of the trade the bond can trade substantially away from par.

Enters into a series of inflation swaps (equivalent to the OTC inflation bond described in Section 7.1) to pay the asset swap seller inflation coupons equal to that of the asset. In return the asset swap buyer receives regular floating rate payments of Libor plus (or minus) an agreed fixed spread. The transaction is shown in Figure 7.6. The fixed spread to Libor paid by the asset swap seller is known as the asset swap spread and it is set at a breakeven value such that the net present value of the transaction is zero at inception.
