INTRODUCTION

1.1. General

The fees detailed in the rate card corresponds to:

- Execution fees for the transactions executed in the venue
- Trade registration fees for the transactions registered with the venue

The fees payable by a Participant will be calculated monthly in arrears and are payable upon presentation of an invoice. For further details on payment of fees, please refer to the Terms of Business on the Operator's Web site: <https://regulatory.tpicap.com/tpicap/eu/tpicapeumtf>.

The FX rate used for all fee calculations and invoicing is the Spot Closing Middle Rate on the last UK Business Day of the calendar month in which the relevant fees were incurred, as published in the London Financial Times.

Participants are responsible for the payment of any applicable taxes and charges of any public agency or authority, including without limitation any financial transactions tax or value added tax, which are in addition to the Venue Fees.

Fees for venue data services are published at the following URL and are charged for separately by TP ICAP Transparency : <https://www.tpicapmifidiidata.com/documentation>.

1.2. Execution Fees

Transactions arranged within the TP ICAP EU MTF will be subject to an execution fee, as specified for the relevant Product below. Depending of the product, the execution fee can be either a commission invoiced at the end of the month or a spread included in the price of the transaction.

1.3. Trade Registration Fees

Transactions registered with the TP ICAP EU MTF will be subject to a trade registration fee, as specified for the relevant Products below. The trade registration fees are cumulative by Product class (e.g., there is a trade registration fee payable for each of the Corporate Bond Products and the Government Bond Products classes set out below).

1.4. Discounts/Incentives

If the execution fees incurred by a Participant exceed the discount thresholds specified for the relevant Product, in a calendar month, then the discounts shown shall be applied to the execution fees payable by the Participant in the relevant month.

Discounts for execution fees, as shown in this document, are calculated at the end of the calendar month in which the relevant fees were incurred and included in the applicable invoices. Trade confirmations will reflect the gross, undiscounted amount of the execution fee for the relevant Transaction, and any applicable discounts will be shown in the relevant invoice only.

1.5. Co-Location

The Operator has outsourced the hosting of its servers to Equinix UK. It is possible to obtain information about co-location of servers, with standardised rates, from Equinix UK. Please contact a relationship manager for more information.
